CITY OF NEWTON
PURCHASING DEPARTMENT
INVITATION FOR BID#22-104

The City of Newton invites sealed bids in accordance with M.G.L. c.30, §39M from Contractors for:

ANNUAL SERVICE AND REPAIRS FOR CITY TRAFFIC SIGNALS

Bids will be received until: 11:00 a.m., Thursday, June 30, 2022

at the Purchasing Department, Room 108, Newton City Hall, 1000 Commonwealth Avenue, Newton, MA 02459. Bids will not be accepted nor may submitted bids be corrected, modified or withdrawn after the deadline for bids. Immediately following the deadline for bids, all bids received within the time specified will be publicly opened and read aloud.

The work of this contract includes repairs, installations, and betterments for the City's traffic signals and traffic control equipment and such alterations as may from time to time be directed by the Commissioner of Public Works or his designee(s).

It is the City's intent to award as many as up to three (3) separate contracts to the three responsive and eligible bidders offering the lowest Grand Totals as set forth in Bid Form #22-104.

Contract Documents will be available on line at: www.newtonma.gov/bids or for pickup at the Purchasing Department after **10:00 a.m., June 16, 2022**. There will be no charge for contract documents.

Only contractors that have been prequalified by the Massachusetts Department of Transportation (Mass DOT) are eligible to bid on this contract. MassDOT will provide a list of Prequalified Construction Contractors to the City of Newton. Bidders' eligibility will be verified at time of Bid Opening.

All bids must be accompanied by a bid deposit in an amount that is not less than five percent (5%) of the value of the bid, including all add alternates. **All bids shall be submitted as one ORIGINAL and one COPY.**

The term of this contract **shall extend from day of contract execution through June 30, 2023**. The City shall have the option, at its sole discretion, to renew this contract on the same terms and conditions as the initial term for **two (2) additional one year terms**. It is understood that in the event the term of this contract or any renewal option exercised extends beyond June 30 in any calendar year, the City reserves the right to terminate the contract if funding for its continuance is not appropriated in the succeeding fiscal year commencing July 1.

All bids are subject to the provisions of M.G.L. Chapter 30, Section 39M. **Wages are subject** to minimum wage rates determined by the Massachusetts Department of Labor and Industries pursuant to M.G.L. Chapter 149, Sec. 26 to 27H. The schedule of wage rates applicable to this contract is included in the bidding documents. In addition, the prevailing wage schedule will be updated annually for all public construction projects lasting longer than one (1) year. You will be required to pay the rates set out in any updated prevailing wage schedule. Increases in prevailing wage schedules will not be the basis for change order requests. The successful bidder will be required to provide a Certificate of Insurance demonstrating current coverage of the type and amounts set forth in the Project Manual. The successful bidder will be required to furnish a **Labor and Materials Payment Bond in the amount of 50%** of the contract total.

The costs of any bond and any insurance required in this Invitation For Bid are the responsibility of the bidder; such costs will not be reimbursed by City and should be included in your bid.

The contractor shall comply with trench excavation safety permit requirements (520 CMR 14.00). The contractor shall obtain a trench excavation safety permit from the Engineering Division of the Public Works Department prior to performing any trench excavations that exceed three (3) feet in depth. The associated permit fee shall be waived for all work completed under this contract. See pp. 75-79 below.

Bidders attention is directed to the requirements of the City of Newton Supplemental Equal Employment Opportunity, Anti-Discrimination and Affirmative Action Program and also to the Minority/Women Business Enterprise Plan, December 19, 1999, which is available from the City's Purchasing Department's web page.

If you wish to receive notification of bids, please email us your company information to purchasing@newtonma.gov otherwise you may view all City of Newton public bids online at www.newtonma.gov/bids.

The City may reject any and all proposals in accordance with applicable law. In addition, the City reserves the right to waive minor informalities in any or all bids, or to reject any or all proposals (in whole or in part) if it be in the public interest to do so.

In the event that any person wishes to attend a bid opening or pre-bid meeting, accessible and reasonable accommodations will be provided to persons requiring assistance. If you need a reasonable accommodation, please contact the city of Newton's ADA Coordinator, Jini Fairley, at least two business days in advance of the meeting: jfairley@newtonma.gov or (617) 796-1253. For Telecommunications Relay Service, please dial 711.

CITY OF NEWTON
DEPARTMENT OF PURCHASING
INSTRUCTIONS TO BIDDERS

ARTICLE 1 - BIDDER'S REPRESENTATION

- 1.1 Each General Bidder (hereinafter called the "Bidder") by making a bid (hereinafter called "bid") represents that:
1. The Bidder has read and understands the Bidding Documents, Contract Forms, General Conditions, Conditions of the Contract, General Requirements and Project Specification (collectively, referred to as the "Contract Documents") and the bid is made in accordance therewith.
 2. The Bidder is familiar with the local conditions under which the work has to be performed. (Traffic Signal Locations are set forth in Attachment A at pp. 26-29 below.)
- 1.2 Failure to so examine the Contract Documents or to become familiar with local conditions will not relieve any Bidder from any obligation under the bid as submitted.

ARTICLE 2 - REQUEST FOR INTERPRETATION

- 2.1 Bidders shall promptly notify the City of any ambiguity, inconsistency, or error which they may discover upon examination of the Contract Documents, the site, and local conditions.
- 2.2 Bidders requiring clarification or interpretation of the Contract Documents shall make a written request to the *Chief Procurement Officer*, at purchasing@newtonma.gov or via facsimile (617) 796-1227. The City will answer such requests if received **by Friday, June 24, 2022** at 12:00 noon.
- 2.3 Interpretation, correction, or change in the Contract Documents will be made by Addendum which will become part of the Contract Documents. The City will not be held accountable for any oral instruction.
- 2.4 Addenda will be emailed to every individual or firm on record as having taken a set of Contract Documents.
- 2.5 Copies of addenda will be made available for inspection at the location listed in the Invitation for Bids where Contract Documents are on file, in addition to being available online at www.newtonma.gov/bids.
- 2.6 Bidders or proposers contacting ANY CITY EMPLOYEE regarding an Invitation for Bid (IFB) or a Request for Proposal (RFP), outside of the Purchasing Department, once an IFB or RFP has been released, may be disqualified from the bidding process.
- 2.7 Bidders downloading information off the internet web site are solely responsible for obtaining any addenda prior to the bid opening. If the bidder makes themselves known to the Purchasing Department, at purchasing@newtonma.gov or via facsimile (617) 796-1227, they shall be placed on the bidder's list. Bidders must provide the Purchasing Department with their company's name, street address, city, state, zip, phone, fax, email address and **INVITATION FOR BID #22-104**.

ARTICLE 3 - MBE PARTICIPATION

- 3.1 Notice is hereby given that the Mayor's Affirmative Action Plan for the City of Newton in effect at the time of this solicitation is applicable to all construction contracts in excess of \$10,000.00.
- 3.2 Notice is hereby given that the City of Newton Minority/Women Business Enterprise Plan and the Supplemental Equal Employment Opportunity Anti-Discrimination and Affirmative Action Program in effect at the time of this solicitation are applicable to all City contracts for goods and services in excess of \$50,000.00.
- 3.3 Copies of the Plans and Program referred to in Sections 3.1 and 3.2 are available at: www.newtonma.gov/purchasing.

ARTICLE 4 - PREPARATION AND SUBMISSION OF BIDS

- 4.1 Bids shall be submitted on the "Bid Form #22-104," attached.
- 4.2 All entries on the Bid Form shall be made by typewriter or in ink.
- 4.3 Where so indicated on the Bid Form, sums shall be expressed in both words and figures. Where there is a discrepancy between the bid sum expressed in words and the bid sum expressed in figures, the words shall control.
- 4.4 Bid Deposits shall be submitted in the amount specified in the Invitation for Bids. They shall be made payable to the City and shall be either in the form of cash, certified check, treasurer's or cashier's check issued by a responsible bank or trust company, or a bid bond issued by a surety licensed to do business in the Commonwealth of Massachusetts; and shall be conditioned upon the faithful performance by the principal of the agreements contained in the bid. Bidders are reminded that the bid deposit covers the City for damages when a bidder withdraws its bid after the bid submission date. Bid advised that to the extent permitted by law the City will retain all bid deposits for withdrawn bids.

Bid deposits of the three (3) lowest responsible and eligible Bidders shall be retained until the execution and delivery of the City/Contractor agreement.

