## Direct Offer for Conservation

The Dudley Road Estate (hereinafter the “Property”) is a unique estate comprising three parcels totaling 14.97± acres with approximately 225 feet of frontage on Dudley Road and 100 feet of frontage on Brandeis Road. The Property is improved with a main house at 85 Dudley Road on a 0.90± acre parcel (Lot 1), and a residence at 132 Brandeis Road on a 0.33± acre parcel that is currently rented. The third parcel is a 13.74± acre vacant land parcel with frontage on Dudley Road (Lot 2). The Property abuts Newton South High School and is also near Kennard Park, owned by the City of Newton. The majority of the Property is wooded except yard areas around the two residences.

85 Dudley Road (Lot 1) and the Dudley Road vacant land parcel (Lot 2) have been owned by the same family since 1979. 132 Brandeis Road was purchased in 2011. The owners have recently decided to sell the Property and prior to offering the Property for sale on the open market wish to determine if there is sufficient interest on the part of the City of Newton, Newton Conservators or other partners in acquiring the Property as permanent open space and/or for other municipal purposes. Accordingly, the Property is first being offered exclusively to the City of Newton, Newton Conservators and their selected partners for **120 days** before listing it on the open market. The Property is not enrolled in Chapter 61, 61A or 61B classifications.

This is a unique one-time opportunity to protect a large estate from development and to provide additional land for expansion of open space, school, recreation or other municipal uses. 85 Dudley Road is referenced on page 44 of the [Newton Open Space & Recreation Plan 2020-2027](#).

<b>Asking Prices:</b>	<b><u>Option #1</u></b>

	<b><u>Option #2</u></b>	
	<b>Dudley Road Vacant Land Parcel &amp; 132 Brandeis Road:</b>	<b>\$19,750,000</b>

**Note:** If Option #2 is pursued it will be necessary to adjust the current boundary lines for 85 Dudley Road (Lot 1) and the Dudley Road vacant land parcel (Lot 2) to maintain each parcel’s value. It will also be necessary to establish a driveway easement for a portion of the existing driveway. A preliminary Boundary Adjustment Plan illustrating this proposed reconfiguration is included in this Property Profile and may be subject to further modification.

LandVest is the Sellers’ exclusive representative, and all offers and communications must be conveyed through LandVest.

**Direct Offer Notice:** *This is a direct offer to the City of Newton and Newton Conservators. The Property is not currently available on the open market. Neither the Sellers, nor LandVest, Inc., nor any of their representatives will pay a commission or any other fees to the City of Newton, Newton Conservators or any other party in connection with the sale of the Property. The City of Newton, Newton Conservators and any other party will indemnify the Sellers and LandVest from any buyer’s broker’s claim for a commission.*

## **Statement of Limitations**

This Property Profile is a compilation of public record information and additional information from the Sellers regarding 14.97± acres of land with improvements (hereinafter the "Property"). The Property has an address of 85 Dudley Road (Lot 1), Dudley Road (Lot 2), and 132 Brandeis Road, Newton, Massachusetts and is currently offered for sale by LandVest, Inc.

Neither the Sellers nor Sellers' representatives make any express or implied representations or warranties as to the accuracy or completeness of any information in this Property Profile or any of the exhibits attached hereto, and none of such persons shall have any liability relating to or arising from use of any information or any errors therein or omissions therefrom. Prospective buyers are not entitled to rely on the accuracy or completeness of this information and shall be entitled to rely solely on such representations and warranties as may be in a Purchase and Sale Agreement relating to the proposed acquisition, subject to the terms and conditions of such agreement.

Any alternative use of the Property implied in this Property Profile does not constitute a warranty or guarantee of approval. It is the sole responsibility of the Buyer to determine the viability of any contemplated use of the Property under pertinent federal, state, and local regulations. The Seller makes no representation as to the likelihood of approval of any proposed use.

Neither the Sellers nor any of its representatives are under any legal obligation and shall have no liability of any nature whatsoever with respect to the proposed acquisition by virtue of this Property Profile or otherwise.

