Ladies and Gentlemen:

I write to request that your Honorable Council amend my docket request to replace both the City's financial software, as well as the permitting and licensing software, with a request to replace only the financial software. Additionally, please amend the funding request from \$2,059,012 to \$1,507,105.

While it is imperative that the City move forward with the replacement of the financial software as soon as possible, we are going to revisit the permitting/licensing software solution.

Thank you for your consideration of this matter.

Re: Request for Funding to Upgrade our Financial and Permitting Systems

RECEIVED

Newton, MA 02459

Hello Maureen,

As previously discussed, and on behalf of the Information Technology Department as well as to the benefit of the entire City of Newton, I am respectfully requesting funding to upgrade our Financial System to Tyler Technology's Munis.

My justification is as follows:

Financial Upgrade

- We created a Financial System Replacement Committee comprised of key representatives of many departments covering the myriad varying interests and requirements of a municipal financial information system. Concerns of the group were listed and addressed in our many meetings.
- We have had over a dozen demonstrations by Tyler Technologies, the owners of Munis software; we have had broad overview demonstrations for large groups such as the steering committee as well as very task specific demonstrations explicitly tailored for various audiences such as the Comptroller, Purchasing, School and Retirement departments.
- We strongly believe that using Munis for "both sides of the ledger" will provide significant advantages to the city both in productivity as well as in our ability to best serve the public. Consolidation of these silos will lead to an elimination of bridges spanning both sides of the general ledger bringing value in the form of cost savings, efficiency and reduced administrative tasks.
- Numerous meetings were held with our existing Financial System specialists to discuss the many customizations to our existing system and to understand how each and every concern would be addressed by Munis. The results were satisfying.
- With over 160 Massachusetts municipalities using Munis right now, the system is a well-oiled machine when it comes to meeting the needs of Mass cities and towns as well as the laws of the Commonwealth.
- Among our committee was former IT and FIS Director Ann Cornaro bringing her 44 years of financial software experience to the table. In an informal discussion, our former City Comptroller strongly encourages us to pursue the Munis solution.

The total of this request amounts to \$1,507,105.

Maureen, as always, thank you for your consideration.

I am readily prepared to supply further details as required by you or the City Council.

If I may be of further assistance in answering any questions or for further clarification, I am always available at your convenience.

Thank you,
Joe

Ladies and Gentlemen:

I write to request that your Honorable Council docket for consideration a request to authorize the appropriation of the sum of \$192,000 and authorize a general obligation borrowing of an equal amount to replace the current Parks & Recreation Trash Truck with two F-550 6 cubic yard packers – one for trash and one for recycling.

Thank you for your consideration of this matter.

Sincerely,

Setti D. Warren

ROBERT J. DERUBEIS
COMMISSIONER

October 23, 2017

Honorable Mayor Setti D. Warren
Newton City Hall
1000 Commonwealth Avenue
Newton, Mass. 02459

Dear Mayor Warren:

I am writing to respectfully request that you docket with the Honorable City Council for consideration a request to appropriate and expend \$192,000.00 to cover the cost of purchasing two trash/recycling trucks. The trucks are 2018 Ford F550 w/6 cubic yard New Way packer body.

The use of new trash/recycling trucks are key equipment components not only for the public space Bigbelly solid waste program but also for various Citywide programs and large City events. They are used daily in collection operations and two separate trucks will aid in more effective and efficient operations.

Sincerely,

Robert J. DeRubeis
Commissioner

Newton, MA 02459

Dear Sir or Ma'am,

I am in receipt of bill #2017057 dated 9/12/17 for \$3400.00. I would like to appeal this bill as it was authorized and completed prior to my purchasing of the home. Here are the specific details of how this transpired:

- 2015- Previous home owners applied for a curb betterment installation
- 5/13/2015- Curb betterment was completed
- 11/7/16- 321 Central Street sold to Gregg Nelson and Melissa Parente
- 2/21/2017-Betterment work went on record by the city
- 9/12/17 \$3400.00 bill shows up to new homeowners

When we purchased the home we did a title search and there were no outstanding liens on the property. I am appealing this bill for several reasons. First, it was authorized and completed during the tenure of the previous owners, so they should be responsible for it. Second, it seems completely unreasonable for it to take 21 months for the recording and bill to be processed. If the recording and bill had been processed in even 12 months, it would have gone to the previous homeowners who would have either paid it or asked for an abatement. If they had requested an abatement, potential buyers would have had the opportunity to know about this as well as negotiate it with the previous homeowners. Given that we didn't authorize this work or receive any notification about it based on a title search, it seems unreasonable to expect us to pay for it.

I agree with the position that the curb upgrade is an overall benefit to the house value. However, the previous owners did many things to make the home desirable. Shall I expect a bill at some point in the future for the lovely landscaping they completed? Or for the beautiful stone steps? Of course note. Those are all items we fell in love with, and paid for when we purchased the home. I can't help but feel that the city of Newton was quite delinquent on their own paperwork and is now trying to railroad a new homeowner into paying a bill that should have been dealt with years ago. I would be happy to discuss this with someone in person. Please feel free to contact me at 415-885-9032. Thank you.

Sincerely,

Melissa Parente

#30-17 Increase the staff at the Newton Free Library

HIS HONOR THE MAYOR requesting authorization to increase the authorized number of full-time employees at the Newton Free Library by one full-time employee as the part-time archivist position is being increased to a full-time position. [01-23-17 @ 5:17 PM]

Action: Finance Approved 7-0

Note: Library Director Phil McNulty presented the request to increase the archivist position from a part-time to a full-time position. The City's previous archivist retired in October and recommended that the position be increased to a full-time position with agreement from City Clerk and the Chief of Staff. The position is currently vacant but there is an excellent candidate for the position, who is waiting for the approval of the increase to a full-time position. The position is being graded as an H7, which results in a starting salary in the range of \$64,000.

