Dear Director Golden and Commissioner Christopher:

As the ***builder, architect and/or engineer*** for the ***project name and building address***, I, ***your name***, certify that I am knowledgeable of the project's green building strategies, designs, plans and construction and to the best of my knowledge, this project has been planned, designed and constructed so as to meet the prerequisites and earn the credits necessary to achieve certification with ***## points (or Silver, Gold, or Platinum with ### points) using the LEED specific rating system [ex. 2009 or v4 for Building Design and Construction]***.

Accompanying this affidavit are an updated LEED Checklist and a Final Green Building Report that reflect the final built conditions of the project and document our point score and approach to achieving the prerequisites and selected credits. An Excel version of the as-built LEED Checklist and a PDF version of all documents have been transmitted to the BPDA. We ***will/will*** not be seeking USGBC LEED Certification for this project.

Since final design approval, there have been no changes to our LEED Checklist or green building strategies.

***OR***

Since final design approval, we have made the following change(s) to our green building strategy(ies) which are reflected on the updated LEED Checklist. ***[List all construction phase changes and date(s) of BPDA approval.]***
