

INSPECTIONAL SERVICES DEPARTMENT

DEPARTMENT DESCRIPTION

Our long-standing motto: "Strict code enforcement makes the city safer," reveals the mission of the Inspectional Services Department (ISD). We strive to build a safe environment for the citizens of the City of Newton by enforcing all applicable state and local codes and ordinances in a fair and equitable manner. We strive to provide professional, courteous and user-friendly customer service.

Our code enforcement efforts ensure the public that the highest standards of public safety are achieved during construction. Inspectional Services provides a valuable public resource for record keeping, technical information, and review for compliance with codes and ordinances. Through an integrated approach with the Planning and Development and City Solicitor's Departments, we provide clear and understandable interpretations of the zoning ordinances and decisions of Department personnel and the Commissioner of Inspectional Services with regard to the State Building Code.

Inspectional Services takes a proactive approach toward code enforcement while employing a constructive engagement management style in dealing with compliance resolution. Inspectional Services is committed to the education and advancement of all of its employees in technical areas as well as in all aspects of public relations and customer service.
