

Public Facilities Committee Agenda

City of Newton In City Council

Wednesday, March 17, 2021

The Public Facilities Committee will hold this meeting as a virtual meeting on Wednesday, March 17, 2021 at 7:00 pm. To view this meeting using Zoom use this link: <https://us02web.zoom.us/j/84900946878> or call 1-646-558-8656 and use the following Meeting ID: 849 0094 6878

Item Scheduled for Discussion:

Chair's Note: *The Committee will meet jointly with the Programs & Services Committee and receive an update from the Commissioner of Public Buildings on the NewCAL project.*

Chair's Note: *There will be a discussion with the Department of Public Works to review the temporary pilot to create a one-way on a portion of Homer Street between Walnut Street and Commonwealth Avenue to create more on-street parking during the library parking lot construction.*

Chair's Note: *The Committee will receive an update on the work of the Sustainable Materials Management Division.*

#57-20 Request for Review/Update Double Pole compliance
COUNCILORS ALBRIGHT, DANBERG, LAREDO & CROSSLEY requesting an update from the Double Poles Working Group on the work of the group and the status of removing double poles and cataloguing and assigning responsibilities for transfer of utility and city wires.

Respectfully submitted,

Alison M. Leary, Chair

The location of this meeting is accessible and reasonable accommodations will be provided to persons with disabilities who require assistance. If you need a reasonable accommodation, please contact the city of Newton's ADA Coordinator, Jini Fairley, at least two business days in advance of the meeting: jfairley@newtonma.gov or (617) 796-1253. The city's TTY/TDD direct line is: 617-796-1089. For the Telecommunications Relay Service (TRS), please dial 711.

NewCAL

Feasibility Study Phase

City Council
Programs & Services Committee
Public Facilities Committee

March 17, 2021

Design Considerations

Incorporate Universal Design Principles to Provide Accessibility for All

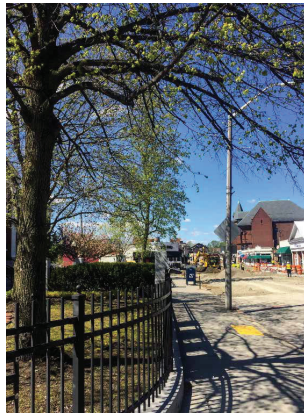

Balance Open Space with Onsite Parking

Achieve Clarity of Circulation and Ease of Orientation

Create a Welcoming Entrance and First Floor

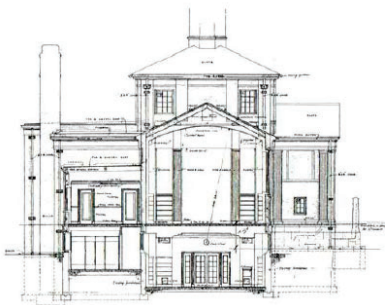

Existing Conditions

The small appendages at the rear of the building will be removed leaving the symmetrical front wing along Walnut Street.

Existing Conditions

The original cross section drawing of the Library showing the raised main floor level 5 feet above outside grade.

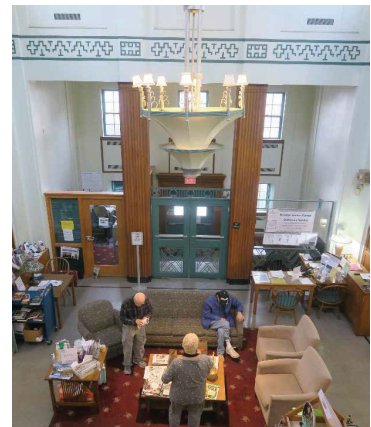

The outside stairs take you up three feet to a landing

Inside stairs take you up the final two feet to the main floor level

One, or both, of the basement level wings would retain their windows in the proposed concepts that do not cover the front façade of the existing building. This could be secondary use space assuming the elevator is brought to that level.

The following are feasibility study plans and renderings intended to represent the differences between the “Add/Reno scheme” and the “New Building scheme.” These renderings do not represent a final design.

Typically, this type of rendering evolves from further design with engineering input during the Schematic Design and Design Development phases.

