ATTN.: David A. Olson, Clerk of the Board

Dear Sir:

Please add my name to my neighbors' petition which states that we are in favor of NOT changing the zoning classification of 114 River Street at this time in conjunction with the proposed special permit development on Elm Street.

Please let me know if a hand-written signature is required or if this email is sufficient for my name to be included in the abutters' opposition to the re-zoning.

Thank you,  
Jane Galli