- 4.5 The Bid, including the bid deposit shall be enclosed in a sealed envelope with the following plainly marked on the outside:

- * GENERAL BID FOR: **#22-104**
- * NAME OF PROJECT: **ANNUAL SERVICE AND REPAIR FOR CITY TRAFFIC SIGNALS**
- * BIDDER'S NAME, BUSINESS ADDRESS, AND PHONE NUMBER

- 4.6 Date and time for receipt of bids is set forth in the Invitation for Bids.
- 4.7 Timely delivery of a bid at the location designated shall be the full responsibility of the Bidder. In the event that Newton City Hall is closed on the date or at the time that bids are due, the date and time for receipt of bids shall be on the next business day following that the Newton City Hall and the Purchasing Department are open.
- 4.8 Massachusetts law requires all employees who work on Massachusetts public works construction sites must have no less than 10 hours of OSHA-approved safety and health training. See M.G.L. c.30, §39M(c), M.G.L. c.30, §39S(a)(1), M.G.L. c.149, §44E(2) & M.G.L. c.149, §44F(2).
1. This requirement will apply to any general bid or sub bid submitted.
 2. This law directs the Massachusetts Attorney General to restrain the award of construction contracts to any contractor who is in violation to this requirement and to restrain the performance of these contracts by non-complying contractors.
 3. The contractor and all subcontractors on this project must certify on the Bid Form compliance with the applicable requirement. Non-compliance with this law will disqualify the bidder.

ARTICLE 5 - ALTERNATES

- 5.1 Each Bidder shall acknowledge Alternates (if any) in Section C on the Bid Form.
- 5.2 In the event an Alternate does not involve a change in the amount of the base bid, the Bidder shall so indicated by writing "No Change", or "N/C" or "0" in the space provided for that Alternate.
- 5.3 Bidders shall enter on the Bid Form a single amount for each Alternate which shall consist of the amount for work performed by the Contractor.
- 5.4 The low Bidder will be determined on the basis of the sum of the base bid and the accepted alternates.

ARTICLE 6 - WITHDRAWAL OF BIDS

- 6.1 Any bid may be withdrawn prior to the time designated for receipt of bids on written or electronic request. Electronic withdrawal of bids must be confirmed over the Bidder's signature by written notice postmarked on or before the date and time set for receipt of bids.
- 6.2 Withdrawn bids may be resubmitted up to the time designated for the receipt of bids.
- 6.3 No bids shall be withdrawn within thirty days, Saturdays, Sundays and legal holidays excluded, after the opening of the bids.

ARTICLE 7 - CONTRACT AWARD

- 7.1 The City is soliciting bids to provide the estimated materials and labor pricing set forth in the Item Sheet at p. 11 below, based on the attached Specifications (pp. 21-25) for "On Call" Annual Service and Repair of City Traffic Signals. It is the City's intent to award up to THREE (3) separate contracts to the three responsive and eligible Bidders offering the lowest Contract Price for Fiscal Year 2023 (FY23),¹ as set forth in their respective Bid Forms #22-104. Contracts will be awarded within sixty (60) days, Saturdays, Sundays, and legal holidays excluded, after the opening of bids. The Primary Contract will be awarded to the bidder submitting the lowest FY23 Contract Price. The Primary Contractor shall provide services for routine maintenance and repair projects. In the event that the Primary Contractor is unable to provide requested services under the contract, the City shall request the services from the second lowest bidder. If the secondary bidder is unable to provide such services, it shall go to the third lowest bidder. In addition, the City reserves the right, should it so elect, to solicit estimates of the number of hours and materials costs needed to complete work identified by the City as a "special project." The City will obtain an estimate of hours from the Primary Contractor as well as the two (2) other contractors selected as lowest responsive and eligible bidders. The work on such special project will be given to the one of the three contractors whose number of hours times its hourly rate(s) plus materials costs result in the lowest special project price. A "special project" is one for substantial nonrecurring work involving such things as the drawing of permits or architect's drawings, or a project cost of more than \$25,000.
- 7.1 The City of Newton reserves the right to waive minor informalities in or to reject any or all Bids if it be in the public interest to do so.
- 7.2 The City reserves the right to reject any bidder who has failed to pay any local taxes, fees, assessments, betterments, or any other municipal charge, unless the bidder has a pending abatement application or has entered into a payment agreement with the collector-treasurer.
- 7.3 As used herein, the term "lowest responsible and eligible Bidder" shall mean the Bidder (1) whose bid is the lowest of those bidders possessing the skill, ability and integrity necessary for the faithful performance of the work; (2) who has met all the requirements of the invitation for bids; (3) who shall certify that he is able to furnish labor that can work in harmony with all other elements of labor employed or to be employed in the work; (4) who, where the provisions of section eight B of chapter twenty-nine apply, shall have been determined to be qualified thereunder.
- 7.4 Subsequent to the award and within five (5) days, Saturday, Sundays and legal holidays excluded, after the prescribed forms are presented for signature, the successful Bidder shall execute and deliver to the City a Contract in the form included in the Contract Documents in such number of counterparts as the City may require.
- 7.5 In the event that the City receives low bids in identical amount from two or more responsive and responsible Bidders, the City shall select the successful Bidder by a blind selection process chosen by the City such as flipping a coin or drawing names from a hat. The low Bidders who are under consideration will be invited to attend and observe the selection process.

ARTICLE 8 - TAXES

- 8.1 The Bidder shall not include in this bid any tax imposed upon the sale or rental of tangible personal property in this Commonwealth, such as any and all building materials, supplies, services and equipment required to complete the work.
- 8.2 The City is exempt from payment of the Massachusetts Sales Tax, and the Bidder shall not include any sales tax on its bid. The City's exemption Number is E-046-001-404.

¹ The contract for this bid is for one year, with two (2) one-year options, exercisable by the City, to extend. Since the options may or may not be exercised, the awards are based solely on the FY23 Total Contract Price. However, if an option is exercised, the contractor's compensation shall be its Total Contract Price for the applicable fiscal year.

ARTICLE 9 – PROPRIETARY SPECIFICATIONS

- 9.1 The City has used a proprietary specification to describe the supply listed in the specifications. Such specifications are permitted under M.G.L. c. 30, §39M(b), provided that the City states in writing that use of the proprietary specification is in its best interest and that it will accept an “equal” of the item specified. An item is considered equal if (i) it is at least equal in quality, durability, appearance, strength, and design; (ii) will perform the intended function at least equally; and (iii) conforms substantially, even with deviations, to the detailed requirements contained in the specifications. In the event that the Bidder wishes to substitute an equal item, it may do so either in its bid or proposal or after the contract is awarded but before a contract is executed, it being understood that the award shall be conditioned on the Bidder providing the item originally specified or an equal item accepted by the City and identified in the contract. In no event shall the Bidder be entitled to offer, or the City obliged to consider, the substitution of an item as equal after execution of a contract. In the event the Bidder substitutes or attempts to substitute an “equal” item after that date, it shall be in breach thereof and be liable for actual and consequential damages resulting from its failure to perform as agreed. The City shall have the sole right to determine whether or not said item is equal.
- 9.2 The required determination and justification have been duly prepared, and a copy may be requested in accordance with the Massachusetts Public Records Law, M.G.L. c. 66, §10.

Note: The number of hours listed above is estimated and will be used for bid comparisons only. In no way should the figures be construed to mean that they represent a guarantee of work to be done. They are the City's best estimate based on prior experience. Actual quantities may be more or less than those estimated. Regardless of the amount of the actual quantities, the unit price(s) and percentages shall be those set forth above.

The contractor shall insert prices for each item in ink, in both words and figures to show a total bid price. In the event of a discrepancy between the written words and figures, the written words shall govern. In the event of an error in the bidder's total price, the corrected total bid obtained by the summation of the products of the unit prices multiplied by the respective quantities shall stand as the bidder's total price. The contractor is advised to review any related plans, conduct a full site review, and read all the provisions in the document before inserting prices.

IMPORTANT NOTICE:

Contracts shall be in effect for Fiscal Year 2023 (Date of contract execution through June 30, 2023) and may be extended for up to two (2) one-year extension terms at the option of the City for Fiscal Year 2024 (July 1, 2023 –June 30, 2024) and Fiscal Year 2025 (July 1, 2024 – June 30, 2025). Contracts are subject to annual appropriation by the Mayor and City Council. Failure by the City to provide the necessary funding will result in cancellation for that fiscal year. Contract extensions are also subject to annual performance review of the contractor(s).

At any time, a contractor shall be required to complete certain tasks which are not called for under these specifications but which are done at the special request of the Engineer. These items of work shall be completed only when and as directed by the Engineer.

All work under this item shall be paid for by one or more or a combination of the following methods at the City's discretion.

- a. Unit prices previously bid.
- b. An agreed lump sum.
- c. The actual cost of:
 - 1. labor, including foremen;
 - 2. materials entering permanently into the work;
 - 3. the ownership or rental cost of construction plant and equipment during the time of use on the extra work;
 - 4. power and consumable supplies for the operation of power equipment;
 - 5. insurance; and
 - 6. social security and old age and unemployment benefits.

To the cost under paragraph (c) above, there shall be added a fixed fee to be agreed upon but not to exceed fifteen per cent (15%) of the actual cost of the work. The fee shall be compensation to cover the cost of supervision, overhead, bond, profit and any other general expense.

The City shall retain a cash credit in full or in part, in the event that the final cost of materials and/or equipment is lower than the original cash allowance provided.

To the estimated cost or actual cost under (c) for work performed by subcontractors, there shall be added a fixed fee of ten per cent (10%) as compensation to cover the subcontractor's cost of supervision, overhead, profit and any other subcontract general expense, plus five per cent (5%) as compensation to cover the General Contractor's cost of supervision, overhead, profit, bond and any other general expenses.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

**DEPARTMENT OF PUBLIC WORKS
CITY OF NEWTON, MASSACHUSETTS
SPECIFICATIONS FOR
ANNUAL SERVICE AND REPAIR FOR CITY TRAFFIC SIGNALS**

A. SCOPE OF WORK

This contract will consist of repair, installation, and betterment of City-owned traffic signals and traffic control equipment, including underground service conduits, on an on-call time/materials basis. Modifications or capital improvements to any existing or new locations may also be performed, as directed by the Commissioner of Public Works or his/her designee(s) under this contract.

The scope of capital improvements shall include but not be limited to: signal equipment upgrades, installation of pedestrian warning signals or school zone flashers, installation of emergency vehicle pre-emption equipment, installation of accessible pushbuttons or countdown signals, installation of signal communications equipment, modifications to signal equipment locations and/or operations.

Before bidding on this contract, each prospective contractor should examine the environs of the proposed work and become fully acquainted with conditions as they exist. Arrangements must be made with the Commissioner of Public Works or his/her designee(s) prior to opening of any traffic control cabinets. Failure to visit the sites and become acquainted with the specifications and conditions of existing equipment shall in no way relieve the contractor from these obligations with respect to this bid. By submitting a bid, the contractor has agreed to provide any and all service, material and labor necessary for the continuous and proper operation of all traffic control equipment to the complete satisfaction of the City.

B. GENERAL QUALIFICATIONS AND REQUIREMENTS

This contract will be awarded to a contractor who is presently and primarily engaged in the business of maintaining and servicing traffic signals, and traffic control equipment. The contractor must also be presently providing emergency call service on a regular basis through its maintenance/service department. The contractor will be required to service and maintain the City's traffic signal equipment on a twenty-four (24) hour, seven (7) day a week basis, including holidays.

The contractor shall give personal attention to the faithful prosecution of the work and shall keep the same under his personal control. The contractor will not be permitted either to assign or to underlet the contract nor assign either legally or equitable any moneys hereunder, or its claim thereto. The contractor shall take all responsibility of the work and take all precautions for preventing injuries to persons and property in or about the working area.

A summary of personnel technical qualifications, vehicle and equipment inventory, and a minimum of three (3) recent/current projects relevant to the required work on traffic signals, flashing beacons and flashing warning signs must accompany the bid. Using current or recent contracts, the contractor shall demonstrate at least three (3) years of relevant experience maintaining a traffic signal network of 50 signals or more. Bidding contractors must be on the Massachusetts Department of Transportation (MassDOT) approved list for Traffic Signal Maintenance.

The contractor shall employ **two (2) or more** licensed electricians with a minimum of two years' experience in technical traffic signal work and a current IMSA Level II or III certification. Bidder must provide copies of the IMSA Level II or III with their Bid (see check off list in paragraph D of the Bid Form). Whenever the Chief Procurement Officer or his/her agent notifies the contractor in writing that any person(s) working in his employment is, in her/his opinion, incompetent, unfaithful, disorderly or otherwise unsatisfactory, such person(s) shall be discharged from the work and shall not again be employed by the contractor without the consent of the Chief Procurement Officer and Commissioner of Public Works.

The contractor shall designate in writing BOTH a field technician and an office-based project manager to serve as the City's primary point of contact for all contract matters, including technical issues, billing questions, scheduling, status of ongoing projects, and providing cost estimates for potential projects, etc. The labor hours associated with the above activities shall not be billable, rather, associated costs shall be built into the labor and materials contract rates. Upon request, the project manager shall provide a summary report for all outstanding service calls via email or online on a weekly basis.

C. BILLING REQUIREMENTS

The contractor shall submit monthly invoices within ten (10) business days for each of the following three categories of work:

- On-call traffic signal maintenance work;

- Other traffic signal projects, as authorized by the City, based on alternate funding sources. Separate invoices shall be provided for each project in this category.

For each traffic signal service call, the following information shall be attached to the cover sheet, listed alphabetically by service call location:

- Source of call, problem reported, date, location, and signal number (provided by the City);
- Arrival and departure time (departure time may be determined by arrival time plus hours charged);
- Name or initials of technician who responded;
- Exact location of repair (e.g., ped button on NE corner, green LED on eastbound approach, etc.)
- Signal condition on departure, including any unresolved issues; and any follow-up work suggested (with City authorization) or required (additional parts or assistance needed upon return visit);
- Labor data including the labor hours by category;
- Materials data including quantity, description, cost, and total;
- Technician’s comments; and
- Back-up documentation as applicable (e.g., police details).

Invoices shall not be processed for payment until the above information is provided in a format acceptable to the City.

Electronic copies of all invoices and service call reports shall be provided monthly. The City shall not be billed for materials costs prior to completion of installation. Each bill shall contain a cover sheet listing the total monthly invoice for labor, materials per item, materials plus % mark-up (item # 2 only), and police details.

If requested by the City, the contractor shall furnish each signal’s service request history once every six months.

If requested by the City, the contractor shall provide electronic files of digital photographs taken upon on-site arrival of damaged City traffic signal equipment.

D. SERVICE CALLS

Signal malfunctions, maintenance issues, or knockdowns are generally first received by the Newton Police Department, referred to the Department of Public Works (DPW), and screened by DPW to minimize “no problem found” calls before they are reported to the contractor. The frequency of service calls described in Section A represents the number of screened calls, not the number received by Police. Upon contract execution, the City will provide a list of individuals authorized to initiate service calls. The City shall not be responsible for payment for a contractor’s response to a service call if initiated by a non-authorized individual.

The contractor shall have adequate labor, service trucks, equipment and materials necessary to complete all repairs within the associated response time as described below. All trucks and equipment shall be equipped with flashing lights, strobes, or other devices to alert motorists to the contractor’s presence. All vehicles must be clearly marked with the name of the company on the vehicles operating in the City of Newton. The contractor shall provide at no additional cost to the City, two-way communications between his office and vehicles used in making repairs. The contractor shall have 24 hours a day, 7 days per week emergency telephone answering service and repair service available throughout the term of this contract.

Response times are categorized by the City as **emergency** or **non-emergency** calls. Labor rates in this contract shall not be dependent on type of service call or time when the call is made (e.g., weekday, weekend night, holiday, etc.).

For **emergency** calls, the maximum response time shall be two (2) hours. Emergency calls include knockdowns, controller failure, signal not cycling properly, exposed wires, twisted heads, or signals on flash, etc. If the contractor’s response time exceeds two hours, a penalty of \$250.00 per each additional hour late may be charged. If the contractor response time exceeds eight (8) hours, another contractor will be employed to repair the failed intersection at the expense of the original contractor. The City of Newton shall deduct this amount from the contractor’s billing.

For **non-emergency** calls, the maximum response time shall be 48 hours unless otherwise specified. Non-emergency calls may include school zone flashers, timing adjustments, detector failure, pedestrian lamps out, etc.

In the event the contractor is unable to restore automatic operation in the field, a temporary controller will be supplied at no additional cost to the City of Newton. Controllers and associated equipment shall be serviced and adjusted in accordance with the manufacturer’s service manual. The contractor shall notify the City immediately during normal working hours of any traffic signal location taken out of normal operation for more than 4 hours and placed on flashing operation or left completely out of operation.

During evening hours, weekends and holidays, the Newton Police Department shall also be notified. Every effort should be made to keep the intersection in normal or flashing operation.

In the event of a power failure, the contractor will be responsible for taking the appropriate action and providing the necessary equipment such as a generator or light tower to provide temporary power to the signal equipment. The contractor will be responsible to supply and remove temporary stop signs if necessary. The contractor shall restore normal operation in the field once power is restored within 24 hours.

There shall be up to one hour of travel time charge at the appropriate hourly rate(s) for transportation time to/from the service call location. The minimum travel time charge for one service call on a given day shall be one hour at one electrician's hourly rate. In the event that more than one service call is simultaneously placed or scheduled, the associated charges for subsequent calls shall be based on the technician's arrival and departure time. All hours shall be charged in half hour increments.

Where more than one man is required, only the first man shall be billed as an electrician. The others shall be billed as laborers except in unusual circumstances and upon approval by the City. Tools and equipment normal to the trade, which shall include, but not be limited to: bucket trucks, compressors, and crane trucks, shall be provided at no additional cost to the City.

When arriving on-site, the contractor shall immediately set-up a safety work zone in accordance with Federal and State guidelines, and locate all equipment in an effort to protect workers and maintain traffic flow. The contractor is responsible to ensure that all personnel working on the project are issued and are wearing all necessary personal protective safety equipment while working within the project limits. This equipment shall include, as a minimum, a hardhat and a safety vest, regardless of the type of work being performed. Other safety equipment shall be added as required to perform the work in which they are engaged and in accordance with all local, state and federal requirements in effect. Safety equipment shall be provided at no additional cost to the City.

During a service call, the technician shall check the following traffic signal equipment for proper operation:

- Cabinet condition, including filter, seal, and foundation bolts;
- Vehicle and pedestrian indications;
- Pedestrian push-buttons;
- Detection; and
- Base covers.

The technician shall make the proper repair while on-site or make the location safe until full restoration and report any outstanding maintenance items, suggestions, or temporary repairs on the service call report.

The contractor shall be responsible for documenting the results of all emergency service calls within two (2) hours of completion of the work. Information shall include: name of technician responding, problem found, description of work performed, status of location upon departure, and any follow-up work required. Acceptable communications methods shall include: email, text message, or via posting on contractor's web site, or approved equivalent. The City shall not be responsible for payment for the labor hours associated with any service call where documentation is not provided within the specified timeframe.

All traffic signal repairs shall have a 14-day warranty beginning from the date/time of completion; if the same problem is reported a second time within 14 days following the original service call, the City shall not be responsible for payment for additional service calls within 14 days, unless circumstances, in the sole judgment of the City, provide justification for payment.

E. MATERIALS, EQUIPMENT, AND WORKMANSHIP

The contractor shall procure all materials required for maintenance of the traffic control equipment and devices and maintain sufficient stock of traffic signal parts inventory to meet all repair timeframes specified above. This material shall be new, unused, and meet all standards and specifications set and approved by MassDOT (latest equipment list found in The Qualified Traffic Control Equipment (QTCE)¹), Institute of Transportation Engineers (ITE) Equipment and Materials Standards, International Municipal Signal Association (IMSA), National Electrical Manufacturers Association (NEMA) and the Manual on Uniform Traffic Control Devices (MUTCD). Copies of the contractor's purchase invoices reflecting actual costs shall be available to the City of Newton as requested.

The contractor may be directed to install City-supplied traffic signal equipment and no mark-up to City-supplied materials or charges beyond labor and non-City-supplied materials shall be allowed. The contractor may invoice the City for the labor time associated with picking up material from a location within the City.

¹ All materials shall appear on The Qualified Traffic Control Equipment (QTCE) list, provided by MassDOT, and is subject to change.

All the work under this contract shall be done to the satisfaction of the Commissioner of Public Works or his/her designee(s), who shall in all cases determine the amount, quality, acceptability and fitness of the work performed and materials supplied.

The City of Newton reserves the right to inspect the contractor's operation at any time for the purpose of determining compliance with the specifications and maintenance records, including the time records for service calls. Any work or materials found to be substandard or not in accordance with the provisions outlined in this contract shall be repaired or replaced to the satisfaction of the City at the sole expense of the contractor.

All materials not required or salvageable for use elsewhere in the City, and not required to be removed and stacked, shall become the property of the contractor and shall be removed from the site and legally disposed or recycled. No separate payment will be made for this work, but all costs in connection there with shall be included in the prices bid for various contract items. The contractor may not dispose of materials within the City unless authorized by the Commissioner of Public Works or his/her designee(s).

All contractors are hereby notified of the TRENCH PERMIT pursuant to G.L. c.82A, section 1 and 520 CMR 7.00 et seq (as amended). Please refer to ATTACHMENT - A TRENCH PERMIT. The contractor shall comply with trench excavation safety permit requirements (520 CMR 14.00). The contractor shall obtain a trench excavation safety permit from the Engineering Division of the Public Works Department prior to performing any trench excavations that exceed three (3) feet in depth. The associated permit fee shall be waived for all work completed under this contract.

F. GENERAL NOTES

1. Unless directed otherwise by the City, all traffic signal equipment installed via regular maintenance, minor modifications, or knockdown repair shall meet all current applicable standards, including 12" signal indications and LED lamps. Noting the above, the contractor shall make all reasonable efforts to match the brand, type, and/or appearance of remaining equipment at a given location as typically only a portion of the equipment must be replaced. The contractor is responsible to correct all work that does not meet current standards or is not approved by the City at no expense to the City.

2. The contractor shall perform in-house or engage third-party services for accident recovery. Accident recovery shall require the contractor to recover repair costs associated with traffic signal damage from the responsible driver's insurance company. Accident recovery shall be employed under the following conditions:

- Accident recovery must be performed by a MassDOT pre-qualified accident recovery firm;
- The same accident recovery firm shall be used throughout the term of this contract unless permission is granted by the City to select another firm due to unusual circumstances;
- Accident cost recovery shall follow all current procedures established by MassDOT;
- Accident repair work shall be billed using the labor rates and materials costs established by this contract;
- The contractor shall provide the City with quarterly reports regarding the location, amount, and status of all accident recovery invoices sent to insurance providers;
- The City shall not be responsible for a reduction in contract payments resulting from utilization of a third-party accident recovery firm;
- The City shall be responsible for payment of contractor's knockdown repair costs where the responsible driver was not identified in a police report, was not insured, or was under-insured for the property damage caused, or collections could not be made for reasons beyond the control of the contractor.

3. As necessary, the contractor shall be responsible for all coordination with NSTAR regarding work orders for electric service installations, disconnects, protection of existing overhead wires, etc. All work order payments made to NSTAR will be reimbursed by the City as a pass-through cost with no mark-up.

4. The City of Newton may engage the services of other contractors, vendors, and consultants for the maintenance and modification of equipment located within a traffic signal controller cabinet under the following conditions:

- Work shall not comprise any wiring, cable, communications, or signal equipment work that is physically located outside the traffic signal controller cabinet.
 - The City shall notify the contractor in writing regarding any such work by others and the City shall be responsible for the quality of and payment for the work.
4. Whenever the number of traffic signal locations is increased or decreased, the Commissioner of Public Works or his representative shall notify the contractor. This notification shall give the location, scope of work, and effective date of change.

There shall be no additional compensation considered, or given, for the addition of any traffic signals, flashing beacons, school zone warning devices, or any other devices put into service during the life of this contract, nor shall there be any decrease in compensation if the City removes any locations during this contract. The contractor shall be notified by the City when any location is under construction by others (e.g., a roadway reconstruction) and the contractor shall not be responsible for service calls to that location. When the construction is complete and the warranty period (generally 1 year) over, the contractor will be notified by the City that the location is back within the contract scope.

6. The contractor shall, when ordered by the City, check and adjust where necessary, the timing and phasing of traffic signal controllers. The City will furnish the timing and phasing schedule. A written report of the check and adjustments shall be made by the contractor to the City. Any new installations of a minor nature, requested by the City, such as changes in present installations, modifications, or revisions shall be paid for at the applicable contract rates upon the submission of an itemized invoice according to normal City procedures and approved by the City. The contractor must be able to download and upload signal timing data to traffic signal controllers and provide data via electronic file to the City upon request.

7. The contractor shall notify the Commissioner of Public Works or his/her designee(s) in advance of the beginning or resumption of any work previously ordered pertaining to removal, reinstallation or relocation of traffic signal equipment, including inductance loops, due to street construction.

8. The contractor must provide a contact list of all electricians, working foremen, or their equivalent, who will be assigned to service calls in the City of Newton. The list should include name, certifications, and mobile phone number. The contractor is responsible for providing the City with an updated list as necessary.

9. The contractor shall, upon the order of the City, inspect all traffic signal equipment including controllers, bases, posts, heads, mast arms, shafts and the electrical distribution system for proper voltage regulation and grounding. The contractor shall submit a report on the work performed, including date and time and the conditions of equipment on daily service report forms.

10. When a service call is placed for a school zone flasher, the contractor shall always check both flashers on a given street for proper operation and report status of both locations on service call report.

10. The contractor shall completely familiarize themselves with current City policies regarding and/or regulating police details. The contractor is responsible for hiring and payment of police details and will be subsequently reimbursed for the full invoice amount for the City of Newton Police Department charges (or any other applicable Police Department) under Item #1. The original invoice issued by the billing authority must be submitted for payment under this item. In the event police detail requests cannot be completely filled to cover the contractor's scheduled work for any particular day, the contractor shall adjust his work schedule accordingly and not shall not hold the City responsible for any financial loss. The contractor is responsible for canceling police details due to schedule changes.

