

Programs & Services Committee Report

City of Newton In City Council

Wednesday, October 19, 2022

Present: Councilors Krintzman (Chair), Humphrey, Wright, Baker, Albright, Noel, Ryan, and Greenberg

Also Present: Councilors Malakie, Norton, Danberg, Kalis, Leary, Crossley, Bowman, Downs, and Oliver

City Staff: Jennifer Wilson, Assistant City Solicitor; Marc Welch, Superintendent of Urban Forestry; Nicole Banks, Commissioner of Parks, Recreation, and Culture; Jonathan Yeo, Chief Operations Officer; Jaclyn Norton, Committee Clerk

For more information regarding this meeting, a video recording can be found at the following link: [10-19-22 Programs & Services Committee Meeting](#)

#466-22 **Appointment of Cynthia Arcate to the Newton Commonwealth Foundation**
HER HONOR THE MAYOR appointing Cynthia Arcate, 4 Woodhaven Road, Waban as a member of the Newton Commonwealth Foundation for a term of office to expire on June 30, 2025. (60 Days: 12/02/2022)

Action: **Programs & Services Approved 7-0-1 (Councilor Noel abstaining)**

Note: Cynthia Arcate was introduced and noted a personal interest in golf and appreciation for the Commonwealth Golf Course. She also noted how her previous experience interacting with boards will aid in her work on the Foundation. Multiple Councilors expressed support for her appointment. One Councilor did note needing to abstain from the vote due to a conflict of interest. Committee Members voted 7-0-1 (Councilor Noel abstaining) on a motion to approve from Councilor Wright.

Referred to Programs & Services and Finance Committees

#411-22 **Request for Amendment to Chapter 21, Art III Trees to extend tree protection and update permits**
COUNCILORS MALAKIE, NORTON, LEARY, RYAN, WRIGHT, LUCAS, HUMPHREY, BOWMAN, MARKIEWICZ, OLIVER, DOWNS, AND LAREDO requesting revisions and amendments to Chapter 21, Art. III Trees (sec. 21-60 through 21-89) to extend tree protection to all trees 6 inches DBH (diameter at breast height) and greater within the City (with no exempt lots); to update tree removal permits, fees, and compensation; and to strengthen protection for existing and replacement trees.

Action: Programs & Services Held 8-0

Note: The Chair read both #411-22 and #412-22 and detailed the following plan for the discussion of these proposed amendments. He proposed having the Committee go section by section focusing primarily on the sections in which the two proposals disagree resolving these differences through a series of straw votes. These straw votes would inform a document with the changes resulting from these straw votes and this document would be discussed at a future meeting where the Chair will be inclined to take public comment. Councilors sought clarification regarding overarching policy concerns in these proposed amendments and how those would be discussed. The Chair noted that these concerns would be discussed concurrently when going over the proposals.

Sec. 21-81. Definitions

Committee members expressed no concerns with agreed changes in this section. One Councilor did seek clarification on the 5" DBH in the tree plan definition. Marc Welch, Superintendent of Urban Forestry, noted that this was to ensure all protected trees are captured in the tree plan and that the tree plan includes all trees not just the ones that would be removed. Deliberation on adoption of an environmental mitigation payment definition will be delayed to later in the discussion.

Sec. 21-82. Applicability

No concerns were expressed regarding agreed changes in this section. The first area of disagreement between the two proposals in this section is 21-82(a). During deliberation on this section multiple Councilors raised concerns with potentially having this ordinance apply to trees on city owned land along with a potential overstep of property rights. Jennifer Wilson, Assistant City Solicitor stated that the law department would need to specifically look at how this ordinance and the ordinance governing trees on city owned land interplay and that the ordinance governing trees on city owned land could be reviewed and amended at a later date. Mr. Welch also noted that additional language would be needed to account for the laws that govern trees on publicly owned land. He also noted the increased administrative workload should the exclusion for single or two family lots where no exterior construction is planned for 24 months not be included. Mr. Welch also noted his involvement in the building permit approval process and a willingness to amend the mention of "Legacy tree designation" to "Landmark tree designation".

Committee members then took a series of straw votes. First was on whether to include city owned land in this provision which failed 3-5 (Councilors Humphrey, Krintzman, Albright, Greenberg, and Ryan opposed). Second was change the word Legacy in the proposal to Landmark which was approved 8-0. Last was to exclude single and two family lots where no exterior construction is planned to take place during the 24 months following the removal of trees. This was approved 7-1 (Councilor Wright opposed).

