CITY CLERK
NEWTON, MA. 02459

2022 MAY 18 AM 11:08

RECEIVED

CITY OF NEWTON

IN CITY COUNCIL

May 16, 2022

ORDERED:

That the City Council, finding that the public convenience and welfare will be substantially served by its action, that the use of the site will be in harmony with the conditions, safeguards and limitations set forth in the Zoning Ordinance, and that said action will be without substantial detriment to the public good, and without substantially derogating from the intent or purpose of the Zoning Ordinance, grants approval of the following SPECIAL PERMIT/SITE PLAN APPROVAL to extend the nonconforming residential use to a two-unit residential use and to allow a structure with 28.6 feet in height and more than two stories, as recommended by the Land Use Committee for the reasons given by the Committee, through its Chairman, Councilor Richard Lipof:

1. The specific site is an appropriate location for the proposed two-unit structure with a height of 28.6 feet and two and a half stories because the project meets the required lot area per unit, and there are similar two and half story structures as well as structures containing two or more units nearby on Hanson Road and Colella Road. (§7.3.3.C.1, §4.1.2.B.3, §4.1.3, §4.4.1)
2. The proposed two-unit structure with a height of 28.6 feet and two and a half stories will not adversely affect the neighborhood because the neighborhood consists of a mix of housing types, uses, and styles. (§7.3.3.C.2, §4.1.2.B.3, §4.1.3, §4.4.1)
3. There will not be a nuisance or serious hazard to vehicles or pedestrians. (§7.3.3.C.3, §4.1.2.B.3, §4.1.3, §4.4.1)
4. Access to the sites over streets is appropriate for the types and number of vehicles involved. (§7.3.3.C.4, §4.1.2.B.3, §4.1.3, §4.4.1)
5. The proposed nonconforming residential use will not be substantially more detrimental than the existing nonconforming residential use is to the neighborhood because the neighborhood contains a mix of uses as well as two and a half story structures. (§4.1.3, §4.4.1, §7.8.2.C.2)

PETITION NUMBER:

#188-22

Creating Homes LLC
45 White Oak Road
Wellesley, MA 02481

Deed Reference
75029/478

Approved subject to the following conditions:

1. All buildings, parking areas, driveways, walkways, landscaping and other site features associated with this special permit/site plan approval shall be located and constructed consistent with:
 - a. Proposed Plot Plan, 55 Colella Road, signed and stamped by Scott C. Lynch, Professional Land Surveyor, dated April 25, 2022
 - b. Architectural Plans and Elevations, prepared by Studio 47 architects, signed and stamped by Timothy Mulligan, dated April 11, 2022 consisting of five (5) sheets:
 - i. A100, First Floor Plan
 - ii. A101, Second Floor Plan
 - iii. A102, Basement Plan
 - iv. A200, Exterior elevations showing the front elevations from Colella Road and Hanson Road
 - v. A201, Rear and Side Elevations
 - c. Landscape Plan, L.1., prepared by Minglewood, LLC, dated September 6, 2021, revised December 8, 2021, and April 14, 2021.
2. Prior to the issuance of any Building Permit, the petitioner shall provide a final Site Plan for review and approval by the Department of Planning and Development, Engineering Division of Public Works and Fire Department.
3. The petitioner shall comply with the City of Newton Tree Ordinance.
4. The Petitioner shall do the following to remediate pest and rodent activity:

- a. Prior to issuance of any demolition or building permit, the Petitioner, at its sole cost and expense, shall hire a licensed Pest Control Operator to assess the property for pest and rodent activity and develop and implement a pest remediation action plan to eliminate the activity and prevent off-site migration. The plan shall include the target pest, the methods for eliminating activity, and plan for preventing pest migration off-site during demolition and construction.
 - b. A copy of the Pest Control inspection report and the remediation action plan shall be submitted to the Inspectional Services Department for review and approval prior to issuance of any demolition or building permit. A copy of such approval shall be provided to the Department of Planning and Development.
 - c. The Pest Control Operator shall implement the approved remediation action plan, monitor the site for the duration of the project, and take whatever action the Operator deems necessary to control pest infestation and migration. The Pest Control Operator shall maintain a written record of all pest control measures performed within the subject property and shall provide progress reports to Inspectional Services Department and the Health and Human Services Department upon request.
 - d. Prior to issuance of the certificate of occupancy, the Pest Control Operator shall file a final report with the Department of Planning and Development and Inspectional Services Department summarizing the methods used, whether off-site migration occurred, the frequency and dates of service, and a post-construction site assessment and neighborhood.
 - e. In the event any demolition or construction activity causes off-site pest migration, prior to the issuance of any certificates of occupancy (temporary or final), the petitioner shall offer and provide, at its sole cost and expense, rodent abatement services on an as needed basis for all direct abutters and abutters to direct abutters, subject to owner authorization of such properties and a waiver of liability.
5. Prior to the issuance of any Building Permit, the Petitioner shall submit a Construction Management Plan (the "CMP") for review and approval to the Commissioner of Inspectional Services, the Director of Planning and Development, the Commissioner of Public Works, the City Engineer, and the Chief of the Fire Department. The CMP shall be in compliance with all applicable policies and ordinances in effect at the time of submission. The Petitioner shall comply in all material respects with the Construction Management Plan, which shall be consistent with and not in conflict with relevant conditions of this Order and shall include, but not be limited to, the following provisions:
- a. 24-hour contact information for the general contractor.
 - b. The proposed schedule of the project, including the general phasing of the construction activities and anticipated completion dates and milestones.
 - c. Site plan(s) showing the proposed location of contractor and subcontractor parking, on-site material storage area(s), on-site staging areas(s) for

- construction materials and delivery vehicles and equipment, and location of any security fencing.
- d. Proposed methods for dust control including, but not limited to: covering trucks for transportation of excavated material; minimizing storage of debris on-site by using dumpsters and regularly emptying them; using tarps to cover piles of bulk building materials and soil; locating a truck washing station to clean muddy wheels on all truck and construction vehicles before exiting the site.
 - e. Proposed methods of noise control, in accordance with the Revised Ordinances, §20-13. Staging activities should be conducted in a manner that will minimize off- site impacts of noise. Noise producing staging activities should be located as far as practical from noise sensitive locations.
 - f. Tree preservation plan to define the proposed method(s) for protection of any existing trees to remain on site.
 - g. The CMP shall also address the following: safety precautions; anticipated dewatering during construction; site safety and stability; and impacts on abutting properties
6. No building permit shall be issued pursuant to this Special Permit/Site Plan Approval until the petitioner has:
- a. Recorded a certified copy of this council order for the approved Special Permit/Site plan with the Registry of Deeds for the Southern District of Middlesex County.
 - b. Filed a copy of such recorded order with the City Clerk, the Department of Inspectional Services, and the Department of Planning and Development.
 - c. Obtained a written statement from the Planning Department that confirms the building permit plans are consistent with plans approved in Condition #1.
 - d. The petitioner shall provide a final Operations and Maintenance Plan (O&M) for stormwater management, should such a system be required, to the Engineering Division of Public Works for review and approval. Once approved, the O&M must be recorded by the petitioner at the Middlesex South District Registry of Deeds. A certified copy of the O&M shall be submitted to the Engineering Division of Public Works.
7. No Final Inspection/Occupancy Permit for the use covered by this special permit/site plan approval shall be issued until the petitioner has:
- a. Filed with the City Clerk, the Department of Inspectional Services, and the Department of Planning and Development statements by a registered architect and professional land surveyor certifying compliance with Condition #1.

A True Copy
Attest

City Clerk of Newton, Mass

- b. Submitted to the Director of Planning and Development and Commissioner of Inspectional Services final as-built plans in paper and digital format signed and stamped by a licensed land surveyor.
- c. Filed with the Clerk of the Council, the Department of Inspectional Services and the Department of Planning and Development a statement by the City Engineer certifying that improvements authorized by this Order have been constructed to the standards of the City of Newton Engineering Department.