11. For all non-emergency work over \$2500, the Contractor may be required by the City to provide a detailed cost estimate to perform the work which price will include all materials, labor and equipment necessary in order to complete the work as agreed to by the City and Contractor. The Contractor shall notify the City in advance and prior to completing the work if the cost is expected to exceed the original estimate. The cost estimate will be based upon bid material and labor rates submitted by the Contractor as part of this contract.

CONTRACT FORMS

The awarded bidder will be required to complete and submit documents substantially similar in form to the following.

These forms may need to be modified on account of changed circumstances, and are provided for informational purposes only.

CITY - CONTRACTOR AGREEMENT

CONTRACT NO. C-

THIS AGREEMENT made this ___day of _____ in the year Two Thousand Twenty Two by and between the CITY OF NEWTON, a municipal corporation organized and existing under the laws of the Commonwealth of Massachusetts, hereinafter referred to as the CITY, acting through its Chief Procurement Officer, but without personal liability to him, and hereinafter referred to as the CONTRACTOR.

The parties hereto for the considerations hereinafter set forth agree as follows:

- I. SCOPE OF WORK.** The Contractor shall furnish all labor, materials and equipment, and perform all work required in strict accordance with the Contract Documents for the following project:

ANNUAL SERVICE AND REPAIRS FOR CITY TRAFFIC SIGNALS

- II. CONTRACT DOCUMENTS.** The Contract documents consist of the following documents which are either attached to this Agreement or are incorporated herein by referenced:

- a. This CITY-CONTRACTOR Agreement;
- b. The City's Invitation For Bid #22-104 issued by the Purchasing Department;
- c. The Annual Service and Repairs for City Traffic Signals including the Instructions to Bidders; General Conditions; Special Conditions; MWBE/AA Requirements, Wage Rate Requirements and Wage Rate Schedule(s) including any updated prevailing wage rate schedules if applicable; The Supplementary Special Conditions; General Requirements and Project Specifications; and Drawings, if included or referenced therein;
- d. Addenda Number(s) _____;
- e. The Bid Response of the CONTRACTOR submitted for this Project and accompanying documents and certifications;
- f. Certificate(s) of Insurance and surety bond(s) submitted by the CONTRACTOR in connection with this Project;
- g. Duly authorized and executed Amendments, Change Orders or Shipping Orders issued by the CITY after execution of this CITY-CONTRACTOR Agreement.

This CITY-CONTRACTOR Agreement, together with the other documents enumerated in this Article, constitute the entire Agreement between the CITY and the CONTRACTOR. The CONTRACTOR represents that its bid was made without condition, qualification or reservation of any kind, except upon the written acknowledgement and consent of the CITY.

- III. PRIORITY OF DOCUMENTS.** In the event of inconsistency between the terms of this CITY -CONTRACTOR Agreement and the Project Manual, the terms of this Agreement shall prevail.

- IV. APPLICABLE STATUTES.** All applicable federal, state and local laws and regulations are incorporated herein by reference and the Contractor agrees to comply with same.

- V. **CONTRACT TERM.** The term of this contract shall extend from July 1, 2022 through June 30, 2023 with the option to extend, at the City sole discretion, for two (2) additional one (1) year terms with no change to the contract price and terms and conditions. If for any fiscal year or any part thereof during the term of this Agreement, funds for the discharge of the City’s obligations under this Agreement are not appropriated and authorized, or funds so appropriated and authorized are reduced or withdrawn, then this Agreement shall terminate.
- VI. **AUTHORIZATION OF AND PAYMENT FOR WORK PERFORMED.** The execution of this contract does not constitute a notice to proceed or authorization to perform work. No work shall be commenced unless authorized by the City of Newton Public Works Department specifying the work to be performed. The Contractor will be paid for work performed in accordance with the provisions contained in the Project Manual and applicable state law. **It is understood that payments under this contract shall not exceed \$_____ annually, unless the contract amount is increased by an authorized change order executed by the parties.**
- VII. **RESPONSIBILITY FOR THE WORK/INDEMNIFICATION.** The Contractor shall take all responsibility for the work, and shall take all precautions for preventing injuries to persons and property in or about the work and shall defend, indemnify and hold the City harmless from all loss, cost, damage or expense arising from injuries to persons or property in or about the work. The Contractor shall be responsible for any damage which may be caused by the failure or insufficiency of any temporary works. He shall effectively protect his work and shall be liable for all damage and loss by delay or otherwise caused by his neglect or failure so to do.
- VIII. **WARRANTY.** Except as may be otherwise provided in the Project Manual, the Contractor shall replace, repair or make good, without cost to the City, any defects or faults arising within one (1) year after date of acceptance of work and materials furnished hereunder (acceptance not to be unreasonably delayed) resulting from imperfect or defective work done or materials furnished by the Contractor.
- IX. **PATENT INDEMNIFICATION.** The Contractor agrees to assume the defense of and shall indemnify and save harmless the City and all persons acting for or on behalf of it from all suits and claims against them, or any of them, arising from or occasioned by the use of any material, equipment or apparatus, or any part thereof which infringes or is alleged to infringe on any patent rights. In case such material, equipment or apparatus, or any part thereof, in any such suit is held to constitute infringement, the Contractor, within a reasonable time, shall at its own expense, and as the City may elect, replace such material, equipment or apparatus with non-infringing material, equipment or apparatus, or remove the material, equipment, or apparatus and refund the sums paid therefor.
- X. **ASSIGNMENT/SUB-CONTRACTING.** The Contractor agrees that he will not sell, assign or transfer this Contract or any part thereof or interest therein without the prior written consent of the City.
- XI. **TERMINATION.** If the work to be done under this Contract shall be abandoned, or if this Contract or any part thereof shall be assigned or transferred, without the previous written consent of the City, or if the Contract or any claim hereunder shall be assigned by the Contractor otherwise than as herein specified, or if at any time the City determines that the conditions herein specified as to the rate of progress are not fulfilled, or that the work or any part thereof, is unnecessarily or unreasonably delayed, or that the Contractor has violated any of the provisions of this Contract, the City may terminate this Contract and/or notify the Contractor to discontinue such work or such part thereof as the City may designate, and the City may thereupon by agreement or otherwise, as it may determine, complete the work, or any part thereof; and for such completion the City for itself or for its Contractor may take possession of and use or cause to be used in the completion of the work thereof any of such materials, apparatus, machinery, implements, and tools of every description as may be found upon said work. Termination pursuant to this paragraph shall not entitle the Contractor to any claim for damages on account thereof, nor shall it relieve the Contractor of any liability under this Contract.
- XII. **GOVERNING LAW.** This Contract shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts.
- XIII. **INSURANCE REQUIREMENTS.** The Vendor shall provide insurance coverage as listed below. This insurance shall be provided at the Vendor's expense and shall be in full force and effect during the full term of this Contract.

WORKER'S COMPENSATION

Worker's Compensation: Per M.G.L. c.149, §34 and c. 152 as amended.

	\$1,000,000 aggregate
Property Damage	\$300,000 each occurrence
	\$500,000 aggregate

The City shall be named as additional insureds on the Vendor's Liability Policies.

XIV. SEVERABILITY. The provisions of this Contract are severable. If any section, paragraph, clause or provision of this Contract shall be finally adjudicated by a court of competent jurisdiction to be invalid, the remainder of this Contract shall be unaffected by such adjudication and all of the remaining provisions of this Contract shall remain in full force and effect as though such section, paragraph, clause or provision, or any part thereof so adjudicated to be invalid, had not been included herein, unless such remaining provisions, standing alone, are incomplete and incapable of being executed in accordance with the intent of the parties to this Contract.

XV. AMENDMENTS TO THIS CONTRACT. This Contract may not be amended except in writing executed in the same manner as this CITY-CONTRACTOR Agreement.

IN WITNESS WHEREOF, the parties have caused this instrument to be executed under seal the day and year first above written.

**GENERAL CONDITIONS
OF THE CONTRACT
FOR NON-TECHNICAL SERVICES**

The City of Newton, herein referred to as the City, does hereby establish the following General Conditions, applicable to this Invitation for Bids and any subsequent purchase order, work order, shipping order or contract resulting therefrom.

1.0 SCOPE OF SERVICES

- 1.1 The Contractor agrees to furnish all labor, materials, equipment and insurance necessary to perform and fully complete, in every respect, within the time frame herein specified, all work (hereinafter referred as the Services) described in the Project Manual.
- 1.2 The Contractor shall not make any changes in the scope of Services without the prior written consent of the City. The Contractor shall make reasonable revisions or corrections, within the scope of Services, to any work performed until submitted in a form acceptable to the City.
- 1.3 The City reserves the right to alter, add to or reduce the Services by delivering to the Contractor written notice specifying the nature and extent of such alteration, addition or reduction. Such notice shall be effective upon the later of actual receipt by the Contractor or upon the date given in such notice. No addition to the Services shall be made unless the City and the Contractor have agreed to such increase in writing.