On the topic of adding a new provision in 21-82(c), Councilors sought clarification on how the 24 month period regarding construction is applied if the parcel transfers ownership. Mr. Welch noted that the tree permit would transfer with the parcel and if the new owner were to begin construction before the 24 months had elapsed, they would need to comply with replacement requirements in 21-85. In taking a straw vote on this provision the Committee voted 6-2 (Councilors Albright and Noel opposed).

Sec. 21-83. Permit Application

The Committee expressed no concerns with agreed changes prior to the addition of 21-83(a)(9). Regarding the differing proposals for the addition of 21-83(a)(9) the Committee first discussed the proposed provision from the Councilor proposal. A docketing Councilor stated that this provision is to intentionally include a Tree Protection Plan as part of the special permit process. Mr. Welch raised concerns over needing to review a Tree Protection Plan twice due to changes that can occur during the special permit process and that the tree ordinance sits outside of the zoning ordinance. Multiple Councilors raised concern with this proposed provision with one Councilor suggesting that the Planning Department obtain a sign off from Mr. Welch as part of the completeness review outlined in Article X Section 4 of the Council Rules (City Council Rules | newtonma.gov). Councilors voted 1-4-3 (Councilors Albright, Krintzman, Greenberg, and Noel opposing) (Councilors Baker, Humphrey, and Ryan abstaining) on a straw vote to include the proposed provision in the draft ordinance.

Councilors then began discussion on the proposed provision from the City proposal. This would give the tree warden the authority to waive requirements in 21-83 prior to 21-83(a)(9) if no exterior work is planned. Mr. Welch noted that this would allow for the tree warden to make a good faith judgement in certain cases. One Councilor asked for clarification if documentation detailing the trees to be removed is able to be waived. Mr. Welch noted that he would always require documentation detailing the trees to be removed and this is the current practice. Councilors voted 6-0-2 (Councilors Ryan and Humphrey abstaining) on a straw vote to add the proposed provision.

The Committee voted 8-0 on a motion to hold from Councilor Ryan.

Referred to Programs & Services and Finance Committees

#412-22

Request for Review and Amendments to Chapter 21, Art. III, Division 3

HER HONOR THE MAYOR requesting review and amendments to Chapter 21, Art. III, Division 3, Tree Preservation to increase replacement requirements for larger trees, add protections for smaller trees, limit removal of trees without replacement, enhance procedures for protecting trees, increasing payment required for trees cut without replacement, protect trees on lots adjacent to

construction, provide Tree Warden with additional professional input on trees on private properties.

Action: **Programs & Services Held 8-0**

Note: This item was discussed concurrently with #411-22. The report can be found with item #411-22.

#465-22 **Reappointment of Randall Johnson to the Parks and Recreation Commission**
HER HONOR THE MAYOR reappointing Randall Johnson, 267 Upland Road, Newton as an alternate member of the Parks and Recreation Commission for a term of office to expire on September 30, 2025. (60 Days: 12/02/2022)

Action: **Programs & Services Approved 8-0**

Note: The item was read into the record and the Committee expressed no concerns relative to the reappointment. Committee members voted 8-0 on a motion to approve from Councilor Albright.

The meeting adjourned at 9:57pm

Respectfully Submitted,

Josh Krintzman, Chair

Sec. 21-80 Findings, intent, and purpose.

The city council has determined that many trees are being lost without replacement incident to demolition of existing buildings in order to construct new buildings and lot clearing in connection with the construction of new buildings on previously undeveloped land. The city council has further determined that trees have been lost, severely damaged or disfigured through excessive or improper pruning or other than natural causes. The result is a net loss of the tree population in the city. The city council has further determined that the city has insufficient legal vehicles to assure that such development adequately preserves, protects and provides for replacement of trees.

The preservation of the private tree canopy and the planting of replacement trees is intended to enhance the quality of life and the environment of the city; to preserve the character of the wooded and natural areas; to reduce energy consumption; to protect air quality; to baffle noise; to preserve and enhance habitat for wildlife; to reduce topsoil erosion and storm water runoff; to protect and increase property values; and to enhance the overall appearance of the city. (Ord. No. A-38, 05-05-14)