In 2011 the archivist position was moved from the City Clerk's budget to the library's budget but the City Clerk maintained direct supervision of the archivist. The Library Board of Trustees recently voted to recommend the transfer of the archivist position back to the City Clerk's budget in the proposed Fiscal Year 2018 budget. If the budget is approved with the recommendation, the increase to the authorized full-time complement of library employees is temporary. The funding for the increase is available in the library's budget because of salary savings due to vacant positions.

Committee members asked why the position is being increased to a full-time position. Mr. McNulty believes that it is in part due to the changes to the Public Records Law. The changes require municipalities to keep logs of requests, charge less, and provide digital records in most cases that are readily available for others to review. Many of the City public requests are for archived material and the City Clerk anticipates an uptick in the number of public record requests. The archivist position will be the point person for public record request management and will also be involved in developing a strategic plan for housing all of the City's archives.

The Committee requested that the City Clerk/Clerk of the Council provide specific information on the new public records request law and the job responsibilities of the archivist. Councilor Lappin moved approval, which carried unanimously.

#114-16(2) Amendment to a previously approved Betterment Council Order

CITY CLERK/CLERK OF THE COUNCIL requesting that the City Council revoke the following mentioned sidewalk/driveway apron and/or curb betterments; said betterments to be levied under the provisions of MGL Chapter 83, Sec. 26, authorizing the assessment of betterments for construction. **Note:** Council Order #114-16 was approved on April 4, 2016 but since that date, the Law

Department made the Clerk's Office aware of some required amendments that are needed before the Order could be registered with the Registry of Deeds, which requires a revote of the item.

Note: City Engineer Lou Taverna explained that this is a request to revote previously approved betterment assessments. Unfortunately, there were a number of typographical errors in the original list of betterments that were discovered when Assistant City Solicitor Bob Waddick went to record the betterment list with the Middlesex Registry of Deeds. The above docket item contains the correct information and the betterments will be recorded as soon as the item is approved by the Council. The sidewalk and/or curb installations have been complete since 2015. The Department of Public Works completes all of the betterments in a calendar year and then submits the list for approval by the City Council the following spring.

The Chair pointed out that according to City ordinance the Department should be submitting the betterment list for approval before installing the betterments. Mr. Taverna explained that it is difficult to assess the betterment before installing the betterment because the actual cost for the curbing or sidewalk betterment is not yet known. It was suggested that the Administration may want to look at docketing an item to amend the ordinance to reflect current practice. With that, Councilor Fuller moved approval, which carried unanimously.

Subject: Sidewalk and Curbing Assessment
Date: Thursday, September 28, 2017 12:18:43 PM

Ms. Parent,

The City Clerk's Office asked the Law Dept. to contact you on the assessment for the sidewalk and curbing improvements that you dispute.

It is our understanding that the improvements on Central Street were made at the request of several property owners including the prior owners of 321 Central Street and that the properties have received the benefit of the improvements.

It is unfortunate that you were not made aware of the outstanding request for improvements at the time you purchased your property. However, It is the city's position that your recourse is with the prior owners of 321 Central Street who presumably were aware that the improvements had been requested but had not been assessed to the property at the time of the transfer of title to you.

Please be advised that the Law Dept. represents the city and cannot provide legal advice to Newton residents.

We wish you the best in however you choose to proceed in this matter.

Sincerely,

Robert J. Waddick

Re: In the Matter of Arbitration Between Matthew A. Cummings
and the City of Newton

Dear Honorable Mayor Warren:

This matter involves the indemnification of former Police Chief Matthew A. Cummings for defeating all claims in federal and state court by former employee Jeanne Sweeney Mooney.

After multiple arbitration briefs concerning the extent to which indemnification was required and the amount of the indemnification, the Arbitrator reduced the amount from the initial demand of \$142,538.62 to an Award of \$35,674.65. The Law Department finds this amount is reasonable.

Therefore, the Law Department respectfully requests that you docket this item seeking to appropriate \$35,674.65.

Honorable City Council
Newton City Hall
1000 Commonwealth Avenue
Newton Centre, MA 02459

Ladies and Gentlemen:

I write to request that your Honorable Council docket for consideration a request to authorize the transfer of \$2,000,000 from Overlay Surplus declared by Elizabeth Dromey, Chairman, Board of Assessors, today, November 13, 2017 to the Rainy Day Stabilization Fund. The fund reached the desired goal of 5% of the City's Budget in November 2014, and has remained at that level ever since.

However, maintaining a Rainy Day Stabilization Fund that totals 5% of the City's Annual Budget requires that the City increase the fund by 5% of the budget increase each year. Because interest rates have been at historic lows for several years, the City must appropriate approximately \$750,000 of funds that would otherwise be used to provide City services or improve City infrastructure. Board Order # 25-15, established the City's Investment Advisory Committee. Per the Board Order, the Investment Advisory Committee was established to maximize investment income earnings on temporarily idle cash in the City treasury, consistent with state and federal law and City investment policies.

The Investment Advisory Committee has been meeting regularly to determine how best to invest the City's Rainy Day Stabilization Fund. Although only a portion of the fund will be invested with a goal of achieving a return on investment that exceeds Certificate of Deposit rates, in order to accomplish these objectives, the committee believes that the City should maintain a reserve of \$2 million over and above the value of the fund (5% of the City's Operating Budget) to protect the fund during downturns in the economy.

Thank you for your consideration of this matter.

Sincerely,

Setti D. Warren
