Announcements

- Next Monday 11/15 at 6 pm, the Planning Department will host a public information session webinar on the **zoning redesign of village centers – community members' input**. These findings are from the first phase of engagement focused on the redesigned village center zoning districts. The Planning Department received 102 Vision Kit submissions and approximately 1,719 unique engagements via the various participatory channels offered. There will be a Q+A after the presentation and it will be recorded for those who cannot attend. More details and data can be found in the Planning Dept memo dated 11/5/21 [here](#). More information on how to Register for the webinar [here](#). Note: This will be the same presentation given to Zoning and Planning (ZAP) on 10/25 with [these slides](#) and [this memo](#). *The Planning Dept has more information on their zoning redesign village centers webpage [here](#).*

Zoning Redesign Village Centers' Engagement: Public Info Session on Community Members' Input webinar

Description: From May through the beginning of October 2021, Zoning Redesign turned its focus to village centers and began by asking Newton community members to share their experiences of and their future visions for their village centers. The input collected during this first phase of village

center engagement will help city staff and the Zoning and Planning Committee (ZAP) identify areas of research for how to update the zoning for village centers.

Join the City of Newton's Department of Planning & Development for a presentation on what the department heard from Newton's community members through the various channels of engagement. Following the presentation will be an open Q&A.

This will be recorded for those who cannot attend the live session. In addition, all raw qualitative data is available at newtonma.gov/zoningredesign/vc

For any questions about this event or Zoning Redesign, please contact zoningredesign@newtonma.gov or learn more at newtonma.gov/zoningredesign
