RE: Development at 131 Otis St  
Date: August 13, 2013

Greetings,

I came to the meeting this evening to speak in support of the Fallon Development proposal for 131 Otis St. Unfortunately, I didn't realize it would be such a late evening.

I have spoken with Peter Fallon and met him on the site to discuss my concerns about privacy and trees. He addressed my concerns and I believe he has been willing to hear the concerns of the neighbors. I am in support of his proposal.