Proposed change - difference in versions

Councilor Proposal	City Proposal
<p>The city council has determined that <u>Newton has lost and continues to lose trees at an alarming rate. Tree loss contributes significantly to the climate emergency that the US Centers for Disease Control creates a public health crisis by producing extreme heat; air pollution; increased allergens; diseases carried by mosquitos, ticks, and rodents; flooding; and more.</u> many trees are being lost without replacement incident to demolition of existing buildings in order to construct new buildings and lot clearing in connection with the construction of new buildings on previously undeveloped land. The city council has further determined that trees have been lost, severely damaged or disfigured through excessive or improper pruning or other than natural causes. The result is a net loss of the tree population in the city. The city council has further determined that the city has insufficient legal vehicles to assure that such development adequately preserves, protects and provides for replacement of trees.</p> <p><u>Healthy mature trees provide immense public services that cannot be replaced, even by planting saplings. According to Newton’s tree warden, an AVERAGE mature street tree (17" DBH) removes 2600 lbs of carbon per year, conserves 1300 kWh per year, intercepts 1900 lbs of stormwater per year. Moreover, it takes 90 new trees to sequester as much carbon as one mature tree. The city council has determined that replacement alone is not enough. The city council has further determined that the city has insufficient legal vehicles to assure the adequately preservation and protection of mature</u></p>	<p>No Change Proposed</p>

trees and the provision for mitigating costs to the city of tree loss, both by replacement of trees and by an environmental mitigation payment.

The preservation of ~~Newton's the private~~ tree canopy ~~and the planting of replacement trees~~ is intended to preserve public health, mitigate climate impacts, and thereby enhance the quality of life and the environment of the city; ~~to preserve~~ . A mature healthy tree canopy preserves the character of the wooded and natural areas; ~~to~~ reduces energy consumption; ~~to~~ protects air quality; ~~to~~ baffles noise; ~~to~~ preserves and enhances habitat for wildlife; ~~to~~ reduces topsoil erosion and storm water runoff; ~~to~~ protects and increases property values; and to enhances the overall appearance of the city. (Ord. No. A-38,05-05-14)

Sec. 21-81. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Aggregate diameter : The combined diameter of a multiple trunk tree measured at breast height.

Building : The term "building" shall be as defined in section 30-1.

Certified arborist : An arborist certified by the Massachusetts Arborists Association or International Society of Arboriculture, or any successor organization.

Diameter breast height (DBH) : The diameter of the trunk of a tree 4½ feet above the existing grade at the base of the tree.

Exempt lot: A lot which meets all of the following criteria:

- (1)The lot is occupied and used primarily as a dwelling for up to four families at the time any protected tree(s) are removed.
- (2)The lot owner at the time of protected tree removal has owned the lot continuously for a minimum of ninety (90) days prior to the removal of any protected tree(s).
- (3)The existing structure on the lot remains occupied as a dwelling with a person or persons living in it for eighteen consecutive months from the date any protected tree(s) are removed.
- (4)The lot remains owned by the same person for eighteen consecutive months from the date any protected tree(s) are removed.

Proposed change - same in both versions

~~Exempt lot: -A lot which meets all of the following criteria:~~

- ~~(1)The lot is occupied and used primarily as a dwelling for up to four families at the time any protected tree(s) are removed.~~
- ~~(2)The lot owner at the time of protected tree removal has owned the lot continuously for a minimum of ninety (90) days prior to the removal of any protected tree(s).~~
- ~~(3)The existing structure on the lot remains occupied as a dwelling with a person or persons living in it for eighteen consecutive months from the date any protected tree(s) are removed.~~
- ~~(4)The lot remains owned by the same person for eighteen consecutive months from the date any protected tree(s) are removed.~~

Exterior work permit : A permit or approval which is required in order to perform work on a vacant lot or to the exterior of a building on a lot, including, but not limited to the following: a building permit; a review of an alteration of contour of land if required pursuant to section 30-5(c)(1); curb cut and street opening permits; an order of conditions; certificates of appropriateness, nonapplicability, or hardship; a demolition permit pursuant to section 22-44; site plan approval pursuant to section 30-23; subdivision approval; a special permit pursuant to section 30-24; a comprehensive permit.

Occupied Lot : A lot containing a legally constructed, permanent structure, used primarily as a dwelling that is currently being legally occupied and lived in and used as a residence by a person or persons. The dwelling must have a functioning, legally permitted, permanent water service, permanent sanitary service, and permanent electrical service.

Person : Any person, firm, partnership, association, corporation, company or organization of any kind including, but not limited to, the person removing a protected tree as well as the owner of the real property from which the tree is removed. The definition of "person" shall not include the City of Newton.

Protected tree : Any tree having a diameter of 8" DBH or larger or having an aggregate diameter of fifteen inches (15") DBH or larger and which is located on land subject to the provisions of section 21-82.

