Dear City Council Members,

I am writing to you to express my full support of the Washington Place Development. This corridor of Newton is very run down and in desperate need of revitalization.

I believe the proposed project will add many betterments including the wider sidewalks and park like setting, as well as fulfilling the desperate need for rental units for the increased population of empty nesters wanting to remain in the community.

I am excited to see this project get off the ground and I look forward to attending the many art and music events to be hosted in the courtyard.

Thank you for your time and attention!

Best,

Joan Barsamian