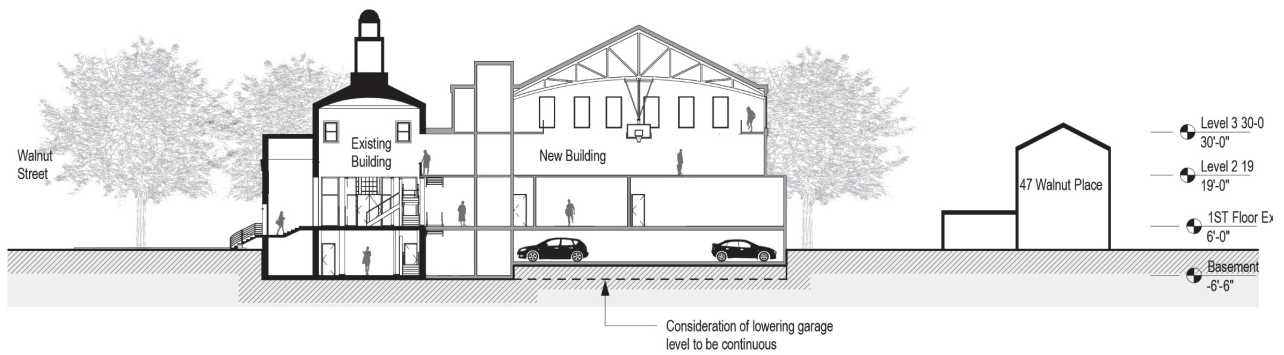

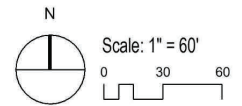

The following is the Add/Reno Alternative

City of Newton Public Information Session

**Homer Street,
between Walnut St and Commonwealth Ave**

Temporary Change in Traffic Flow

March 11, 2021

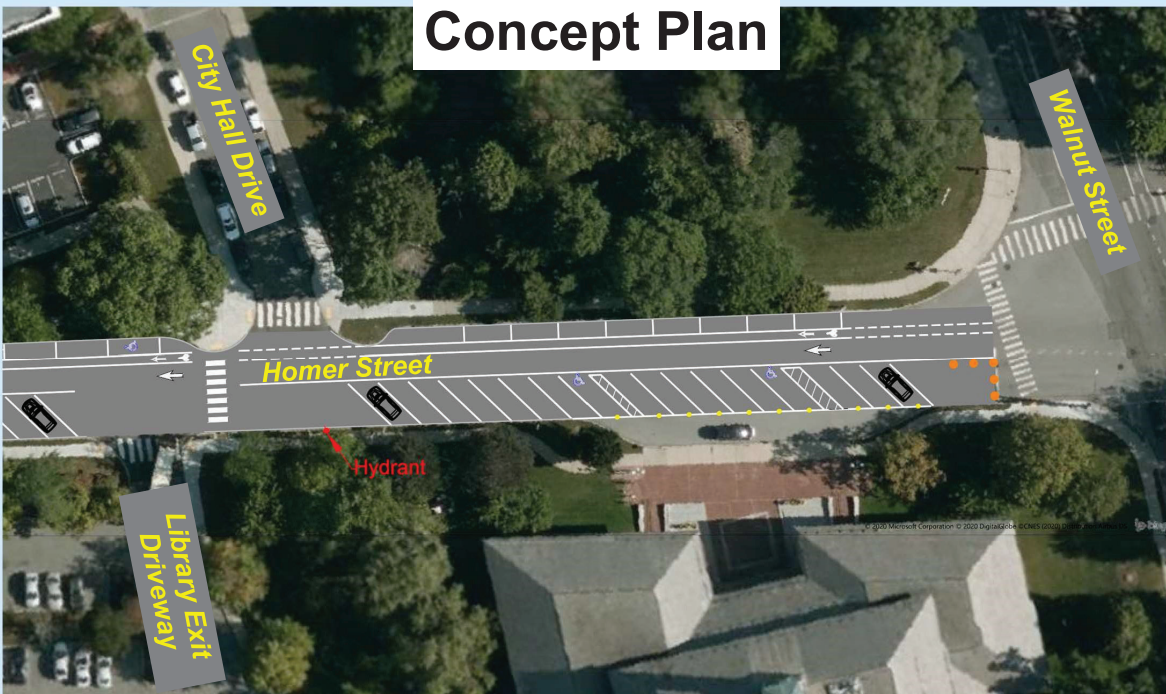

Project Background & Goals

- Library Parking Lot Construction
- Phased construction at Library Parking Lot will result in reduced number of parking spaces during construction
- City of Newton is utilizing multiple strategies to help offset temporary reduction of parking spaces, including:
 - City vehicles moved to War Memorial Loop
 - Agreement with Eversource for City staff to park on their property
 - Possible City staff parking permit program (if needed)
 - **Increased on-street parking supply on Homer Street**

