To Newton City Councillors:

While I live on the south side of town, in Newton Highlands, I am strongly opposed to the Orr Block project proposed for Newtonville--as I am the oversized, inappropriate projects planned along Needham Street. All of these development initiatives around the city are attacks on the character of Newton and rewards for developers at the expense of a decent quality of life for residents. I am a 30-year home owner and have watched our once-quieter city morph into an over-developed one. Please step back and think strategically about the implications of this! Many thanks in advance for your time.