2.0 CONTRACT TERM

- 2.1 The obligations of the Contractor identified herein shall commence upon execution of the City-Contractor Contract and shall continue in full force and effect for the duration of the contract term as identified in the Project Manual. The contractor shall commence the performance of services under this contract promptly upon receipt of the City's Notice to Proceed in accordance with the provisions identified in the Project Manual.
- 2.2 In the event the term of this contract exceeds a period of one year and notwithstanding any provision to the contrary herein, the City shall cancel this contract in the event that funds are not appropriated or otherwise made available to support continuation of performance by the Contractor in any fiscal year succeeding the first year.

3.0 EXECUTION

- 3.1 All work required hereunder shall be performed as promptly as possible, and in any event within the time herein set forth, and such work shall be subject to approval and acceptance by the City, but such approval and acceptance shall not relieve the Contractor from the obligation to correct any incomplete, inaccurate or defective work, all of which shall be promptly remedied by the Contractor on demand, without cost to the City. The Contractor shall obtain all the required licenses and permits for the work herein described.
- 3.2 The Contractor shall conform to all determinations and directions of the City concerning the Contractor's delivery of services in the event of inclement weather, equipment failure, picket lines on City property, or labor strikes by the contractor's employees.

4.0 COMPENSATION

- 4.1 The City shall pay the Contractor for services rendered under this contract in accordance with the amount(s) set forth in the Contractor's General Bid Form and pursuant to the provisions contained in the Project Manual.
- 4.2 Notwithstanding anything to the contrary contained in the Contract, the City may withhold any payment to the Contractor hereunder if and for so long as the Contractor fails to perform any of its obligations hereunder or otherwise is in default under this Contract including, without limitation, any failure to perform Services in full accordance with the amount sufficient in the reasonable opinion of the City to cure any such default or failure of performance by the Contractor.
- 4.3 In no event shall the City be required to pay any amounts for work deemed by it to be unacceptable, or which are otherwise disputed. In the event the City disputes any such amounts invoiced, it shall pay all amounts not in dispute and notify the Contractor in writing of the amounts disputed and the reasons therefor.

4.4 No payment made shall constitute or be construed as final acceptance or approval of that part of the Services to which payment relates, or relieve the Contractor of any of its obligations outlined in this Contract. Further, the City shall not be deemed, by virtue of making payments to the Contractor hereunder, to have released the Contractor from any claim or liability, or to have waived any action arising out of the breach of this Contract by the Contractor.

5.0 REPORTS AND DRAWINGS

When the Contractor has been paid for the Services performed by him or her, all reports, drawings, and other material furnished to the City shall become the City's property and may be used by the City (or such parties as the City may designate) thereafter in such manner and for such purposes as the City (or such parties as the City may designate) may deem advisable, without further employment of or additional compensation to the Contractor. The Contractor shall not release or disclose any report, drawing, or other material furnished to the Contractor by the City in connection with the performance of the Contractor's Services

6.0 CONTRACTOR'S ACCOUNTING RECORDS

The Contractor shall keep records pertaining to Services performed (including complete and detailed time records) on the basis of recognized bookkeeping practices, generally accepted accounting principles, and in accordance with such reasonable requirements to facilitate audit as the City may provide. All records shall be available to the City or its authorized representatives for review and audit during normal business hours.

7.0 ASSIGNMENT/SUBCONTRACTING

The Contractor agrees that he will not sell, assign or transfer this Contract or any part thereof or interest therein without the prior written consent of the City.

8.0 REMEDY FOR DEFAULT

If the Contractor, in the sole judgment of the City, shall violate or fail properly to comply with or perform in any material respect any condition, provision, or warranty hereof, the City shall have the right by prior written notice to the Contractor to have the services called for hereby otherwise performed, and/or to terminate this contract without prejudice to any other rights or remedies of the City under this contract. The Contractor shall pay any excess in the City's cost to so procure the services and any related goods, supplies, materials or equipment. In addition, and without limiting any other remedies available to the City, the Contractor shall be liable for all losses, costs and expenses incurred by the City which result from the Contractor's noncompliance.

9.0 SUSPENSION OR TERMINATION

9.1 The City shall have the right, upon seven (7) days written notice to the Contractor so stating, to terminate, suspend, or postpone this contract in whole or in part for any reason deemed by the City to be in the public interest. Any such termination, suspension, or postponement shall not give rise to any cause of action for damages against the City. In the event that the City postpones or suspends the Services, the Contractor's time for performance of the Services shall be extended for a period equal to the period of such postponement or suspension. In the event of termination, suspension or postponement, the City shall pay: (a) for services and any related goods, supplies, materials and equipment furnished up to the time of termination, suspension, or postponement at the contract price upon delivery; (b) for work in process in the amount of the Contractor's cost, determined in accordance with ordinary accepted accounting practices, up to the time of termination, suspension, or postponement; and (c) for raw materials purchased by the Contractor as of the date of termination, suspension, or postponement and which are noncancelable at the Contractor's actual cost plus reasonable handling charges, but only to the extent that such raw materials were purchased in reliance upon this contract and are useful solely with respect to this contract.

9.2 Upon receipt of a notice of termination, suspension, or postponement the Contractor shall immediately cease all work hereunder and cancel all orders placed with respect to this contract. The Contractor's failure to so cancel shall relieve the City of the obligations of paragraph 10.1 above.

9.3 The City may postpone, suspend or terminate the Services immediately, by notice, hand delivery or certified mail, if the Contractor violates any of the provisions of this Contract, or fails to perform or observe any of the terms, covenants or conditions of this Contract, or abandons in whole or in part its Services, or becomes unable to perform its Services.

9.4 In the event of termination of this Contract, the Contractor shall promptly deliver to the City all documents, work papers, calculations, computer programs, data, drawings, plans, and other tangible work product, or materials pertaining to the Services performed under this Contract to the time of termination.

10.0 NOTICE

Any action, notice or request required to be taken, given or made by City or the Contractor hereunder may be taken, given or made only by those persons identified for that purpose on the Contract Form. All notices required to be given hereunder shall be deemed properly given if personally delivered, or if mailed by registered or certified mail, postage prepaid addressed to the address and officer identified on the Contract Form.

11.0 PROTECTION OF PROPERTY

The Contractor shall take all reasonable precautions to prevent damage to property, visible and concealed, and shall restore to substantially the same condition existing prior to the Contractor's entry any disturbance or damage to property caused by the Contractor or any person acting under its control.

12.0 INSURANCE REQUIREMENTS

12.1 The Contractor shall provide insurance coverage as listed below. This insurance shall be provided at the Contractor's expense and shall be in full force and effect during the full term of this Contract.

WORKER'S COMPENSATION

Worker's Compensation: Per M.G.L. c.. 149, s. 34 and c.. 152 as amended.

COMMERCIAL GENERAL LIABILITY

Personal Injury	\$1,000,000 each occurrence
	\$1,000,000 aggregate
Property Damage	\$1,000,000 each occurrence
	\$1,000,000 aggregate

VEHICLE LIABILITY

Personal Injury	\$500,000 each person
	\$1,000,000 aggregate
Property Damage	\$500,000

12.2 The City shall be named as additional insureds on the Contractor's Liability Policies.

12.3 The Contractor shall not commence the work until proof of compliance with this Section 13.0 has been furnished to the City by submitting one copy of a properly endorsed insurance certificate issued by a company authorized to write insurance in the Commonwealth. This certificate shall indicate that the contractual liability coverage is in force.

12.4 The Contractor shall file the original and one certified copy of all policies with the City within fifteen (15) days after contract award. If the City is damaged by the Contractor's failure to maintain such insurance and to so notify the City, then the Contractor shall be responsible for all reasonable costs attributable thereto.

12.5 Cancellation of any insurance required by this contract, whether by the insurer or the insured, shall not be valid unless written notice thereof is given by the party proposing cancellation to the other party and City at least thirty days prior to the effective date thereof, which shall be expressed in said notice.

13.0 CONFLICT OF INTEREST

No member, agent or employee of the City shall , during his/her tenure or one year thereafter directly or indirectly, have any interest in any property to be included in, or any contract for property, materials or services to be furnished or used in connection with, this contract or the proceeds thereof.

14.0 COMPLIANCE WITH LAWS

All work to be performed and wages paid under this specification shall be in accordance with all applicable laws, state or federal, and all applicable ordinances, codes, rules, and regulations of the City of Newton, or any public board or office having any jurisdiction, regulation or control over any work to be done hereunder, including minimum wage rates. In particular, without limitation, the Contractor agrees to comply with all regulations pertaining to approvals for federal and state grants, and with all federal and state environmental laws and regulations. The Contractor agrees to assist in making any submissions to federal or state agencies as may be required in order to meet the requirements in this paragraph.

