Subject: Orr Project

Hi David,  
Please forward my email to all the city councilors.

If a developer buys a property they should not be asking for re-zoning. This project will be taking away the quaintness of the Newtonville village. Century old buildings should not be destroyed for an ugly new development. The project is too big and current residents that rent will be forced to move.

Newton will not be the garden city, but people will refer to it as the construction Mecca bowing down to the contractors.

Regards,  
Nancy Finn  
Ward 4
