<p>The Gath Pool is situated within the Russell J. Halloran Sports and Recreation Complex, a.k.a. Albemarle Playground (Currently under Improvements Design Phase through separate CPA design funding). The property is owned and operated by the City of Newton under the care and control of the Parks, Recreation & Culture Department.</p> <p>Gath Pool is the sole public outdoor swimming pool for Newton's +85,000 residents and non-resident guests. It welcomes 30,000 users per season. Newton Parks, Recreation & Culture (PRC) has managed Gath Memorial Pool since it was constructed over 60 years ago. The pool is used daily, hosting swim lessons, summer camps, recreational and lap swimming, Special Athletes programs, senior programs and the City's coed Bluefish Swim Team made up of 200 members ages 5-18. Gath Pool also hosts the annual Summer Suburban Swim League regional championships with teams from 12 nearby communities and over 5,000+ visitors.</p>				

Neither the pools nor the bathhouse meets current ADA or MAAB accessibility guidelines; the 60-year old pools, deck, systems and equipment are past end-of-life; the pool leaks significantly; the decks are tripping hazards, marred by cracks, drains and other infrastructure; there is a need for more lap lanes.

Over the span of the past 8 months (September 2021 thru May 2022), the Parks, Recreation and Culture Department (PRC), in concert with the Public Buildings Department (PB) and with support of the consultant Bargmann Hendrie + Archetype, Inc. (BH+A) herein referred to as “The Team” has managed a series of Community and focus group meetings so seek input from a number of stake holders including, the Friends of Albemarle, Newton Bluefish, Commission on Disability, Conservation Commission, and the Parks and Recreation Commission, Athletes Unlimited, along with members of groups representing the LGBTQ+ and 55+ community and with much input from Newton Residents as a whole to help steer the direction of the pool improvements. This effort has led to the Draft Existing Conditions attached to this application. The Existing Facilities Study has been funded utilizing CPA funds in the Sum of \$60,000. The report is a result of the CPA support for a new pool.

The application for additional funding herein is a request to continue developing the pool design into a shovel-ready project, with the intent to seek constructions funds at the appropriate time in the planning phase of the project over the course of the next calendar year. It is the team’s intent to amend the consultant’ contract to capture the tasks required to bring the project into Phase 2, design development through Bidding. Another contract amendment if expected at the time of the construction funding request to cover construction administration.

As noted above, PRC and co-sponsor Public Buildings, with the support of the community for a new pool, are seeking to amend the consultant’ contract to include the following scope for Phase II of design:

Phase II tasks of the design phase are outlined below:

- Schematic Design/Site Plan Approval
 - Civil and Environmental Engineering Design for Conservation Commission Permitting
 - Landscape Architectural Services for Environmental permitting
 - Architecture and Aquatic design for Permitting
 - MEP Design around utilities and Stormwater design
 - Traffic and Parking Study
 - Hazardous Material Investigation
 - Geotechnical Investigation (Soil Borings and report)
 - Sustainability and technology assessment
- Design Development
 - Advance design resulting from SD/permitting
- Construction Documents
 - Geotechnical Specifications
 - Hazardous material Specifications
 - Technological, infrastructure and equipment specification
- Bidding
 - Construction bidding assistance
 - Addenda review
 - Contractor bid evaluation assistance