No legal liability is created by this Property Profile, which is to be used in whole and not in part. Any plans produced by LandVest, Inc. in this Property Profile show approximate dimensions and are included only to assist the reader in visualizing the Property.

The Property is to be sold in its as-is condition and no warranties, guarantees, or representations are given as to the condition of the site and improvements or their compliance with federal, state, or local regulations.

The Sellers reserve the right to reject all offers, to enter into an agreement with someone other than the highest offeror, and to negotiate further with one or more offerors. If an offer sets forth a price and conditions that are acceptable to the Sellers, the Sellers will prepare a proposed Purchase and Sale Agreement which will require a deposit of a portion of the purchase price, to be forfeited upon non-performance. No party, Sellers or Buyer, will be bound to sell or buy the Property until a Purchase and Sale Agreement is signed by both parties and the deposit paid.

Lots 1 and 2 are shown on an Approval Not Required (ANR) plan prepared by Verne T. Porter, Jr., dated December 8, 2011. The ANR plan was endorsed by the Newton Planning Board on December 21, 2011 and recorded in the Middlesex County South District Registry of Deeds as Plan 886 of 2011 on December 30, 2011.

132 Brandeis Road is shown as Lot 113 on a plan prepared by Everett M. Brooks Company, dated October 16, 1963, and registered in the Middlesex County South District Registry of Deeds as Plan 22505F on October 16, 1963.

Copies of the above-referenced recorded deeds and plans are in the Appendix.

### ***Boundary Adjustment***

As noted earlier, if only the Dudley Road vacant land parcel (Lot 2) and 132 Brandeis Road are acquired, it will be necessary to adjust the current boundary lines for 85 Dudley Road (Lot 1) and the Dudley Road vacant land parcel (Lot 2) to maintain each parcel's value. It will also be necessary to establish a driveway easement for a portion of the existing driveway. A preliminary Boundary Adjustment Plan illustrating this proposed reconfiguration is on the following page and may be subject to further modification.

## **B. Property Description**

The Property is located in Thompsonville, Newton's smallest village, near Route 9, Newton South High School and Kennard Park. It is comprised of three parcels, each under separate ownership, totaling 14.97± acres. 85 Dudley Road (Lot 1), which includes the main house, comprises 0.90± acres with 205.06 feet of frontage on Dudley Road. Lot 2 comprises 13.74± acres of vacant land and has 20 feet of frontage on Dudley Road and no frontage on Brandeis Road as it is separated from Brandeis Road by a narrow strip of land owned by the City of Newton that is part of Newton South High School. 132 Brandeis Road comprises 0.33± acres and has 99.56 feet of frontage on Brandeis Road.

The site is wooded with the exception of cleared yard areas immediately surrounding the two residences. Topography ranges from a high point of approximately 220 feet at 85 Dudley Road to a low point of approximately 120 feet at 132 Brandeis Road. There are no known wetlands on the Property.

The residence at 85 Dudley Road was built in 1912 and renovated and expanded in 1995. The exterior of the three-level residence is finished with stucco and painted shingles. The multiple hipped roofs and gable dormers are finished with chimneys and composition shingle roofing. The fenestration is a mix of fixed and double-hung units. The formal main entrance has a portico facing the street. According to Assessor records, there are 8,440 square feet of finished living area, including the basement level office and third floor. There are a total of six bedrooms, six full baths, two half baths, and seven fireplaces. Interior details include ceramic tile, oak and engineered wood flooring, Corian counters, built-in cabinetry, two stairwells, extensive baseboard and crown moldings, and a separate office with a private entrance. The family room, which was added off the kitchen in 1995, is finished with oversized windows offering western light and broad views of the surrounding woodlands on the abutting vacant land parcel.

The gravel drive and surrounding grounds provide a private estate setting. Access to the house is from a stone walkway and stairwell that connects to an unpaved circular drive. Utilities include overhead electrical at the street, city water and sewer, natural gas powered forced-air heat, and air conditioning.