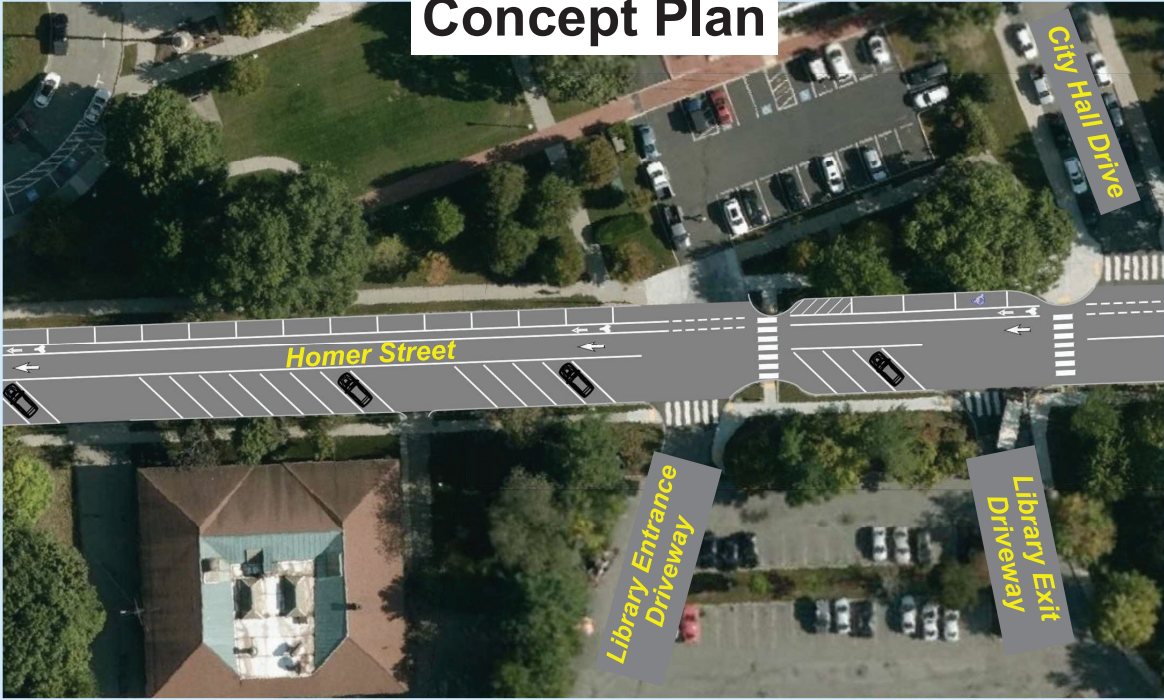

Project Location

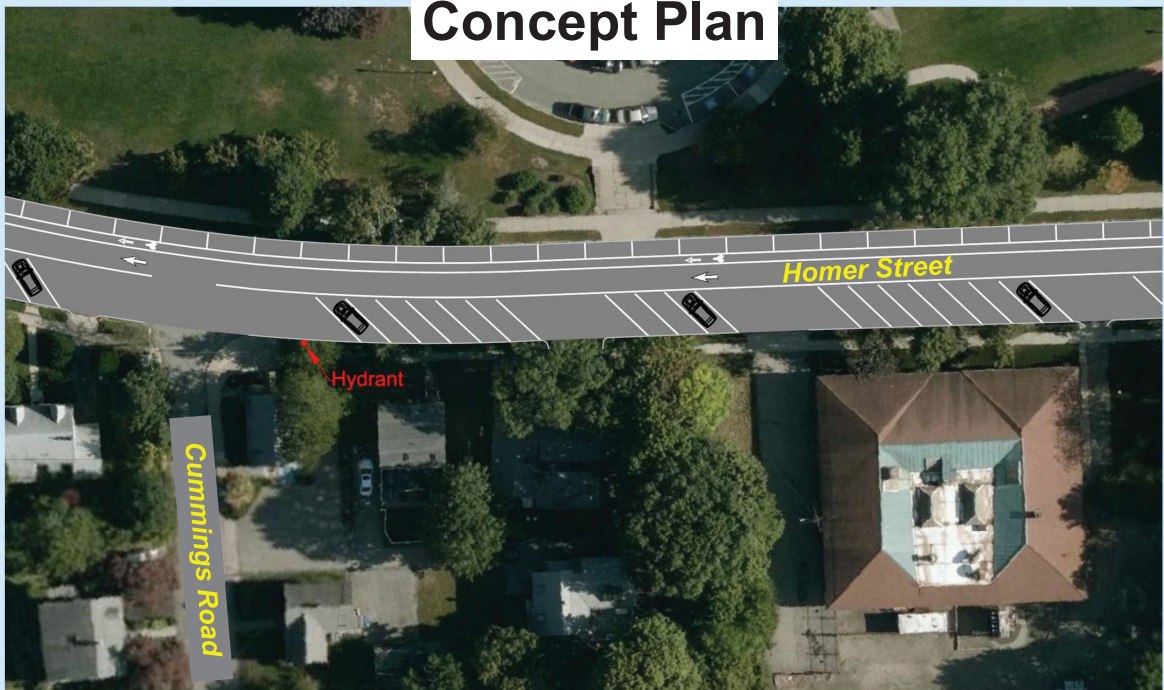

Concept Plan

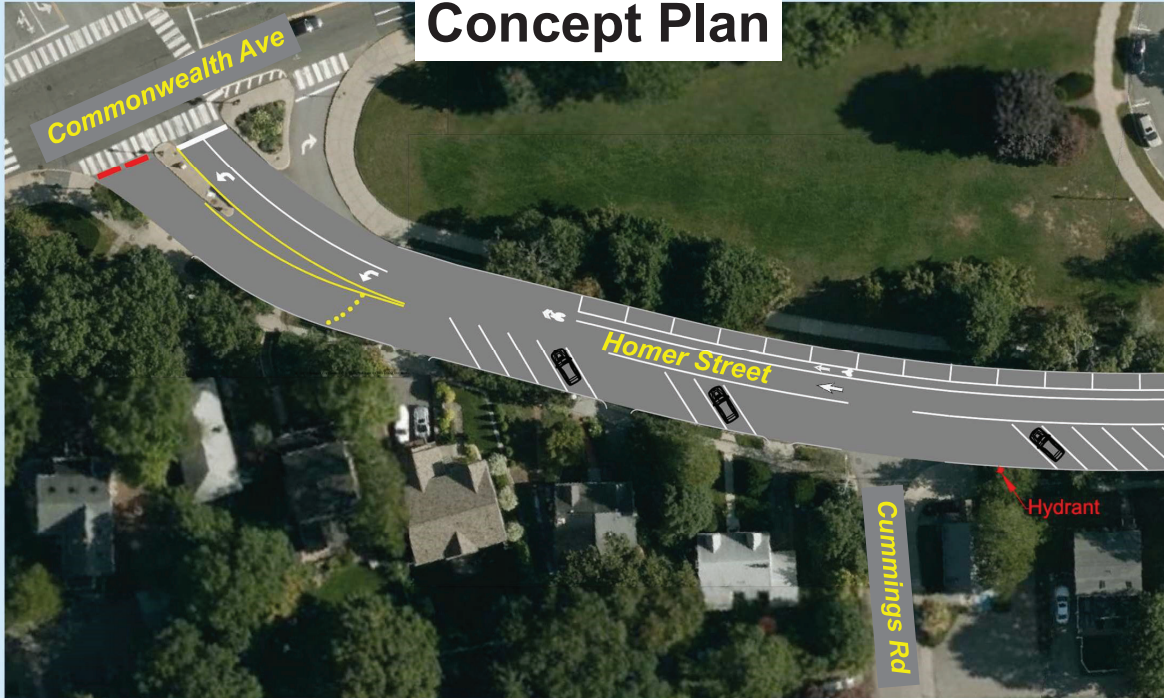

Concept Plan

Concept Plan

Concept Plan

Reverse Angle Parking

How does it work?

Just like parallel parking:

1. Turn signal to warn other drivers.
2. Pull past the parking spot and stop.
3. Reverse into the parking spot.

Next Steps & Timeline

- Gather input, feedback, and public comments
- Traffic Council meeting – March 25th
- Library Parking Lot Construction beginning in late April or early May.
- Implement temporary changes on Homer Street to coincide with start of Library Parking Lot Construction

We welcome feedback to help make this a successful project!

