Dear Mr. Olson,

Would you kindly forward today the following message to all the members of the City Council, and make it part of the official record (and posted on the City's website) in the matter of "Washington Place"? Thank you so much.

Yours truly,

Dear Members of the City Council,

I am aware that another resident is collecting examples of newspaper coverage of Mr. Korff's developments in other municipalities in Massachusetts in which residents have protested and been left very unhappy with the projects and the tactics used to force them through. If you have not yet received that information, I think it will be coming very soon. For now, I want to share with you just one of the many examples of residents feeling ill-used by Mr. Korff's property speculation ventures. This is from our neighbors next door in Watertown:

Please do not give an MU4 re-zoning to Mr. Korff. He does not have the best interests of your constituents, or of Newton as a municipality at heart. Not at all. Thank you for considering this information.

Yours truly,  
Kathleen Kouril Grieser