The terrace off the rear of the house is framed with boxwood shrubs and small trees. The elevated space is finished with granite pavers and a fieldstone stairwell and retaining wall accessing the lower lawn area. There is a mix of outdoor lighting illuminating walkways, plantings, and the house.

The residence at 132 Brandeis Road is a Mid-Century Split-Level that was originally built in 1965 and features some recent basic updates. According to Assessor's records, there are 2,347 square feet of living area, including the finished basement area. There are four bedrooms, three full baths and two fireplaces. The residence is currently rented until June 30, 2023. Importantly, the 132 Brandeis Road parcel provides approximately 100 feet of frontage on Brandeis Road that would potentially allow a through road connection from Dudley Road to Brandeis Road if the Property were developed.

## C. Regulatory Factors

### 1. City of Newton Zoning

The Property is located in the City of Newton Single Residence 1 (SR1) and Single Residence 2 (SR2) zones, as shown on the following Site Analysis Plan. Both zones are predominantly detached single-family zones. Other uses, including attached single-family and multi-family dwellings, are allowed by Special Permit by the City Council.

Dimensional requirements that apply to new single-family building lots in the SR1 and SR2 zones are summarized below.

<b>Dimension</b>	<b>SR1</b>	<b>SR2</b>
Minimum Lot Area & Minimum Lot Area Per Unit	25,000 sf (0.57 acres)	15,000 sf (0.34 acres)
Maximum Lot Coverage	15%	20%
Minimum Open Space	70%	65%
Minimum Lot Frontage	140 feet	100 feet
Maximum Build Factor (see following section)	30	25
Minimum Front Yard Setback	40 feet	30 feet
Minimum Side Yard Setback	20 feet	15 feet
Minimum Rear Yard Setback	25 feet	15 feet
Maximum Building Height	36 feet (sloped roof) 30 feet (flat roof)	36 feet (sloped roof) 30 feet (flat roof)
Maximum Stories	2.5 (by right) 3 (Special Permit)	2.5 (by right) 3 (Special Permit)
Maximum Floor Area Ratio (see following section)	0.26 to 0.46	0.33 to 0.46

#### ***Build Factor***

The Build Factor is intended to limit the degree to which a lot may have an irregular shape and is determined by the following formula:

$$\frac{\text{Lot Perimeter}^2}{\text{Lot Area}} \quad / \quad \frac{\text{Lot Area}}{\text{Required Lot Area}} \quad = \quad \text{Build Factor}$$

The City Council may grant a Special Permit for a Build Factor greater than what is allowed by right.

#### ***Maximum Floor Area Ratio***

For new conventional lots the maximum floor area ratio (FAR) is determined by lot area based on an extensive table of lot size ranges and equations found in the zoning ordinance. In the SR1 zone the maximum FAR ranges from 0.26 to 0.46. In the SR2 zone the maximum FAR ranges from 0.33 to 0.46. An increased FAR may be allowed by Special Permit from the City Council.

## Rear Lots

Rear Lots are allowed by Special Permit from the City Council for single-family detached homes in the SR1 and SR2 zones. Dimensional requirements that apply to Rear Lots in the SR1 and SR2 zones are summarized below.

Dimension	SR1	SR2
Minimum Lot Area (Front Lot + Rear Lot)	55,000 sf (1.26 acres)	33,000 sf (0.76 acres)
Minimum Front Lot Area	30,000 sf (0.69 acres)	18,000 sf (0.41 acres)
Minimum Front Lot Frontage	140 feet	100 feet
Minimum Rear Lot Frontage Along Rear Lot Line of Front Lot	140 feet	100 feet
Minimum Rear Lot Frontage/Access	20 feet	20 feet
Maximum Lot Coverage	13%	17%
Minimum Usable Open Space	70%	65%
Minimum Front Yard Setback	40 feet	30 feet
Minimum Side Yard Setback	30 feet	23 feet
Minimum Rear Yard Setback	38 feet	23 feet
Maximum Building Height	36 feet (sloped roof) 30 feet (flat roof)	36 feet (sloped roof) 30 feet (flat roof)
Maximum Stories	2.5 (by right) 3 (Special Permit)	2.5 (by right) 3 (Special Permit)
Maximum Rear Lot Floor Area Ratio	0.12	0.20

There is an alternative option where the buildings can be more side by side instead of front and rear. Supplemental dimensional requirements that apply to this alternative option are summarized below.