Proposed change - same in both versions

Protected tree: Any tree having a diameter of ~~8" DBH or larger or having an aggregate diameter of fifteen inches (15")~~ 6" DBH or larger and which is located on land subject to the provisions of section 21-82.

Pruning standards : Standards for pruning as defined in the City of Newton Tree Management Manual, 1995 and any future amendments or revisions to the same.

Proposed change - same in both versions

Pruning standards: Standards for pruning as defined in the ~~City of Newton Tree Management Manual, 1995 and any future amendments or revisions to the same.~~ most current American National Standard Institute (ANSI) A300 Pruning Standards and as defined by the Tree Warden.

Remove (including removing and removal) : The cutting down of any protected tree and all other acts which cause the actual removal or the effective removal through damaging, poisoning or other direct or indirect actions resulting in the death of a protected tree, including, but not limited to, excessive or improper pruning.

Tree Manual : The City of Newton Tree Management Manual, 1995, and any future amendments and revisions to the same. (Ord. No. V-275, 12-6-99)

Proposed change - same in both versions

~~Tree Manual: The City of Newton Tree Management Manual, 1995, and any future amendments and revisions to the same. (Ord. No. V-275, 12-6-99)~~

Tree Warden : The commissioner of parks, recreation and culture or his designee. (Rev. Ord. 2007, § 20-31; Ord. No. A-38, 05-05-14; Ord. No. B-53, 03-02-20)

Proposed change - new definitions added - same in both versions

Landmark Tree : Any tree having a diameter of 40” DBH to 54” and which is located on land subject to the provisions of section 21-82.

Legacy Tree : Any tree having a diameter of 55” DBH or larger and which is located on land subject to the provisions of section 21-82.

Lot : The real property contained within front, rear and side lot lines, as established by a plan filed in the registry of deeds, which divide the property from adjoining properties.

Risk Tree Evaluation : The process by which a tree is evaluated to determine the level of risk it poses to the existing property and public at the time of inspection. All risk tree evaluations shall be conducted by a qualified Certified Arborist using a systematic process that identifies, analyzes, and evaluates risk. All tree risk evaluations are to follow the most current ANSI A300 Part 9 Tree Risk Assessment protocol. All tree risk assessments are to be done utilizing industry accepted protocols, forms, and other documentation required by the Tree Warden.

Significant Tree : Any tree having a diameter of 25” DBH to 39” DBH and which is located on land subject to the provisions of section 21-82. Or is a replacement tree as described in 21-85 (e).

Tree Plan : A plan showing (1) the location, type, and size of each tree 5” DBH and larger; (2) which tree(s) are to be removed; and (3) the location, type, and size of replacement trees. The tree plan should also show the location, estimated size, and tree type of any trees that were removed from the lot within the prior 24 months leading up to the application date .

Tree Protection Plan : A plan developed by a Certified Arborist, following the most current version of the ANSI A300 standards including Part 5, management standards for site planning and development. This plan shall set out measures for protecting all trees on the lot during construction as well as trees adjacent to the lot that may be impacted by the construction activity on the applicant’s lot.

Tree Save Area : Area within the dripline of a tree or the area within a radius around the tree trunk of 1.5 feet for every inch of DBH, whichever is greater.

Proposed change - difference in versions

Councilor Proposal	City Proposal
<p>Environmental Mitigation Payment: A payment that takes into account damages to community public health (including increased pests), loss of carbon sequestration and other climate mitigation services, costs of increased energy usage, loss of stormwater drainage services, and increased city infrastructure costs by utilizing a cross-sectional area valuation of each tree to be removed: (DBH) 2 x 0.785 x base value, where the base value is not less than [AMOUNT].</p>	<p>not part of City Proposal</p>

Sec. 21-82. Applicability,

(a) Applicability: The terms and provisions of this article shall apply to any protected tree located on land within the city not owned by the city, the commonwealth, or any independent authority of the commonwealth, or by the federal government except protected tree(s) located on an exempt lot pursuant to paragraphs (c) and (d) below.

