

NEWCAL PROJECT UPDATE

NEWCAL COMMUNITY MEETING

You are invited to join the NewCAL Working Group at
6:30 PM on Monday, February 22, 2021 (via Zoom)

In response to feedback received from various Council and Committee meetings in December and the last Community meeting in early January, the Working Group has continued to study two design approaches on the existing site, at 345 Walnut Street in Newtonville. At this juncture of Feasibility Study, high level conceptual studies are being done to better understand the design relationship to Newtonville for both an addition/renovation as well as for a new facility.

We look forward to sharing with the Community updated progress and are eager to hear what you think of the work which has transpired.

We look forward to hearing your thoughts, suggestions and feedback!

Please join us on Zoom using the information below:
