### **Overview**

The purpose of the Management Discussion and Analysis (MD&A) is to provide a narrative overview and analysis of the financial position and operating results of the major funds and account groups of the City of Newton for the fiscal year ended June 30, 2023. All financial statements and supporting schedules have been prepared on the City's budgetary (statutory) basis of accounting. The budgetary or statutory basis of accounting for Massachusetts cities and towns is prescribed by the Massachusetts Department of Revenue's Bureau of Accounts.

The primary objective of the budgetary basis financial statements and supporting schedules is to demonstrate budget and related legal compliance, and to identify existing resources that are available to support future year services. Revenues are generally recognized on a cash basis (net of refunds paid or payable), except for certain state and federal reimbursement grants where expenditures have been made and reimbursement is expected to be received within 60 days of year end. The state Department of Revenue requires that the City accrue property tax revenue expected to be received within 60 days of year-end; however, property tax revenue accruals are excluded from certified free cash.

Expenditures are generally recognized as they are incurred, assuming that the obligation is expected to be paid within 60 days of year-end, with the exception of self-insurance funds where the full accrual basis of accounting is used. Although capital assets and long-term liabilities of the City are not reported as assets or liabilities of individual funds, a summary of the estimated value of the latter is reported in a separate account group on the Combined Balance Sheet. The summary of the estimated value of capital assets is available under separate cover.

The December 31, 2022 financial position of the Newton Contributory Retirement System, and operating results for the year ended December 31, 2022, is presented in a separate column on the Combined Balance Sheet because the retirement system's statutory fiscal year differs from that of all other funds and account groups of the City. The Retirement System's statutory basis of accounting is prescribed by the Massachusetts Public Employee Retirement Administration Commission (PERAC). The complete Budgetary Basis Annual Financial Report for the Fiscal Year ended June 30, 2023 is posted on the Comptroller's page of the City of Newton, MA website.

The reader is also encouraged to consult the City's audited Annual Financial Report for financial position and operating information prepared in accordance with generally accepted accounting principles (GAAP). Generally accepted accounting principles are prescribed by the Governmental Accounting Standards Board (GASB). The audited report is scheduled for issuance later in 2023 and will be posted in full on the Comptroller's page of the City website.

### Financial Highlights for the Year

- With continued federal grant assistance for COVID-19 and conservative spending in FY 2023, the combined financial position of all City funds (excluding the Contributory Retirement System) increased by over \$37.9 million or 12% between July 1, 2022 and June 30, 2023, with positive year-over-year growth in the following categories: General Fund (\$6.8 million), Special Revenue Funds (\$10.7 million), Capital Project Funds (\$16.7 million) and Trust and Agency Funds (\$6.1 million). Internal Service Funds had expenses in excess of revenues of \$2.3 million, due to the increase costs of health care claims.
- COVID-19 expenses across grants and other designated COVID-19 relief funds totaled \$11.9 million in FY 2023. This included \$141,000 on housing and rental assistance from special Emergency Solutions Grants; \$1.4 million in federal, state and private school grants; and \$10.3M in Federal ARPA funding for many different initiatives and projects across the City. A breakdown of committed ARPA projects and associated spending can be found on page 42 of the Budgetary Basis report.
- Total revenues in all City funds (excluding the Contributory Retirement System) were \$712.5 million, an **increase** of \$9.1 million or 1.3% from the previous year.
- The revenue increases were in the General Fund (\$10.6 million), Internal Service funds (\$5.9 million), Capital Project funds (\$3.2 million), and Trust and Agency funds (\$5.9 million). Special Revenue funds saw a decrease in revenues of \$16.5 million. General Fund revenue increases were largely the result of an increase in investment income of \$8.3 million as the result of rising interest rates. Intergovernmental revenue of \$35.9 million within Special Revenue funds reflected strong governmental support again but resulted in a \$24.9M decrease from FY 2022, primarily the result of federal ARPA grants being received in FY 2022. General fund property tax revenue of \$406.7 million, the City's largest single source of revenue, increased by \$6.1 million (1.5%) over last year.
- Total expenditures in all City funds (excluding the Contributory Retirement System) were \$695.9 million, an **increase** of \$3.5 million or 0.5% from the previous fiscal year.
- Total public education expenditures across all funds totaled \$293.7 million for the year, an increase of \$4.7 million or 1.6% from the prior year. Year-over-year increases in General Fund (\$7.2 million), Capital Project Funds for school improvements (\$1.5 million) were coupled with decreases to Special Revenue Fund spending (\$1.7 million), largely held back by a decrease of \$5.3 million in ARPA related School spending. Public education expenditures were 42% of total City expenditures, for both FY 2023 and the prior year.

- The City's Rainy Day Stabilization Fund ended FY 2023 with a fund balance of \$24.7 million, \$676,000 more than the balance at the start of the fiscal year; the Rainy Day Stabilization Fund dropped below the 5% funding plan (4.7% funded) of the final amended fiscal year 2023 budget as a result of no contribution from the General Fund in FY 2023.
- The General Fund Undesignated Fund Balance of \$61.7 million increased by \$3.2 million (5.4%) since last year. The City's certified free cash, or that portion of the fund balance that is available for appropriation, is \$27.9 million in FY23. The City's free cash was certified on September 25, 2023, after being reviewed and certified by the state Department of Revenue. This is in line with last year's free cash (\$28.9 million) but is significantly higher than recent norms (approx. \$12 million) due in large part to the collection of \$8.4 million in interest income over-budget and \$4.6 million in licenses and permits over-budget.
- June 30, 2023 property tax abatement reserves were \$31.5 million. The FY 2023 allowance for abatements and exemptions totaled \$31.9 million. This is made up of the FY 2022 ending balance of \$27.0 million, plus \$4.9 million from the 2023 tax levy. During FY 2023, actual property tax abatements and exemptions of \$434,000 and senior program tax credits of \$27,800 were funded from the tax abatement reserves. There were no other surplus reserves released by The Board of Assessors for other purposes in FY 2023. However, after Eversource dropped appeals of several Personal Property tax bills at the end of June, the Board of Assessors did release \$20.5 million in Overlay Surplus in August for FY 2024.
- The financial position of the City's Water, Sewer, and Stormwater utility funds increased during
  fiscal year 2023, with increases of \$2.7 million (16.4%) in Water, \$2.6 million (15.0%) in Sewer
  and \$1.4 million (28.1%) in Stormwater as compared to FY 2022. This was due to charges for
  service coming in over-budget in each fund, as well as expenses coming in well under budget for
  all funds.
- The Group Health Self- Insurance Fund ended FY 2023 with fund equity of \$7.9 million, which represents about 1.3 months of average paid claims. Total paid claims for the year were \$72.9 million, \$1.5 million or 2% less than total paid claims for the prior year.
- Total long-term liabilities, not including Other Post-Employment Benefits (OPEB), increased by a net of \$88.3 million (7.0%) from June 30, 2022. Increases of \$87.1 million (35%) in pension liability and \$1.9 million in general obligation debt (0.6%) more than offset decreases in liabilities of \$920,000 (8.1%). The net OPEB liability as of June 30, 2022 was \$667.0 million. We do not have GASB statements from our Actuary on the change in OPEB's liability at the time of this publishing.

### **General Fund**

The General Fund is the City's main operating fund and is used to account for all activity which is not required to be accounted for in a separate fund. Fund expenditures are governed by annual appropriations, recommended by the Mayor, and approved by majority vote of the City Council.

The Undesignated Fund balance increased by \$3.2 million (5.4%), to \$61.7 million in FY 2023. The Undesignated Fund Balance is 12.5% of both recurring fund revenues and of the total revenue budget, similar to last year. The following table summarizes the factors that led to the \$3.2 million increase.

| Change in Undesignated General Fund Balance                |    |             |  |  |  |  |  |  |  |

|  |    |             |  |  |  |  |  |  |  |

Revenues and transfers from other funds exceeded budget estimates by \$21.8 million and actual expenditures, transfers to other funds, and encumbrances were \$4.9 million less than budget. A detailed accounting of revenue budget to actual experience can be found on pages 8-10 and a detailed accounting of expenditure budget experience, at the legal level of control, can be found on pages 11-15.

The City's original General Fund budget for FY 2023 was \$506.6 million, including \$26.6 million in encumbrances and continuing appropriations that were brought forward from FY 2022. During the fiscal year, \$22.6 million in supplemental appropriations were approved bringing the final budget for the year to \$529.2 million - \$33.2 million or 6.7% greater than the final budget for the previous fiscal year. The following table summarizes supplemental appropriations by purpose for both the year ended June 30, 2023 and the prior fiscal year.

Actual FY 2023 General Fund revenues and transfers from other funds were \$500.8 million, \$7.3 million (1.5%) more than total General Fund revenues and transfers in FY 2022. The City saw strong revenues in most revenue categories to pre-pandemic levels. Revenues exceeding budgeted amounts were led by Investment Income (\$8.4 million over-budget), licenses and permits (\$4.6 million over-budget) and property taxes (\$3.9 million over-budget). We also saw strong revenues in Motor Vehicle Excise, Hotel tax, Meals tax, charges for services, and SPED Medicaid reimbursements, each exceeding budgeted revenues by between \$500,000 and \$1,000,000.

The following table is a comparison of FY 2023 and FY 2022 revenues and other financing sources.

Real estate and personal property taxes represent the single largest source of revenue for the City. Property tax revenue for FY 2023 consisted of \$404.0 million in current year taxes and \$2.7 million in prior year taxes, for a total of \$406.7 million. The current year tax collection rate was 99.9%, which matches the 99.9% median collection rate for the trailing 10-year period. Collections can exceed 100% because of the City's allowance for abatements and exemptions. Page 23 of this report provides a comparison of both current and total tax collection trends for FY 2023 and each of the ten prior years.

The \$8.8 million in transfers from other funds represents 100.0% of the amount budgeted for the year in support of the FY 2023 budget. A detailed accounting of the sources of the inter-fund transfers can be found on page 3 of the Report.

In addition to the revenues and other financing sources summarized above, the 2023 General Fund budget was balanced using \$50.2 million in fund balance. This included the following: \$26.6 million for encumbrances and continuing appropriations brought forward from FY 2022; \$23.5 million in free cash appropriations; and \$109,000 in debt service reserves. A summary of the specific purposes for which free cash was appropriated during FY 2023 is included on page 20.

Since revenues and transfers from other funds exceeded expenditures and transfers to other funds, the fund balance was positively impacted by the FY 2023 operating activity. A total of \$31.9 million of the June 30, 2023 fund equity has been obligated to support the FY 2023 operating budget including the following: \$30.3 million for encumbrances and continuing appropriations brought forward, with a major focus on the city's accelerated roads program, and \$1.6 million voted by the City Council to support the FY 2024 operating budget.

The following table summarizes General Fund resource uses for FY 2023 and how the most recent year's activity compares with the previous fiscal year.

A total of \$377.7 million (77%) of FY 2023 revenues of \$492.0 million funded salaries and fringe benefits; \$65.7 million (13.4%) was for the purchase of goods and services; and \$28.6 million (5.8%) was for debt service and pay-as-you-go capital financing.

Education expenditures were \$7.2 million or 2.9% higher than the prior year. This accounted for 26.1% of the \$27.7 million net growth in General Fund spending between fiscal years 2022 and 2023.

General Fund Public Works spending of \$31.9 million increased by \$2.5 million (8.7%) as compared to last fiscal year, with decreases of \$1.4 million in snow and ice and \$2.4 million in administration and

support costs. These were offset by increases in engineering services of \$1.3 million, streets and sidewalks of \$2.9 million and sanitation of \$2.1 million. Total snow and ice control expenditures for fiscal year 2023 were \$3.5 million, about \$1.0 million less than the annual expenditures for the four prior fiscal years.

Retirement and pay-as-you-go retiree health care spending increased by \$3.9 million or 8.2% in FY 2023. Actuarial contributions to the City's defined benefit retirement plan accounted for \$3.36 million of the increase and retiree health care made up \$580,000.

Transfers to other funds of \$16.6 million consisted of \$1.2 million in contributions to the Workers Compensation Self-Insurance Fund; a \$1.4 million subsidy for the School Athletic Revolving Fund; \$874,000 transfer to the Health Insurance fund; and \$13.1 million to the School Building Capital Improvements fund, including \$10 million for Lincoln-Eliot elementary school.

A total of \$30.3 million in unexpended FY 2023 appropriation balances were carried forward to FY 2024 and \$4.9 million were closed to fund balance. Unexpended and unencumbered current year appropriations of \$4.9 million closed to fund balance were 0.9% of the total budget for the year. Pages 11 to 15 of the report provide a summary of expenditure budget activity by department and appropriation unit within each department for the year.

The most significant components of the \$30.3 million June 30, 2023 encumbrance/ continued appropriation totals were: \$18.4 million in multi-year special appropriations; \$11.1 million in municipal department appropriations; and \$813,000 in Newton Public Schools appropriations.

#### **Special Revenue Funds**

Special Revenue Funds are used to account for operating revenues that are legally restricted for expenditure for purposes specified in a grant / gift agreement; or in federal, state, or local law. A brief explanation of the purpose of each fund is included at the beginning of the Special Revenue section of the Budgetary Basis Annual Financial Report.

**School Food Services Fund**: The Schools were able to provide universally-free meals through the state budget initiative, which has been made permanent in the FY 2024 budget, as a result not incurring bad debt for unpaid meals. Fund equity went up in FY 2023 by \$420,000 to \$1.7 million, due to an increase in state and federal assistance.

**Municipal Revolving Fund**: Total Municipal Revolving Fund revenue for the year was \$10.9 million, of which police and fire private duty details accounted for \$6.0 million. Due to timing differences between when officers and firefighters are paid for working details and when the City collects from customers, there was a \$570,000 deficit in the police private duty detail account and \$63,000 deficit in the fire private duty detail account at June 30, 2023. The cash deficit is more than offset by receivables of

\$747,000. Two-thirds of the total receivable is for services provided during the month of June 2023, while 0.0% of the receivable balance is delinquent for one year or more.

**Federal Community Development Block Grant Fund**: The \$398,000 fund balance in the Community Development Block Grant Fund represents program income realized from loan repayments in the Newton Community Development Authority revolving loan fund. These resources will be used to fund new housing rehabilitation and economic development loans.

**Community Preservation Fund**: The Community Preservation Fund ended FY 2023 with \$16.0 million in fund equity, \$4.0 million of which is available for appropriation for future community preservation purposes. A state matching fund receivable of \$797,000 has been recorded at June 30, 2023 based upon the Massachusetts Department of Revenue's estimate that the next round of matching funds will amount to 20% of net local CPA surcharge billings during 2023.

**Water Fund**: The FY 2023 year-end Water Fund balance available for appropriation was \$16.4 million, the equivalent of over seven months of operating expenditures and \$2.5 million (18%) more than the balance at the end of last fiscal year.

**Sewer Fund**: The fund ended FY 2023 with \$17.8 million of fund balance available for rate stabilization and/or new appropriations for sewer system improvements. The \$17.8 million undesignated fund balance is equivalent of seven months of operating expenses; the balance is \$2.1 million (13.6%) more than the balance one year ago. Recurring revenues for the year of \$33.3 million were 107% of the plan.

**Stormwater Management Fund**: The Stormwater Management Fund's total fund balance increased by \$1.4 million during the year to \$6.2 million. A total of \$4.6 million of this sum is available for appropriation. Fund revenues and other financings sources amounted to \$4.3 million, while expenditures and transfers to other funds were \$2.9 million.

Rainy Day Stabilization Fund: The City's Rainy Day Stabilization Fund ended FY 2023 with a fund balance of \$24.7 million, \$676,000 (2.7%) more than the balance in the fund at the start of the year. Investment income on accumulated fund assets was \$676,000 during the year. There were no contributions from the general fund in FY 2023. The \$24.7 million year-end fund balance dipped below the plan of equaling 5% of the final FY 2022 General Fund budget, at 4.7%.

## **Capital Project Funds**

Capital Project Funds are used to account for proceeds from the issuance of long-term debt and for expenditure of these funds and any other financing sources that the City has appropriated for capital improvement purposes. During FY 2023, the City authorized \$37.6 million in new capital improvements. This is headlined by a \$19.5 million authorization for NewCal Construction, as well as \$5.8 million for Gath Pool Phase III and \$5.0 million for Athletic Fields Construction Phase III. A project-by-project accounting for each open capital project may be found on pages 71-75 of this report.

**Capital Stabilization Fund**: The Capital Stabilization Fund ended FY 2023 with a total fund balance of \$392,000 including the following: \$195,000 of energy conservation vendor rebates designated for future energy conservation capital improvements; \$154,000 from the 2013 Proposition 2 ½ override for future capital project financing; \$27,000 designated for capital appropriations; and \$16,000 designated for Fire Station renovations.

Countryside Elementary School Improvement Fund: In FY 2021, the school department and the City completed data submissions to the MSBA for the eligibility of Countryside Elementary School to receive possible state funding. The MSBA has decided to invite Countryside into its feasibility phase. There is a complete accounting of all project financing and expenditures, at the legal level of control, for the Countryside project. A bond authorization in the amount of \$1.25 million was passed by the City Council last fiscal year for a feasibility study, but the City is planning to use ARPA funds in place of this authorization. The exhibit is presented on page 78.

**Cabot Elementary School Improvement Fund:** Cabot School was closed for renovation/addition in June 2017 and later reopened for the 2019-20 school year in September 2019, six months before the COVID-19 pandemic. During FY 2023, a total of \$354,000 was expended on this project, bringing the total expenses on the project to \$48.5 million. The City has received a total of \$13.7 million in Cabot MSBA reimbursements. A complete accounting of project expenditures to date at the legal level of control is presented on page 77 of this report.

Lincoln-Eliot School Improvement Fund: Lincoln-Eliot is in its early stages of study for renovation. During FY 2023, there were \$2.5 million of expenditures for the school; a total of \$2.6 million has been spent over the life of the project thus far, which is in the study phase. There was a bond authorization of \$49.3 million in FY 2022, of which we issued \$5.0 million of bonds in FY23 and used \$10 million of Free Cash to reduce the bond authorization. A complete accounting of project expenditures to date at the legal level of control is presented on page 76 of this report.

### **Internal Service Funds**

Internal Service Funds are used to account for self-insurance activities of the City.

**Group Health Insurance Fund:** The financial position of the Group Health Self Insurance Fund decreased by \$4.8 million to \$7.9 million during FY 2023. The combined fund balance for the Tufts and Harvard Pilgrim Health Plans was the equivalent of 1.3 months of paid health claims. The 1.3 months falls short with the City's target fund balance of 1.5 to 2 months of paid claims. One year ago, at June 30, 2022, the fund balance was \$12.7 million – the equivalent of 2 months of paid claims.

Total paid claims for the year were \$72.9 million, \$1.5 million (2%) less than total paid claims during the prior fiscal year. While there was an increase in claims experience over the past year, the incurred but unreported claims liability also increased by \$1.8 million. This reserve level is based upon claims run-off experience for the prior fiscal year.

**Workers Compensation Fund**: The funded status of the Workers Compensation Fund increased by \$2.1 million (13.5%) during FY 2023. A gain in investment returns of \$2.1 million (11.9%) on the fund's \$17.5 million in invested assets was mainly responsible for the increase in fund balance.

### **Trust and Agency Funds**

Trust and Agency funds are used to account for assets held by the City in either a trust or custodial nature. A brief description of each major Trust and Agency Fund is presented at the beginning of the Trust and Agency Fund section of the report. At June 30, 2023 the City had custody of \$43.6 million in Trust Fund and \$3.5 million in Agency Fund assets. A complete accounting of Trust Fund operating activity is presented on pages 91-95 of the report.

**Other Post Employment Benefit (OPEB) Fund:** The City's irrevocable OPEB Fund concluded FY 2023 with fund equity of \$31.0 million, \$5.5 million (21.8%) greater than the fiscal year beginning fund balance, however only 3.7% of the actuarial accrued liability for retiree health benefits as of June 30, 2022 was funded. We do not have June 30, 2023 information available at this time.

At June 30, 2023, all fund assets were held in cash and investment earnings for the year were invested with the Commonwealth of Massachusetts State Retirees Benefit Trust Fund, under the management oversight of the Pension Reserves Investment Management Board.

The OPEB trust reports only assets that have been accumulated for funding future retiree health obligations. The City's full OPEB obligation as per GASB Statements 74 and 75 is reported in the Long-Term Debt Account Group, along with other unfunded long-term liabilities.

**Agency Fund**: Agency Fund assets and liabilities at June 30, 2023 were \$3.5 million, made up primarily of the following: \$1.2 million for New England Development's Chestnut Hill Square Liquidity Reserve; \$751,000 in employee payroll deductions payable; \$1.0 million for student activity funds; and \$565,000 in miscellaneous accounts. Refer to pages 96-98 for further details.

### **Long-Term Debt Account Group**

The Long-Term Debt Account Group is used to account for all long-term liabilities of the City. Long-term liabilities are those which the City does not expect to liquidate with current resources. As summarized in the chart below, Newton's long-term liabilities increased by \$80.5 million (6.4%) since last year.

# SPECIAL REVENUE FUNDS COMBINING FINANCIAL STATEMENTS INDIVIDUAL FUND STATEMENTS SUPPORTING SCHEDULES

City of Newton, Massachusetts Comptroller's Office

#### **Description of Special Revenue Funds**

#### **School Food Services Fund:**

This fund is used to account for the operations of the Newton Public School Department's food services program. Revenues are generated from the sale meals, state and federal reimbursement grants, and investment income. A formal budget is not adopted for this fund; however, expenditures are limited to the sum of revenues plus the beginning fund balance. Any difference between fund revenues and expenditures is financed with a transfer from the School Department's general fund operating budget.

#### Municipal ("Muni") Revolving Fund

The Revolving Fund is used to account for a variety of municipal (non-educational) functions that are expected to be self- supporting, such as departmental private duty details. All revolving funds, except for damage recoveries of less than \$20,000; private duty details and assignments; wetlands protection and development review activities; and police asset forfeitures are authorized annually by vote of the Board of Aldermen under Massachusetts General Law Chapter 44, Section 53E ½. Fund expenditures are limited to the lesser of actual available resources or the annual spending limit authorized by the Board of Aldermen. Effective July 1, 2005, all school revolving fund activities have been reclassified to a separate School Revolving Fund.

#### **School Revolving Fund**

Beginning on July 1, 2005, all Newton Public Schools revolving fund activity was transferred to a new School Revolving Fund. The Student Transportation and High School Parking revolving funds are authorized annually by vote of the Board of Aldermen under General Law Chapter 44, Section 53E ½.

#### **Receipts Reserved Fund**

This fund is used to account for a variety of local revenues whose use is either legally restricted by state law, or has been restricted by vote of the City's Board of Aldermen, for specific purposes and can only be spent with the prior appropriation of the Board of Aldermen. The fund is used to account for proceeds from the sale of surplus real estate, parking meter receipts, development mitigation funds, and revenues generated from cable television license agreements and the sale of recyclable materials. No expenditures can be made directly from the fund; rather, resources are appropriated and transferred to the City's general fund for expenditure.

#### **Federal ARRA Fund**

This fund was established in fiscal year 2009 to account for federal American Recovery and Reinvestment Act (ARRA) economic stimulus grant resources. Separate sub funds are used for each major grant program.

#### **Federal Community Development Block Grant Fund**

This fund is used to account for activities undertaken with federal Community Development Block Grant funds. The Mayor and Board of Aldermen approve each year's grant budget. This is a reimbursement grant.

#### Federal HOME Grant Fund

This fund is used to account for and report Federal HOME grant program housing assistance programs administered by the Newton Department of Planning and Community Development on behalf of Newton and other participating communities. The Mayor and Board of Aldermen approve each year's grant budget. This is a reimbursement grant.

#### **Municipal Federal Grant Fund**

This fund is used to account for a variety of categorical municipal federal grants. The Board of Aldermen approve annual grant budgets and grant budget obligations are generally limited to the lesser of actual available resources or the annual spending limit authorized by the Board.

#### **Municipal State Grant Fund**

This fund is used to account for a variety of categorical municipal state grants. The Board of Aldermen approve annual grant budgets and grant budget obligations are limited to the lesser of actual available resources or the annual spending limit authorized by the Board.

#### **School State Grant Fund**

This fund is used to account for all categorical public education state grants. The School Committee approves annual grant budgets and grant budgets are recorded upon receipt of approved grant agreements.

#### **School Federal Grant Fund**

This fund is used to account for all categorical public education federal grants. The School Committee approves annual grant budgets and grant budgets are recorded upon receipt of approved grant agreements.

#### **Community Preservation Fund**

This fund is used to account for the 1% local property tax surcharge that the voter of the City approved in November of 2001 for open space, historic resources, and affordable housing purposes. A minimum of 10% of each year's surcharge revenue must be appropriated to each of the statutory fund purposes each year. The Commonwealth of Massachusetts currently provides matching grants to Community Preservation Act participating communities equal to the total amount billed under the Community Preservation tax surcharge. The Board of Aldermen has appropriation authority over all community preservation funds; however, all appropriation recommendations must originate with a nine member Community Preservation Committee.

#### Newton Community Development Authority (NCDA) Fund

This fund is used to account for the housing and economic development activities of the Newton Community Development Authority (the authority). The Director of Planning and Development serves as Chairman of the Authority, which is staffed by Planning and Development employees.

#### **Permanent Fund**

This fund is used to account for a variety of municipal purposes, which were formerly classified as trust funds. Included within the fund is the Library Common Fund, which is used by the Library Board of Trustees to account for the purchase of library supplies and materials and the enhancement of public library services in Newton.

#### **Stormwater Management Fund**

Effective July 1, 2006 the Mayor and Board of Aldermen voted to establish the Stormwater Management special revenue fund to account for operation and maintenance of the City's storm water drainage activities. These activities were previously accounted for within the Public Works Department's General Fund appropriation. A flat rate stormwater management fee was imposed by ordinance effective July 1, 2006 and is intended to fund maintenance and operations. The City has no stormwater management debt at this time.

#### **Sewer Fund**

This fund is used to account for the operation and maintenance of the City's sanitary sewer collection system, as well as paying the Massachusetts Water Resources Authority (MWRA) annual charges for sanitary sewer treatment and disposal. Fund expenditures are financed in full from user charges that are levied on users of the system.

#### **Water Fund**

This fund is used to account for the operation and maintenance of the City's water supply distribution system, as well as paying the Massachusetts Water Resources Authority (MWRA) annual charges for supplying water to the City. Fund expenditures are financed in full from user charges that are levied on users of the system.

#### **Gift Funds**

Separate gift funds are maintained for municipal and school activities beginning in fiscal year 2010. These funds are used to account for private gifts and donations that are unrelated to any other fund. Expenditures are limited to the lesser of actual available resources or the annual spending limit authorized by the Board of Aldermen and School Committee.

#### **Rainy Day Stabilization Fund**

On October 4, 2010 the Mayor and Board of Aldermen voted to establish a Rainy Day Stabilization Fund pursuant to the provisions of Massachusetts General Law Chapter 40, Section 5B, and to make an initial contribution of \$2,643,271 to the new fund from the City's General Fund (certified free cash). Board order #224-10 specifies that resources accumulated in the Rainy Day Stabilization Fund are intended to address extraordinary and unforeseen expenditure contingencies and/or cyclical declines in operating revenues. A two thirds vote of the membership of the Board of Aldermen is required in order to use funds that have been accumulated in this fund and/or to change the purpose of the fund.

On April 20, 2011 the Mayor and Board of Aldermen voted in Board order #78-10 to amended the City's financial management policies to provide more detailed language regarding target funding plans for the Rainy Day Stabilization Fund; purposes for which it may be used; and limits on the amount of the fund that may be used in a single fiscal year. The target amount of the fund is 5% of the City's annual operating budget (approximately \$15 million) and it is the City's expectation that supplemental contributions will be made from available General Fund free cash until such time as the sum of such contributions and accumulated investment income reach the 5% target.

# CAPITAL PROJECT FUNDS COMBINING LEVEL FINANCIAL STATEMENTS

and

**SUPPORTING SCHEDULES** 

City of Newton, Massachusetts Comptroller's Office

### **Description of Capital Project Funds**

#### **School Building Improvement Fund**

This fund is used to account for the acquisition, construction, reconstruction, and/or major renovation of public school buildings (and related athletic fields and facilities) for which the City has not established a separate capital project fund. Financing is generally derived from the issuance of bonds or notes. Board of Aldermen appropriations are for the term of the project. The Public Building Commissioner is responsible for all projects accounted for in this fund. A separate sub-fund is maintained within the fund for each major capital project.

#### **High School Improvement Fund**

This fund was used to account for major improvements that are being made to the City's two high schools. Separate fund balances are maintained for the Newton South High School renovation and the Newton North High School new construction projects. During fiscal year 2014 this fund was closed out.

#### **Zervas School Improvement Fund**

This fund was established during fiscal year 2014 in order to report the costs of renovations and additions to the Zervas Elementary School. An appropriation of \$1 million was approved by vote of the Board of Aldermen for fund a feasibility study of building improvement options. During fiscal year 2015 the Board of Aldermen approved a \$40 million budget for expansion and renovation of the Zervas Elementary School. This project is not eligible for Commonwealth of Massachusetts School building assistance grant funding.

#### **Cabot School Improvement Fund**

This fund was established during fiscal year 2014 with a \$1 million appropriation from the Board of Aldermen for purposes of conducting a feasibility study of building improvement/replacement options for the Cabot Elementary School. This project is eligible for state funding assistance and debt service costs associated with the local share of project costs are being funded from a Proposition 2 ½ debt exclusion approved by Newton voters in 2013.

#### **Lincoln-Eliot School Improvement Fund**

This fund was established during fiscal year 2022 in order to report the cost of reconstructing the Lincoln-Eliot Elementary School. In FY 2022, a Bond authorization was approved By City Council for \$49.3 million for the construction of Lincoln-Eliot School. In FY 2023, \$10.0 million in Free Cash was transferred into the fund, reducing the Bond Authorization by the same amount. During FY 2023, the City borrowed \$5.0 million in bonds for the project.

#### **Municipal Building Improvement Fund**

This fund is used to account for the acquisition, construction, reconstruction, and/or major renovation of non-educational buildings for which the City has not established a separate capital project fund. Financing is generally derived from the issuance of bonds or notes. Board of Aldermen appropriations are for the term of the project. The Public Building Commissioner is responsible for all projects accounted for in this fund.

#### **Highway Improvement Fund**

This fund is used to account for the revenues and expenditures of the Commonwealth of Massachusetts Chapter 90 highway construction grant funds. Grant budgets are recorded based upon annual grant awards from the Commonwealth, Board of Aldermen authorization of annual spending authority, and approval of specific construction projects by the Massachusetts Highway Department. Chapter 90 highway construction grants are paid to the City on a reimbursement basis. The City finances grant expenditures internally until reimbursements are received from the Commonwealth. Grant revenue is recognized when approved expenditures are incurred and submitted to the Commonwealth for reimbursement. Effective July 1, 2005, this fund was reclassified to the Capital Project Funds from the Special Revenue Funds. A separate sub fund is maintained within the fund for each annual Chapter 90 grant agreement and individual project cost centers are maintained with each sub-fund for approved Chapter 90 projects.

#### **Mass Works Roadway Improvement Fund**

This fund was established during fiscal year 2012 for purposes of reporting revenues and expenditures associated with a state construction grant for certain road and intersection improvements being made in connection with the Chestnut Hill Square development on Route 9.

#### Street and Sidewalk Improvement Fund

This fund is used to account for major public works street and sidewalk improvement projects financed from the issuance of debt.

#### **Municipal Equipment Replacement Fund**

This fund is used to account for the acquisition of public safety and public works motor equipment, financed with the issuance of debt.

#### **Park Improvement Fund**

This fund is used to account for capital maintenance and improvements to City park and recreation facilities that are financed through the issuance of debt or with capital construction grants.

#### **Water System Improvement Fund**

This fund is used to account for capital improvements to the City's water distribution system. Funding is from a combination of local revenue appropriations and loans from the Massachusetts Water Resources Authority (MWRA).

#### **Sanitary Sewer System Improvement Fund**

This fund is used to account for capital improvements to the City's sanitary sewer collection system. Funding is primarily from loans and grants from the Massachusetts Water Resources Authority (MWRA) and the Massachusetts Water Pollution Abatement Trust (MWPAT).

#### **Capital Stabilization Fund**

The Capital Stabilization Fund is used to accumulate resources for future capital project financing. No expenditures are made directly from the fund. Funds are instead appropriated and transferred to another capital project fund or to the general fund for capital improvements and/or maintenance. Completed capital improvement and maintenance budget balances are closed out to this fund along with certain state and federal grants for capital purposes that have been funded originally with local resources. Separate fund balances are maintained within the fund for future year water and sewer project financing; future year general purpose capital project financing; future year bonded capital project financing

(balances from completed capital projects financed with debt proceeds); future fire station improvements; and future year debt service requirements for major capital projects that have been identified in the Mayor's capital improvement plan. Beginning in FY 2011, energy conservation reimbursements and rebates related to completed capital projects are deposited into a new energy conservation sub fund within the Capital Stabilization and are available for appropriation by the Mayor and Board of Aldermen for future energy conservation projects. A new sub-fund was established in 2014 to account for resources raised from the March 2013 Proposition 2 ½ property tax override for capital improvements to municipal and school buildings.

This fund is used to account for statutory workers compensation benefits for qualified non public safety employees and for medical bills for injured public safety employees. The actuarial liability for the workers compensation portion of the fund, as well as the annual appropriation for workers compensation benefits is determined annually by an independent actuary engaged by the City.

#### **Building Insurance Fund**

This fund is used to generate income for the funding of commercial property insurance premiums for City owned buildings. Funds are transferred to General Fund, upon annual authorization of the Mayor and Board of Aldermen.

#### **Liability Insurance Fund**

This fund is used to accumulate resources to pay public liability claims in excess of \$50,000. Claims of lesser amounts are funded from an appropriation included in the Law Department's General Fund appropriation.

City of Newton, Massachusetts

Comptroller's Office

# Description of Trust Funds and Agency Funds

### John C. Chaffin Educational Fund

Established by virtue of the last will and testament of John C Chaffin, dated March 7, 1899, which provided for the distribution of 2/3 of Mr. Chaffin's estate to the City of Newton, upon the death of his daughter, Hattie West Chaffin, for purposes of establishing an education fund. Income from the fund is to be used for purposes of benefiting graduates of Newton High School or any other school of higher grade in Newton in attending college or the Massachusetts Institute of Technology, but are financially unable to do so.

The fund assets were turned over to the City in 1930. Fund is administered by a (7) member board of trustees consisting of the chairman of the School Committee and (6) others, who shall be appointed for life by the Mayor.

### Clinton H. Scovell Scholarship Fund

Established under the terms of the will of Clinton H. Scovell and accepted by the City in 1967. The fund consists of a \$472,500 non-expendable balance, the income on which is to be used for prizes for distinguished scholarship in the high schools, upon the terms and provisions as the School Committee shall from time to time determine. A December 18, 1970 opinion of the City Solicitor advises that the terms of the gift seem to restrict the distribution of these funds to students currently attending City high schools, and not for tuition assistance for students graduated from Newton high schools.

## **Horace Cousens Industrial Fund**

Established by virtue of the will of Horace Cousens, with a \$556,850 gift, which was accepted by the City on December 15, 1930. The will provided that the fund was to accumulate income until it reached \$1 million. At the point that the fund principal reached \$1 million, the fund income is to be distributed to the deserving poor of the City who are not inmates of the almshouse. Distributions from fund income shall be made by the trustees of the fund, under such rules and regulations as the trustees shall from time to time adopt.

According to the will, at least 90% of the annual income of the fund is to be distributed to the deserving poor of the City. Not more than 20% of this sum may be loaned, instead of granted, to individuals who are temporarily in financial need.

On September 16, 1986, the trustees received permission from the Probate Court to take \$150,000 in accumulated income and add this sum to the non-expendable principal of the fund. This same court action authorized the trustees to add up to 10% of the annual income of the fund to the non-expendable fund balance.

The fund is administered by a (3) member board of trustees, who are appointed on an alternating basis by the Mayor and the Board of Aldermen.

This fund is used to account for loans and or grants to Newton residents who qualify as poor. At least 90% of the annual income of the fund is to be distributed to the deserving poor and not more than 20% of this sum may be loaned to individuals who are temporarily in financial need. Revenues consist primarily of investment income on fund cash and investments.
