

Exhibit 3 – Service Area (Pursuant to Section 30-36(e)(2))

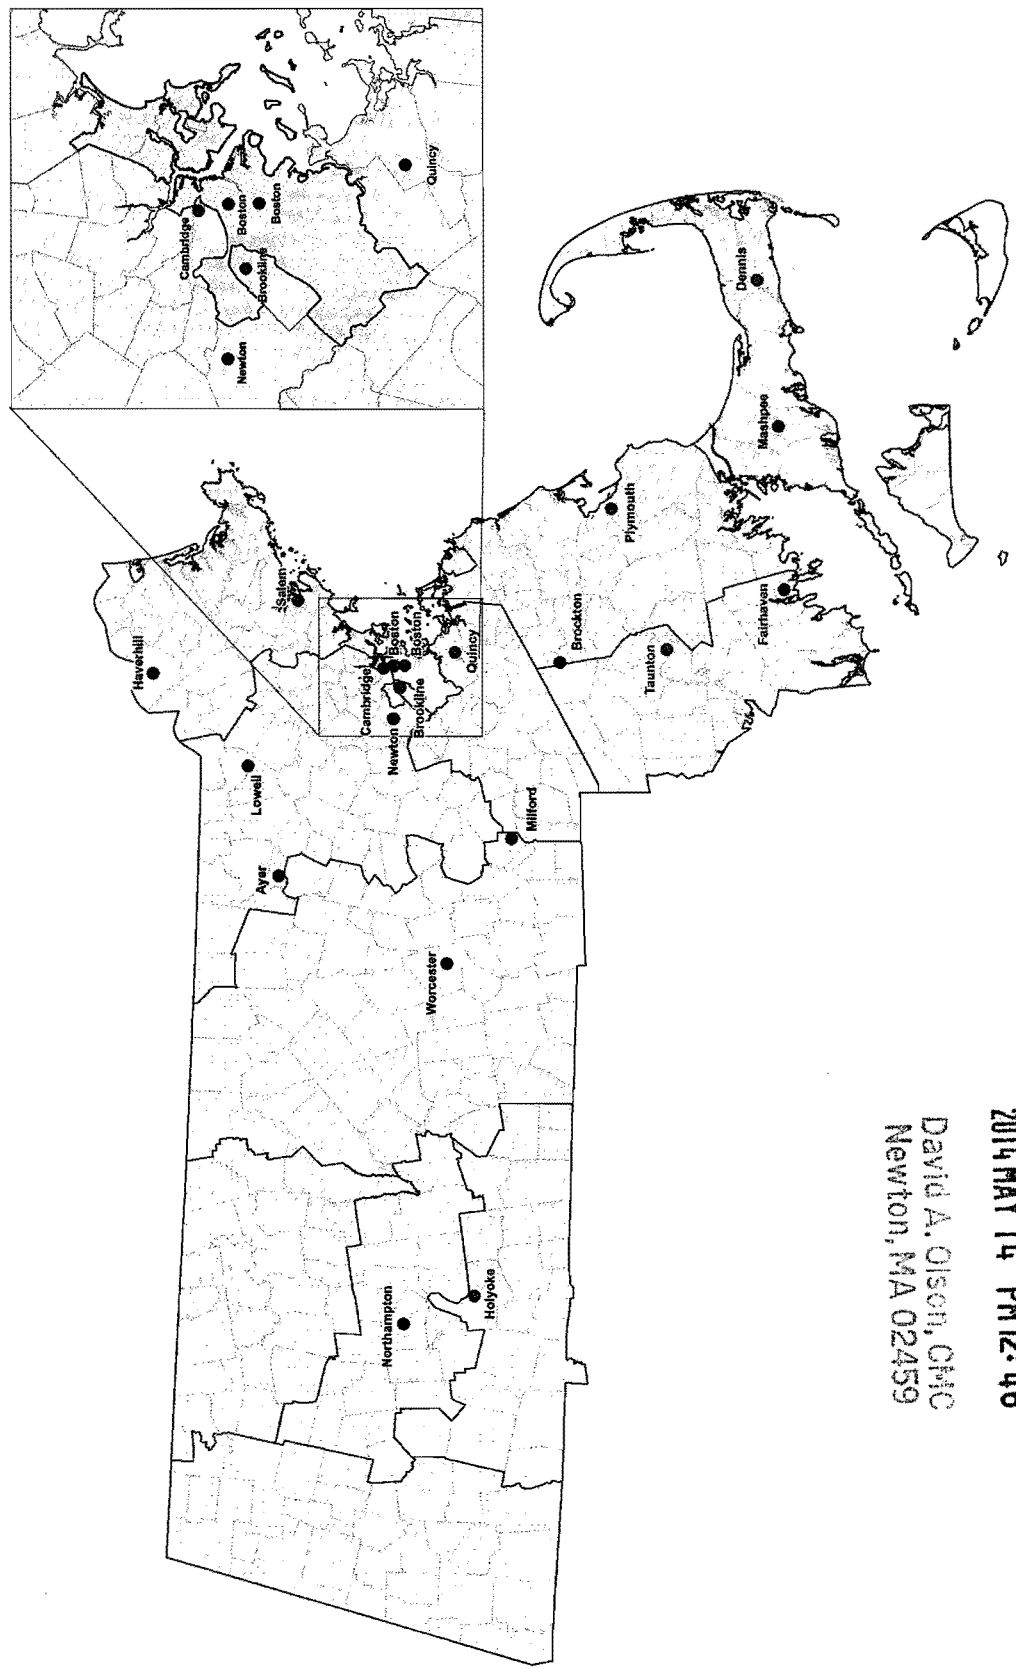

The applicant anticipates serving primarily Newton residents. However, due to the limited number of licenses available at the time being, it may also serve residents of neighboring communities. It is impossible to predict at this time how many patients will register with the DPH. Garden Remedies is one of four dispensaries to receive provisional licenses in Middlesex County; the other dispensaries will be located in Lowell, Ayer and Cambridge. There will also be dispensaries in Brookline and Quincy. We have attached a map showing the locations of the twenty recipients of provisional licenses throughout Massachusetts.