Proposed change - difference in versions

Councilor Proposal

City Proposal

(a) Applicability: The terms and provisions of this article shall apply to any protected tree located on land within the city ~~not owned by the city~~, the commonwealth, or any independent authority of the commonwealth, or by the federal government ~~except protected tree(s) located on an exempt lot pursuant to paragraphs (c) and (d) below.~~

(a) Applicability: The terms and provisions of this article shall apply to any protected tree located on land within the city not owned by the city, the commonwealth, or any independent authority of the commonwealth, or by the federal government ~~except protected tree(s) located on an exempt lot pursuant to paragraphs (c) and (d) below.~~ **except on single or two family residential occupied lots where no exterior construction is presently underway or planned to take place during the 24 months following the removal of trees, the trees to be removed do not meet the Legacy tree designation, and the owner obtains an exemption permit from the tree warden.**

(b) Permit, certificate of exemption: No person shall remove a protected tree on a non-exempt lot located on land subject to the provisions of this article, or commence legally permitted exterior work on any lot without first obtaining a tree permit or a certificate of exemption from the tree warden. Applications shall be made in writing on forms specified by the tree warden.

Proposed change - same in both versions

(b) Permit, ~~certificate of exemption~~: No person shall remove a protected tree on a ~~non-exempt~~ lot located on land subject to the provisions of this article, or commence legally permitted exterior work on any lot without first obtaining a tree permit ~~or a certificate of exemption~~ from the tree warden. Applications shall be made in writing on forms specified by the tree warden.

(c) Exempt lot, certificate of exemption: The owner of an exempt lot shall not be required to apply for a tree permit, provided however, that an owner of an exempt lot who seeks an exterior work permit must certify to the tree warden on form(s) provided by the tree warden, that as of the date on the form(s) the lot qualifies as an exempt lot and will remain an exempt lot for eighteen months following tree removal. There shall be no fee for filing a certificate of exemption.

(1) The tree warden shall determine whether a property is an occupied lot for the purposes of establishing exempt lot status. The property owner shall, if requested by the tree warden provide proof of ownership as well as a written statement confirming ownership and that a person or persons are living in the property.

(2)If lot ownership changes during the eighteen consecutive months following the removal of any protected tree(s) on an exempt lot, the new owner must apply for a tree permit and shall be required to replace any protected tree(s) that were removed. If, however, a change of ownership occurs on a lot for which an extension of exempt lot status for non-occupancy during construction has been issued within the eighteen months prior to the change in ownership, the person issued such extension shall apply for a tree permit and shall be required to replace any protected tree(s) that were removed.

(d)Extension of exempted lot status: If at any point during the eighteen consecutive months following the removal of any protected tree(s) the property is no longer an occupied lot, the current owner of the lot must apply for a tree permit. If the non-occupancy is due to legally permitted construction, the tree warden may grant an extension of exempt lot status for the duration of the construction, provided:

(1)The owner intends to own the lot for eighteen consecutive months from the date a certificate of occupancy is issued for the construction for which the extension was issued; and

(2)The property remains an occupied lot for eighteen consecutive months from the date a certificate of occupancy is issued for the construction for which the extension was issued.

(3)Upon request of an applicant for exempt lot status extension, the tree warden may also waive the requirement that the lot be continuously owned by the same owner for ninety (90) days prior to protected tree removal provided the owner intends to own the lot for twenty-one months from the date a certificate of occupancy is issued for the construction for which the extension is granted.

(4)If at any time during the applicable eighteen or twenty-one month period the lot ownership changes or the lot is not occupied, the tree warden shall revoke the tree permit and exempt lot status extension. The person issued the extension shall file a new tree permit application and shall replace any protected trees that were removed.

(5)Any person issued an extension of exempt lot status must report to the tree warden any change of ownership and any change of occupancy status within fifteen (15) days of the change if that change takes place during the applicable eighteen (18) month or twenty-one (21) month period following the date the certificate of occupancy issued. (Ord. No. A-38, 05-05-14)

Proposed change - same in both versions

~~(c)Exempt lot, certificate of exemption: The owner of an exempt lot shall not be required to apply for a tree permit, provided however, that an owner of an exempt lot who seeks an exterior work permit must certify to the tree warden on form(s) provided by the tree warden, that as of the date on the form(s) the lot qualifies as an exempt lot and will remain an exempt lot for eighteen months following tree removal. There shall be no fee for filing a certificate of exemption.~~

~~—(1)The tree warden shall determine whether a property is an occupied lot for the purposes of establishing exempt lot status. The property owner shall, if requested by the tree warden provide proof of ownership as well as a written statement confirming ownership and that a person or persons are living in the property.~~

~~—(2)If lot ownership changes during the eighteen consecutive months following the removal of any protected tree(s) on an exempt lot, the new owner must apply for a tree permit and shall be required to replace any protected tree(s) that were removed. If, however, a change of ownership occurs on a lot for which an extension of exempt lot status for non-occupancy during construction has been issued within the eighteen months prior to the change in ownership, the person issued such extension shall apply for a tree permit and shall be required to replace any protected tree(s) that were removed.~~

