

# Mayor Ruthanne Fuller, the City of Newton and Newton Public Schools present the Newton North High School Field LED Lighting Project

**Investing Now for  
Newton's Future**

**Improved Safety** for staff, students, and spectators during games.

**Enhanced Security** for staff, students, and all residents whether they are attending a game, running on the track, or using the field for passive or active recreation.

**Upgraded Athletic Experience** by extending the hours the field can be used, and by providing consistent light levels during games or practices. This will also prepare athletes for travel games which are commonly played on lit fields.

**Higher Quality** in-person, live-streaming, and recorded spectator experience by providing adequate and consistent light levels on the field of play.

**Expanded Asset Flexibility** for varied community needs.

**No Light Pollution, Low Energy Consumption, and Minimal Maintenance.**