15.0 INDEMNIFICATION

The Contractor agrees to indemnify and save the City harmless from and against any and all costs, losses, expenses, liabilities, damages or claims for damages, including reasonable attorney's fees and expenses, on account of any injury or damage to buildings, improvements, or property of the City or on account of any injury (including death) or damage to any person, persons, firm, corporation or association, or on account of any infringement or claim of infringement of patents, arising out of or resulting from the deliveries provided for or performed under this contract or from any act, omission or negligence of the contractor, his agents, employees, or assigns. The foregoing provisions shall not be deemed to be released, waived or modified in any respect by reason of any surety or insurance provided by the contractor under contract.

16.0 FORCE MAJEURE

The City may not hold the Contractor liable for any loss, expense or damage incurred by the City on account of failure of the Contractor to deliver services as specified herein, if that failure is caused by state of war, acts of enemies, expropriation or confiscation of facilities used by the Contractor, or compliance with any law, order, or regulation of any federal, state or municipal governmental authority, if the Contractor shall show that such compliance would impair this ability to perform a material provision of this contract, the Contractor having given the City reasonable notice of such cause.

17.0 DISPUTES

All claims, disputes and other matters in question between the City and the Contractor arising out of or relating to this Contract or the breach of it, shall be submitted for resolution to a court of competent jurisdiction in Massachusetts, unless otherwise agreed by the parties. No such action shall be brought, however, until the completion of all Services under this Contract or the earlier termination of this Contract as provided herein, the parties agreeing to negotiate any claims, disputes or other matters in question during the term of this Contract before resorting to litigation. As to all acts or failures to act by either party to this Contract, any applicable statute of limitations shall commence to run and any alleged cause of action shall be deemed to have accrued in any and all events when the other party becomes aware or should have been aware of such acts or failure to act.

18.0 GOVERNING LAW

This contract shall be governed by and construed in accordance with Massachusetts Law.

19.0 LIABILITY

The Contractor is retained solely for the purpose of and to the extent set forth in this Contract. The Contractor's relationship to the City for the purpose of services to be performed under this Contract shall be that of an independent contractor. The Contractor shall have no capacity or authority to involve the City in any contract or to incur any liability on behalf of the City. In no event shall the City be held liable as an employer or otherwise for any personal injury to or death of the Contractor's principals, employees, agents and/or representatives occasioned by or resulting from the Contractor's performance under this Contract.

20.0 LIENS

The Contractor shall cause to be removed from the property of the City any liens or other claims asserted by any person or entity claiming through or under the Contractor and arising out of Services performed under this Contract by such third party.

21.0 SEVERABILITY

In the event that any portion of this Contract is held illegal or unenforceable by a court of competent jurisdiction, the parties agree that such invalidity shall not affect the validity of the remaining portions of this Contract and Contractor and the City agree to substitute for the invalid provision a valid provision which most closely approximates the economics and intent of the invalid provision.

CITY OF NEWTON

WAGE RATE REQUIREMENTS

1. GENERAL

- A. This section summarizes the requirements for the payment of wages to laborers and mechanics employed under the Contract.
- B. Other duties and requirements of law which may not be specified in this section apply and are inherently a part of the Contract.

2. WAGE RATES

- A. The rate per hour to be paid to mechanics, apprentices, teamsters, chauffeurs, and laborers employed on the Work shall not be less than the rate of wages in the attached "Minimum Wage Rates" as determined by the Commissioner of Labor and Industries. This schedule shall continue to be the minimum rate of wages for said employees during the life of this Contract.
- B. Keep posted on the site a legible copy of said schedule. Keep on file the wage rates and classifications of labor employed on this Work in order that they may be available for inspection by the Owner, Administrator, or the Architect.
- C. Apprentices employed pursuant to this determination of wage rates must be registered and approved by the State Apprenticeship Council wherever rates for journeymen or apprentices are not listed.
- D. Pay reserve police officers employed on the Work the prevailing rate of wages paid to regular police officers as required by M.G.L. c149, Sec. 34B, as amended. Such police officers shall be covered by Workmen's Compensation Insurance and Employers Liability Insurance by the Contractor.
- E. **The Contractor and all subcontractors shall, on a weekly basis throughout the term of the contract, provide to the City of Newton certified payroll affidavits verifying compliance with M.G.L. c.149, Sec. 27, 27A and 27B.** The Contractor is obligated to provide such records to the City directly on a weekly basis. The City may assess a penalty of \$100 for each day beyond the required submission date that such records are received, which amount shall be deducted from any amounts to the Contractor from the City. In the event of chronic late submissions, the City shall report the same to the Office of the Attorney General.
- F. The Contractor and all subcontractors shall provide a Statement of Compliance within 15 days of the completion of its portion of the work. This statement shall be submitted to the Owner on the form found elsewhere in this section.
- G. The Contractor shall maintain accurate and complete records, including payroll records, during the Contract term and for three years thereafter.

Massachusetts General Laws, Chapter 149, Sections 26 to 27H

ROSALIND COSTA
Secretary

MICHAEL FLANAGAN
Director

Awarding Authority: City of Newton
Contract Number: IFB #22-104 **City/Town:** NEWTON
Description of Work: Service & Repair to City Traffic Signals

Job Location: various locations

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, the awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. The annual update requirement is not applicable to 27F "rental of equipment" contracts. The updated wage schedule must be provided to all contractors, including general and sub-contractors, working on the construction project.
- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the "Wage Request Number" on all pages of this schedule.
- An Awarding Authority must request an updated wage schedule if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
- The wages schedules shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or a sub-contractor.
- Apprentices working on the project are required to be registered with the Massachusetts Division of Apprentice Standards (DAS). Apprentices must keep their apprentice identification card on their persons during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wages schedule. Any apprentice not registered with DAS regardless of whether they are registered with another federal, state, local, or private agency must be paid the journeyworker's rate.
- Every contractor or subcontractor working on the construction project must submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee's name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. For a sample payroll reporting form go to <http://www.mass.gov/dals/pw>.
- Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
- Contractors must obtain the wages schedules from awarding authorities. Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and criminal penalties.
- Employees not receiving the prevailing wage rates set forth on the wage schedule may file a complaint with the Fair Labor Division of the office of the Attorney General at (617) 727-3465.

Additional Apprentice Information:

Minimum wage rates for apprentices employed on public works projects are listed above as a percentage of the pre-determined hourly wage rate established by the Commissioner under the provisions of the M.G.L. c. 149, ss. 26-27D. Apprentice ratios are established by the Division of Apprenticeship Training pursuant to M.G.L. c. 23, ss. 11E-11L.

All apprentices must be registered with the Division of Apprenticeship Training in accordance with M.G.L. c. 23, ss. 11E-11L.

All steps are six months (1000 hours.)
 Ratios are expressed in allowable number of apprentices to journeymen or fraction thereof, unless otherwise specified.

- ** Multiple ratios are listed in the comment field.

NOTICE TO AWARDING AUTHORITIES

- The enclosed wage schedule applies only to the specific project listed at the top and will be updated for any public construction project lasting longer than one (1) year.
- You should request an updated wage schedule from the Division of Occupational Safety if you have not opened bids or selected a contractor within 90 days of the date of issuance of the enclosed wage schedule.
- The wage schedule shall be incorporated in any advertisement or call for bids for the project for which it has been issued.
- Once a contractor has been selected by the awarding authority, the wage schedule shall be made a part of the contract for that project.

NOTICE TO CONTRACTORS

- The enclosed wage schedule, and any updated schedule, must be posted in a conspicuous place at the work site during the life of the project.
- The wages listed on the enclosed wage schedule must be paid to employees on public works projects regardless of whether they are employed by the prime contractor, a filed sub-bidder, or any sub-contractor.
- The enclosed wage schedule applies to all phases of the project including the final clean-up. Contractors whose only role is to perform final clean-up must pay their employees according to this wage schedule.
- All apprentices must be registered with the Massachusetts Division of Apprentice Training in order to be paid at the reduced apprentice rates. If a worker is not registered with the Division of Apprentice Training, they must be paid the “total rate” listed on the wage schedule regardless of experience or skill level. For further information, please call (617) 727-3486 or write to the Division of Apprentice Training, 399 Washington Street, 4th Floor, Boston, MA 02108

WEEKLY PAYROLL RECORDS REPORT & STATEMENT OF COMPLIANCE

In accordance with Massachusetts General Law c149, §27B, a true and accurate record must be kept of all persons employed on the public works project for which the enclosed rates have been provided. A Payroll Form has been printed on the reverse of this page and includes all the information required to be kept by law. Every contractor or subcontractor is required to keep these records and preserve them for a period of three years from the date of completion of the contract.

