

Mayor Ruthanne Fuller and the City of Newton present the Crafts Street DPW Wash Bay Improvement Project

Investing Now for
Newton's Future

This project will refurbish the Crafts Street DPW vehicle wash bay with an automated vehicle wash system, including high impact under chassis washer, post, high pressure under chassis, and rinse with additive and capture/recycle wash water. This will allow the City to better clean and maintain our fleet and snowplow equipment to extend their useful life.