~~(d)Extension of exempted lot status: If at any point during the eighteen consecutive months following the removal of any protected tree(s) the property is no longer an occupied lot, the current owner of the lot must apply for a tree permit. If the non-occupancy is due to legally permitted construction, the tree warden may grant an extension of exempt lot status for the duration of the construction, provided:~~

~~—(1)The owner intends to own the lot for eighteen consecutive months from the date a certificate of occupancy is issued for the construction for which the extension was issued; and~~
~~—(2)The property remains an occupied lot for eighteen consecutive months from the date a certificate of occupancy is issued for the construction for which the extension was issued.~~
~~—(3)Upon request of an applicant for exempt lot status extension, the tree warden may also waive the requirement that the lot be continuously owned by the same owner for ninety (90) days prior to protected tree removal provided the owner intends to own the lot for twenty one months from the date a certificate of occupancy is issued for the construction for which the extension is granted.~~
~~—(4)If at any time during the applicable eighteen or twenty one month period the lot ownership changes or the lot is not occupied, the tree warden shall revoke the tree permit and exempt lot status extension. The person issued the extension shall file a new tree permit application and shall replace any protected trees that were removed.~~
~~—(5)Any person issued an extension of exempt lot status must report to the tree warden any change of ownership and any change of occupancy status within fifteen (15) days of the change if that change takes place during the applicable eighteen (18) month or twenty one (21) month period following the date the certificate of occupancy issued. (Ord. No. A 38, 05-05-14)~~

Sec. 21-84. Activities not requiring a permit.

(a) Pruning: A permit is not required for the pruning of protected trees. However, in order to prevent excessive pruning and topping of trees and to prevent pruning that will be hazardous to the health and natural appearance of the tree, compliance with approved pruning standards is required, and failure to meet these standards is a violation of this article. The tree warden shall maintain on file at all times a copy of the current edition the Tree Manual and shall make copies of the Tree Manual available for the cost of reproduction upon request.

Proposed change - same in both versions

(a) Pruning: A permit is not required for the pruning of protected trees. However, in order to prevent excessive pruning and topping of trees and to prevent pruning that will be hazardous to the health and natural appearance of the tree, compliance with **approved ANSI A300** pruning standards is required, and failure to meet these standards is a violation of this article. ~~The tree warden shall maintain on file at all times a copy of the current edition the Tree Manual and shall make copies of the Tree Manual available for the cost of reproduction upon request.~~

(b) Emergencies: If any protected tree shall be determined to be in a hazardous condition so as to immediately endanger the public health, safety or welfare or cause an immediate disruption of public services and require immediate removal without delay, oral authorization may be given by the tree warden to remove such tree, utilizing such professional criteria and technical assistance as he deems necessary, and the protected tree may be removed without obtaining a written permit as otherwise required by this article. The tree warden shall memorialize in writing each such oral authorization to remove a tree and keep a record of the same.

Proposed change - same in both versions

(a) Emergencies: If any protected tree shall be determined to be in a hazardous condition so as to immediately endanger the public health, safety or welfare or cause an immediate disruption of public services and require immediate removal without delay, oral authorization may be given by the tree warden, or designee, to remove such tree, utilizing such professional criteria and technical assistance as ~~he~~ **the tree warden** deems necessary, and the protected tree may be removed without obtaining a written permit as otherwise required by this article. The tree warden shall memorialize in writing each such oral authorization to remove a tree and keep a record of the same.

(c) Waiver: The requirements of this article may be waived by the tree warden during the period of an emergency such as a tornado, windstorm, flood or other act of God. (Ord. No. V-275, 12-6-99; Rev. Ord. 2007, § 20-34; Ord. No. A-38, 05-05-14)

Sec. 21-85. Tree replacement.

(a) Required: A protected tree shall be replaced in the manner provided in subsection (b) hereof in each instance in which a protected tree was removed from land subject to the provisions of section 21-82 without a tree permit.

(b) Standards: A person who has removed a protected tree and is required to replace such tree pursuant to subsection (a) hereof or as a condition of granting a tree permit in accordance with section 21-83, shall replace such tree within eighteen (18) months, or prior to transfer of property ownership whichever comes first from the date the tree permit is issued and in accordance with the following standards:

(1) A replacement tree shall be of the same or similar species or such other species as deemed advisable by the tree warden in accordance with the Tree Manual and shall have the same or equivalent size as measured in DBH inches as that of the protected tree that has been removed.