In addition, every contractor and subcontractor is required to submit a copy of their weekly payroll records to the awarding authority. This is required to be done on a weekly basis. Once collected, the awarding authority is also required to preserve those records for three years.

In addition, each such contractor, subcontractor or public body shall furnish to the Department of Labor & Workforce Development/Division of Occupational Safety within fifteen days after completion of its portion of the work a statement, executed by the contractor, subcontractor or public body who supervises the payment of wages, in the following form:

STATEMENT OF COMPLIANCE

CONDITIONS OF APPROVAL	

CONDITIONS AND REQUIREMENTS PURSUANT TO G.L.C.82A AND 520 CMR 7.00 et seq. (as amended)

By signing the application, the applicant understands and agrees to comply with the following:

- i. No trench may be excavated unless the requirements of sections 40 through 40D of chapter 82, and any accompanying regulations, have been met and this permit is invalid unless and until said requirements have been complied with by the excavator applying for the permit including, but not limited to, the establishment of a valid excavation number with the underground plant damage prevention system as said system is defined in section 76D of chapter 164 (DIG SAFE);
- ii. Trenches may pose a significant health and safety hazard. Pursuant to Section 1 of Chapter 82 of the General Laws, an excavator shall not leave any open trench unattended without first making every reasonable effort to eliminate any recognized safety hazard that may exist as a result of leaving said open trench unattended. Excavators should consult regulations promulgated by the Department of Public Safety in order to familiarize themselves with the recognized safety hazards associated with excavations and open trenches and the procedures required or recommended by said department in order to make every reasonable effort to eliminate said safety hazards which may include covering, barricading or otherwise protecting open trenches from accidental entry.
- iii. Persons engaging in any in any trenching operation shall familiarize themselves with the federal safety standards promulgated by the Occupational Safety and Health Administration on excavations: 29 CFR 1926.650 et seq., entitled Subpart P “Excavations”.
- iv. Excavators engaging in any trenching operation who utilize hoisting or other mechanical equipment subject to chapter 146 shall only employ individuals licensed to operate said equipment by the Department of Public Safety pursuant to said chapter and this permit must be presented to said licensed operator before any excavation is commenced;
- v. By applying for, accepting and signing this permit, the applicant hereby attests to the following: (1) that they have read and understands the regulations promulgated by the Department of Public Safety with regard to construction related excavations and trench safety; (2) that he has read and understands the federal safety standards promulgated by the Occupational Safety and Health Administration on excavations: 29 CFR 1926.650 et seq., entitled Subpart P “Excavations” as well as any other excavation requirements established by this municipality; and (3) that he is aware of and has, with regard to the proposed trench excavation on private property or proposed excavation of a city or town public way that forms the basis of the permit application, complied with the requirements of sections 40-40D of chapter 82A.
- vi. This permit shall be posted in plain view on the site of the trench.

Summary of Excavation and Trench Safety Regulation (520 CMR 14.00 et seq.)

This summary was prepared by the Massachusetts Department of Public Safety pursuant to G.L.c.82A and does not include all requirements of the 520 CMR 14.00. To view the full regulation and G.L.c.82A, go to www.mass.gov/dps Pursuant to M.G.L. c. 82, § 1, the Department of Public Safety, jointly with the Division of Occupational Safety, drafted regulations relative to trench safety. The regulation is codified in section 14.00 of title 520 of the Code of Massachusetts Regulations. The regulation requires all excavators to obtain a permit prior to the excavation of a trench made for a construction-related purpose on public or private land or rights-of-way. All municipalities must establish a local permitting authority for the purpose of issuing permits for trenches within their municipality. Trenches on land owned or controlled by a public (state) agency requires a permit to be issued by that public agency unless otherwise designated.

In addition to the permitting requirements mandated by statute, the trench safety regulations require that all excavators, whether public or private, take specific precautions to protect the general public and prevent unauthorized access to unattended trenches. Accordingly, unattended trenches must be covered, barricaded or backfilled. Covers must be road plates at least ¾” thick or equivalent; barricades must be fences at least 6’ high with no openings greater than 4” between vertical supports; backfilling must be sufficient to eliminate the trench. Alternatively, excavators may choose to attend trenches at all times, for instance by hiring a police detail, security guard or other attendant who will be present during times when the trench will be unattended by the excavator.

The regulations further provide that local permitting authorities, the Department of Public Safety, or the Division of Occupational Safety may order an immediate shutdown of a trench in the event of a death or serious injury; the failure to obtain a permit; or the failure to implement or effectively use adequate protections for the general public. The trench shall remain shut down until re-inspected and authorized to re-open provided, however, that excavators shall have the right to appeal an immediate shutdown. Permitting authorities are further authorized to suspend or revoke a permit following a hearing. Excavators may also be subject to administrative fines issued by the Department of Public Safety for identified violations.

This is a worker protection standard, and is designed to protect employees who are working inside a trench. This summary was prepared by the Massachusetts Division of Occupational Safety and not OSHA for informational purposes only and does not constitute an official interpretation by OSHA of their regulations, and may not include all aspects of the standard.

For further information or a full copy of the standard go to www.osha.gov.

- **Trench Definition per the OSHA standard:**
 - An excavation made below the surface of the ground, narrow in relation to its length.
 - In general, the depth is greater than the width, but the width of the trench is not greater than fifteen feet.
- **Protective Systems** to prevent soil wall collapse are always required in trenches deeper than 5', and are also required in trenches less than 5' deep when the competent person determines that a hazard exists. Protection options include:
 - Shoring. Shoring must be used in accordance with the OSHA Excavation standard appendices, the equipment manufacturer's tabulated data, or designed by a registered professional engineer.
 - Shielding (Trench Boxes). Trench boxes must be used in accordance with the equipment manufacturer's tabulated data, or a registered professional engineer.
 - Sloping or Benching. In Type C soils (what is most typically encountered) the excavation must extend horizontally 1 ½ feet for every foot of trench depth on both sides, 1 foot for Type B soils, and ¾ foot for Type A soils.
 - A registered professional engineer must design protective systems for all excavations greater than 20' in depth.
- **Ladders** must be used in trenches deeper than 4'.
 - Ladders must be inside the trench with workers at all times, and located within 25' of unobstructed lateral travel for every worker in the trench.
 - Ladders must extend 3' above the top of the trench so workers can safely get onto and off of the ladder.
- **Inspections** of every trench worksite are required:
 - Prior to the start of each shift, and again when there is a change in conditions such as a rainstorm.
 - Inspections must be conducted by the competent person (see below).
- **Competent Person(s) is:**
 - Capable (i.e., trained and knowledgeable) in identifying existing and predictable hazards in the trench, and other working conditions which may pose a hazard to workers, and
 - Authorized by management to take necessary corrective action to eliminate the hazards. Employees must be removed from hazardous areas until the hazard has been corrected.
- **Underground Utilities** must be:
 - Identified prior to opening the excavation (e.g., contact Digsafe).
 - Located by safe and acceptable means while excavating.
 - Protected, supported, or removed once exposed.
- **Spoils** must be kept back a minimum of 2' from the edge of the trench.
- **Surface Encumbrances** creating a hazard must be removed or supported to safeguard employees. Keep heavy equipment and heavy material as far back from the edge of the trench as possible.
- **Stability of Adjacent Structures:**
 - Where the stability of adjacent structures is endangered by creation of the trench, they must be underpinned, braced, or otherwise supported.
 - Sidewalks, pavements, etc. shall not be undermined unless a support system or other method of protection is provided.
- **Protection from water accumulation hazards:**
 - It is not allowable for employees to work in trenches with accumulated water. If water control such as pumping is used to prevent water accumulation, this must be monitored by the competent person.
 - If the trench interrupts natural drainage of surface water, ditches, dikes or other means must be used to prevent this water from entering the excavation.
- **Additional Requirements:**
 - For mobile equipment operated near the edge of the trench, a warning system such as barricades or stop logs must be used.
 - Employees are not permitted to work underneath loads. Operators may not remain in vehicles being loaded unless vehicles are equipped with adequate protection as per 1926.601(b)(6).
 - Employees must wear high-visibility clothing in traffic work zones.
 - Air monitoring must be conducted in trenches deeper than 4' if the potential for a hazardous atmosphere exists. If a hazardous atmosphere is found to exist (e.g., O₂ <19.5% or >23.5%, 20% LEL, specific chemical hazard), adequate protections shall be taken such as ventilation of the space.
 - Walkways are required where employees must cross over the trench. Walkways with guardrails must be provided for crossing over trenches > 6' deep.
 - Employees must be protected from loose rock or soil through protections such as scaling or protective barricades.
