Re: #109-14 Special Permit To Extend a Non Conforming Structure – 11 Solon St., Newton Highlands

We are writing this letter on behalf of our neighbor – George Salles at 11 Solon St. Newton Highlands – fully supporting his proposed addition.

George and his family are preparing an addition to their kitchen, which Nasreen and I consider a positive improvement to our community. We live directly along 11 Solon's northern border and would overlook the proposed addition. We have no objection and believe this will be a welcome upgrade to the neighborhood.

Please consider our positive assessment in approving this special permit.

Regards,

Nasreen Quibria

Michael Arroyo
