Subject: 112 exeter meeting tonight

Dear Mr. Hess-Mahan

I would like to share the neighborhood concerns about the size and design of the project of the Pedder residence at 112 Exeter. While we all have had constructive conversations with the Pedders, and we would like to see the special permit granted so the project can proceed, we would like to see some further discussion before all the issues get lost in the confusion of building. Essentially, as neighbors we share the concerns regarding the design and shape of the windows and the central window.

Thank you for your attention.

Sincerely

anu gulati
