

Development Review Team (DRT) Meeting Snapshot

Week of February 8, 2021

This week we have *virtual* DRTs on the following addresses. Please contact any land use planner at the Planning Department if you would like additional information on any of these projects.

Address	General Description of Project
667 Boylston St	Special Permit for four single family attached dwellings, side and rear setback reductions, and tandem parking (MR1, Ward 6)
159 Prince St	Special Permit for 6 ft.- 9 in. retaining wall within a setback (SR1, Ward 3)
22 Milo St	Special Permit to increase height of existing two-family dwelling (SR3, Ward 3)
1021 Boylston St	Special Permit to extend nonconforming use to allow drive-in business (MR2, Ward 5)

Please note this list was compiled before these meetings will take place and that projects may evolve over time. Cancellations do occur and the Planning Department is sometimes able to schedule another project in its place. Not every project has a DRT – DRTs are generally done only where some type of site plan review will likely be required.