Following the meeting, email questions/comments to jsobel@newtonma.gov

Questions & Comments

Sustainable Materials Management Division Update

Public Facilities Committee Meeting
March 17, 2021

Sustainable Materials Management Division
City of Newton DPW

Sustainable Materials Management Division

- Residential Service
 - Curbside collections
 - Permanent drop-off site – RRC
 - Multi-family properties (some, not all)
- Municipal Service
 - City buildings, including public schools
 - City operations
 - Public spaces (operated by PRC, waste managed by SMM)
- Non-Profit Service
 - Curbside (optional, for a fee)

Residential Curbside Collection Services

- Weekly trash – 64gal blue cart
 - Overflow bags available for purchase
- Weekly single stream recycling – 64gal green cart
- Yard waste – 38 weeks per year
- Bulky waste pickup (\$20/item)
- Appliance/E-waste/ scrap metal item (\$25/item)
- Organics Subscription Program
 - 2,162 households subscribing
 - Preferred vendor: Black Earth Compost

FY21-FY25 WM Contract

- New five-year contract began July 1, 2020
- 17% cost increase from FY16-FY20 contract
- Changes from previous contract
 - Cart service and cart procurement included
 - Whitegoods collection included
 - Daily administrative tasks for carts, bulky items, and whitegoods being managed by WM
 - Robust language regarding recycling contamination threshold, audits, and contamination fees

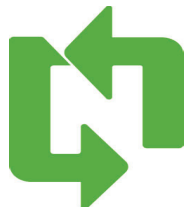

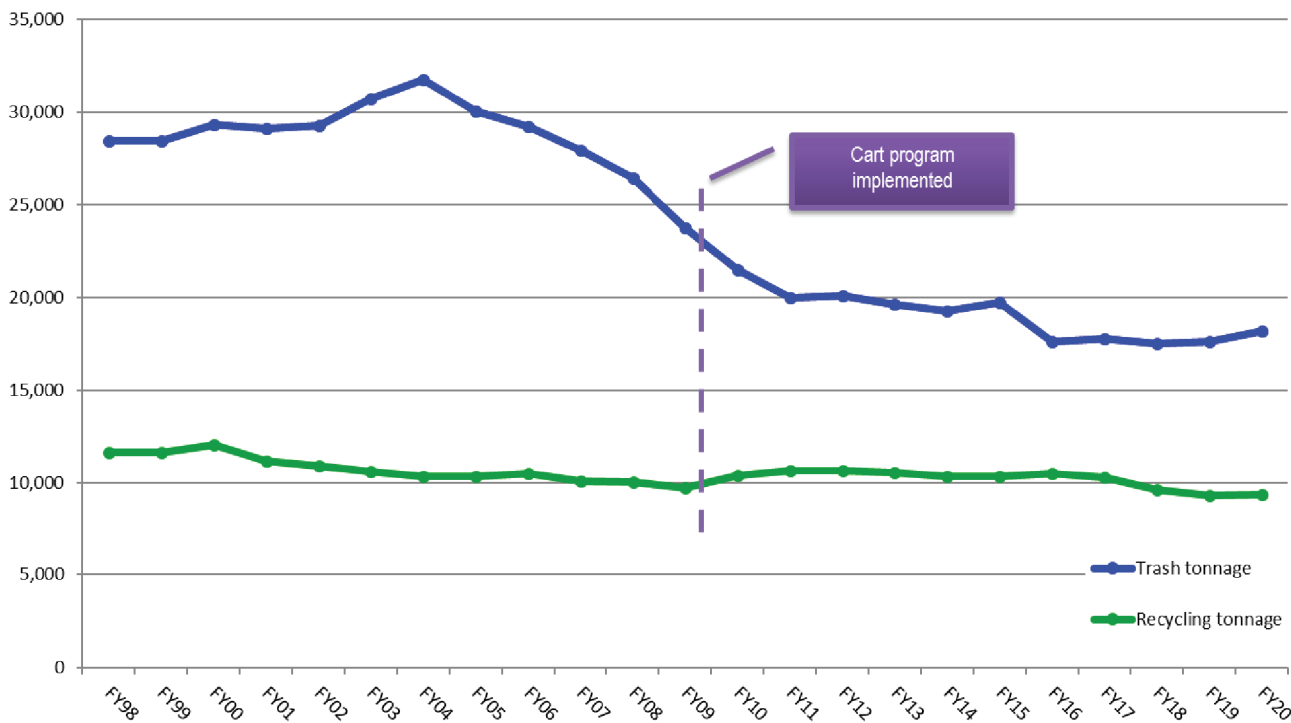

Pandemic Impacts

- Unsurprisingly, when people are home so much their waste streams change
- When comparing July-Feb FY19 to July-Feb FY21:
 - Trash tonnage: 5.3% increase
 - Recycling tonnage: 4.3% increase
 - Yard waste cubic yards: 98.1% increase
- Resource Recovery Center
 - Appointments during regular hours and for special events
 - Ran 6 HHW collections in 2020

