Subject: Korff revised petition

Esteemed Councilors,

It is deeply disappointing that the Orr Block developer chooses to abuse the residents of Newtonville with a revised plan that makes minimal changes in an attempt to circumvent the Council and Newtonville resident who oppose the size and scope of this project.

It has been reiterated: that Mr. Korff planned a project that would yield for him maximal financial compensation without pre-approval from the Council or abutters was foolhardy. Neither the Council nor Newton residents should encourage or accommodate this kind of gambling.

There is no justification or benefit to the city to rezone this property to mitigate his poor judgement. Please hold Mr. Korff to the BU1 and BU2 by-right zoning under which he purchased these properties. It is irresponsible to do otherwise.

Kind regards,

Lynne LeBlanc
