In reference to the above site, I have the following comments for a plan entitled:

*Special Permit Plot Plan
1099 Walnut Street
Newton, MA
Prepared by: Allen F. Paige
Dated: April 30, 2010*

Executive Summary:

It appears that there are no improvements in regards to utilities, drainage or site grading; therefore the Engineering Division has no issues at this time.

Note: If the plans are updated it is the responsibility of the Applicant to provide all City Departments [Conservation Commission, ISD, and Engineering] involved in the permitting and approval process with complete and consistent plans.