Curbside Waste Collection FY98 through FY20 (in tons)

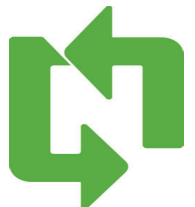

Curbside Organics Collection

- Preferred vendor program launched in mid-October 2019
- Black Earth had ~400 subscription hh prior to launch
- Current cost: \$59.99 per 6 months of weekly collection + one-time cost of \$34 for starter kit
- As of 3/11/21 we have 2,262 participants (7.9% of total hh)
- BEC has diverted 1,331 tons of food waste in Newton (cumulatively)

Drop-Off Organics Collection Pilot

- Launched in November 2020
- One location: Resource Recovery Center
- Two 35-gallon carts
- Vendor: Black Earth Compost
- Started with once weekly pickup
- Usage is up, now up to twice weekly pickup
- Zero issues with pests or odors to date
- Plan to expand to three 24-hour locations in planning

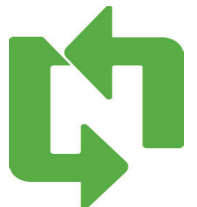

Rumford Site Improvements Update

- New office construction trailer up and running – Dec 2020
 - Connection to City fiber optic network
 - Plumbing
 - Increase operational efficiency and site oversight

MassDEP Technical Assistance Grant

- Nov 2020: DPW awarded an in-kind technical assistance grant to assess curbside services and develop recommendations to reduce trash, maximize environmental protection, and reduce costs
- Potential for increase in costs
 - Next hauling contract expires June 2025
 - Long-term trash disposal contract expires in June 2028

Project Components

- Research waste reduction methods and case studies
 - Include analysis of changes to fiscal model and cost savings
- Understand best practices
- Gather curbside data on weekly cart utilization (how full carts are)
- Survey to gather public perspectives on existing and desired curbside collection services

Historic Curbside Waste Reduction Efforts

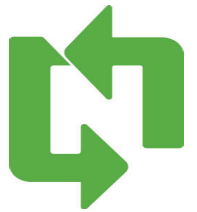

- 2008-2009 pilot program introducing automated cart system for trash and single stream recycling
- October 2009 city-wide implementation of automated cart system
 - Introduced a trash limit of 64gal with overflow bags available for purchase
- February 2020 collection fee implemented for bulky waste and whitegoods

Next Project Steps

- Plan for curbside audit – timeline, routes, etc.
- Develop survey questions and implementation plan
- Research curbside collection waste reduction strategies
 - Gather data on impact and cost
- Perform interviews of other communities

- Final report to be issued by June 2022

Subject: Double Poles in Newton – status update

Date: March 12, 2021

City of Newton staff meet on a quarterly basis with the utility companies to discuss and review current status of Double Poles in Newton. Double poles are in place when new utilities poles are set, and there is a shared process and order for all utilities companies to transfer their wires and equipment from the old pole to the new pole, prior to the old utility pole being removed.

In addition to City staff from various departments, these meetings generally include representatives from Eversource, Verizon, RCN, and Comcast, and provides an open line of communication to discuss issues, possible solutions, and priority areas for the City. We also meet individually with each utility company, as needed, to review the status and schedule of their utility work. The priorities from the City typically fall within three categories: double pole work related to a City project; request that utilities address the oldest double poles in the City; and/or requests that utility companies work most efficiently to remove as many double poles as possible.

The attached summary table indicates that there were 218 double poles throughout Newton, as of March 4, 2021. This represents 1.3% of the roughly 16,700 utility poles in Newton. For additional context, the current double pole totals are down from roughly 250-260 double poles in early 2019, and down from 749 double poles in 2013.

Jim McGonagle
CommissionerTelephone: (617) 796-1009 • Fax: (617) 796-1050 • jmcgonagle@newtonma.gov
