We are not able to attend the meeting tonight and want to express our opinion:

We support the plan approved by the City of Newton for 20 Burrage Road that did NOT include a garage support the two parking spots that had been approved by the City, one on Burrage and one on Alderw we think the house is oversized for the lot and does not fit the character of the neighborhood. We are this builder has devalued the Sostek's property and severely impacted their access to their own home
