

IPM Meeting Minutes November 18, 2021

In Attendance: Kyle Simpson, Justin Traxler, Rob McClary and Derek Mannion

- Minutes –

There were no changes/edits to the October 21, 2021 IPM minutes. The minutes were not approved since there was no quorum.

- Review next steps for IPM –

- Rat issue

- KS there was no update on the rat issue from HHS. There is a city hotline for rodent issues. DM stated that through the IPM Policy and Procedures, the IPM Committee only has authority on city property, not on residential or private property.

- Improving Newton's Athletic Fields PP Presentation

- DM presented the PowerPoint spoke to the importance of resting of the fields. PRC maintenance will continue to monitor the fields in 2022 and develop a game plan for ipm sites for year 2022. JT stated the importance of keeping data on how many people are using the fields not just hours booked. DM agreed and compared to how golf course track each individual rounds. DM stated as construction begins some fields will have need to be shut down and other fields use will increased. IPM Calendar 2022 presented.

Next Meeting January 20, 2022 Snow Date January 27, 2022
