

## Mayor Ruthanne Fuller and the City of Newton present the Phase 3 Solar Projects

Investing Now for  
Newton's Future

Main Library Parking Lot

Brown Middle School Rendering

**The Phase 3 Solar adds 16 solar projects to the 12 projects already completed under Phases 1 and 2. When all 28 projects are completed, they will generate the equivalent of nearly 40% of the total electricity use of all of Newton's municipal buildings and facilities. Construction is complete on five of the 16 Phase 3 projects. The sixth is the solar canopy project at Newton Free Library which will be completed in August 2021. The remaining 10 Phase 3 projects are planned for construction in fall 2021.**
