CITY CLERK

CITY OF NEWTON

IN CITY COUNCIL

May 16, 2022

CITY CLERK
NEWTON, MA. 02459

RECEIVED

ORDERED:

That the City Council, finding that the public convenience and welfare will be substantially served by its action, that the use of the site will be in harmony with the conditions, safeguards and limitations set forth in the Zoning Ordinance, and that said action will be without substantial detriment to the public good, and without substantially derogating from the intent or purpose of the Zoning Ordinance, grants approval of the following SPECIAL PERMIT/SITE PLAN APPROVAL to allow three parking stalls within the front setback and extend the nonconforming driveway width as recommended by the Land Use Committee for the reasons given by the Committee, through its Chairman, Councilor Richard Lipof.

1. The site is an appropriate location for the proposed additional parking stall within the front setback due to the site's topography and existing mature landscaping. (§5.1.7.A, §5.1.13, §7.3.3.C.1)
2. The additional parking stall within the front setback will not adversely affect the neighborhood because the parking is well screened from Walnut Street. (§5.1.7.A, §5.1.13, §7.3.3.C.2)
3. There will be no nuisance or serious hazard to vehicles or pedestrians. (§5.1.7.A, §5.1.13, §7.3.3.C.3)
4. Access to the site over streets is appropriate for the types and numbers of vehicles involved. (§5.1.7.A, §5.1.13, §7.3.3.C.4)
5. Literal compliance with the dimensional parking requirements is impracticable due to the fifteen-foot grade change from the Walnut Street frontage to the rear of the lot and existing mature landscaping on the site. (§5.1.7.A, §5.1.7.C, §5.1.13)
6. The proposed extension of the nonconforming driveway width will not be substantially more detrimental than the nonconformity is to the neighborhood because the expanded driveway width utilizes an existing curb cut and allows access to the additional parking stall to better facilitate site operations and keep vehicles on site. (§5.1.7.A, §5.1.7.C, §7.8.2.C.2)
