CITY CLERK
NEWTON, MA. 02459

That the City Council, finding that the public convenience and welfare will be substantially served by its action, that the use of the site will be in harmony with the conditions, safeguards and limitations set forth in the Zoning Ordinance, and that said action will be without substantial detriment to the public good, and without substantially derogating from the intent or purpose of the Zoning Ordinance, grants approval of the following SPECIAL PERMIT/SITE PLAN APPROVAL to exceed the floor area ratio (FAR) from .30 to .36, where .34 is the maximum allowed by right, and to allow a retaining wall exceeding four feet in height within the side setback as recommended by the Land Use Committee for the reasons given by the Committee, through its Chairman, Councilor Richard Lipof:

1. The specific is an appropriate location for the proposed addition which exceeds the FAR because there are similarly sized homes in the neighborhood with front facing, two car garages.
2. The specific site is an appropriate location for the reconstructed retaining wall greater than four feet in height within the side setback because it is replacing an existing wall. (§7.3.3.C.1)
3. The proposed addition which increases the FAR and the retaining wall greater than four feet in height within the side setback will not adversely affect the neighborhood because there are similarly sized homes in the neighborhood and the proposed retaining wall replaces an existing wall. (§7.3.3.C.2)
4. There will not be a nuisance or serious hazard to vehicles or pedestrians because the driveway location is being maintained. (§7.3.3.C.3)
5. Access to the site over streets is appropriate for the types and numbers of vehicles involved. (§7.3.3.C.4)
6. The increase in FAR from .30 to .36, where .34 is allowed by right, is consistent with and not in derogation of the size, scale and design of other structures in the neighborhood because the proposed addition is in keeping with the architectural integrity of the dwelling. (§3.1.3, §3.1.9)
