**Subject:** Orr Block - Rezoning Vote (for City Councilors)

To all City Councilors,

I wrote a couple of months ago to request that the Councilors vote against rezoning the Orr Block. I am writing again because I think that all people who are against the land being rezoned are being accused of being against all development and I don't think that accurately reflects many people's view. I am not against all development but feel strongly that a building taller than three or four stories is not appropriate for that parcel of land. Please do not rezone that block.

I also hope that the City is doing its best to work with the MBTA and commuter rail company to not further reduce the number of trains that stop in Newtonville.

Thank you.