Dimension	SR1	SR2
Minimum Building Side Separation	60 feet	46 feet
Minimum Side Yard Setback	20 feet	15 feet
Minimum Building Rear Separation	76 feet	46 feet
Minimum Rear Yard Setback	25 feet	15 feet

## 2. Cluster Development for Open Space Preservation

A Cluster Development may be allowed with a Special Permit and Site Plan approval by the City Council for properties between 5 and 35 acres. A Cluster Development is an alternative to a conventional subdivision whereby certain lot dimensional requirements are reduced in exchange for permanently protecting the area that represents the difference between lot area allowed under conventional zoning and lot area allowed under cluster zoning.

## 3. Inclusionary Zoning

The City of Newton's Inclusionary Zoning Ordinance applies to developments involving seven or more proposed units. The existing houses at 85 Dudley Road and 132 Brandeis Road would also count as proposed units if substantial renovations were proposed.

The number of inclusionary units required, and buyer income limits is determined by the following table.

Tier Level Buyer AMI Limits	7-16 Units	17-20 Units	21+ Units
Tier 1: 80% of Area Median Income	15%	10%	10%
Tier 2: 110% Area Median Income	0%	5%	7.5%
Total Inclusionary Units Required	15%	15%	17.5%

Area Median Income (AMI) limits range by household size. While unit buyers must fall within the AMI limits above, Tier 1 units must be priced to be affordable to buyers at or below 70% of AMI and Tier 2 units must be priced to be affordable to buyers at or below 100% of AMI. Any inclusionary units must be comparable in size, design, construction materials, construction quality, and be evenly distributed throughout the development.

As an alternative to providing inclusionary units on site developers can make a cash payment to the City’s Inclusionary Zoning Fund or build the required inclusionary units off site.

#### 4. M.G.L. c. 40B

M.G.L. c. 40B is a state statute that enables local Zoning Boards of Appeals to approve affordable housing developments through a Comprehensive Permit if at least 20% to 25% of the units have long-term affordability restrictions and the municipality’s Subsidized Housing Inventory is below 10%. As of April 2022, the City of Newton’s Subsidized Housing Inventory was 8.19%. The Comprehensive Permit may waive local zoning and subdivision regulations but cannot override state and federal statutes and regulations.

#### 5. Road Design Standards

Road design standards are detailed in the City of Newton Subdivision Regulations. Key design standards are summarized below.

Design Standard	Requirement
Minimum Centerline Offset for Street Jogs	125 feet
Minimum Centerline Radius for Curved Streets	100 feet
Minimum Street Intersection Angle	60 degrees
Minimum Curve Radius at Intersections	33 feet
Minimum Street Right of Way Width	45 feet
Minimum Paved Width	29 feet
Minimum Street Grade	0.60%
Maximum Street Grade	12%
Maximum Dead-End Road Length	500 feet <sup>1</sup>
Minimum Dead-End Road Length	90 feet <sup>1</sup>
Minimum Cul-de-Sac Diameter	95 feet
Sidewalks	Required both sides

<sup>1</sup> The Planning Board may allow a greater or lesser length if the Planning Board determines it is necessitated by topography, local conditions, and by the public interest.

#### 6. Tree Ordinance

The City of Newton Parks and Recreation, Public Grounds and Trees Ordinance authorizes the City Tree Warden to require replacement of removed trees or an in-lieu payment equal to the cost to replace a tree based on a cost schedule maintained by the City Tree Warden. Any tree removal requires a tree permit or certificate of exemption from the City Tree Warden. An application for a

tree permit must include a tree survey showing the location, type and size of each existing tree and indicating which trees are to be removed and the location, type and size of replacement trees.

## **7. Scenic Road Regulations**

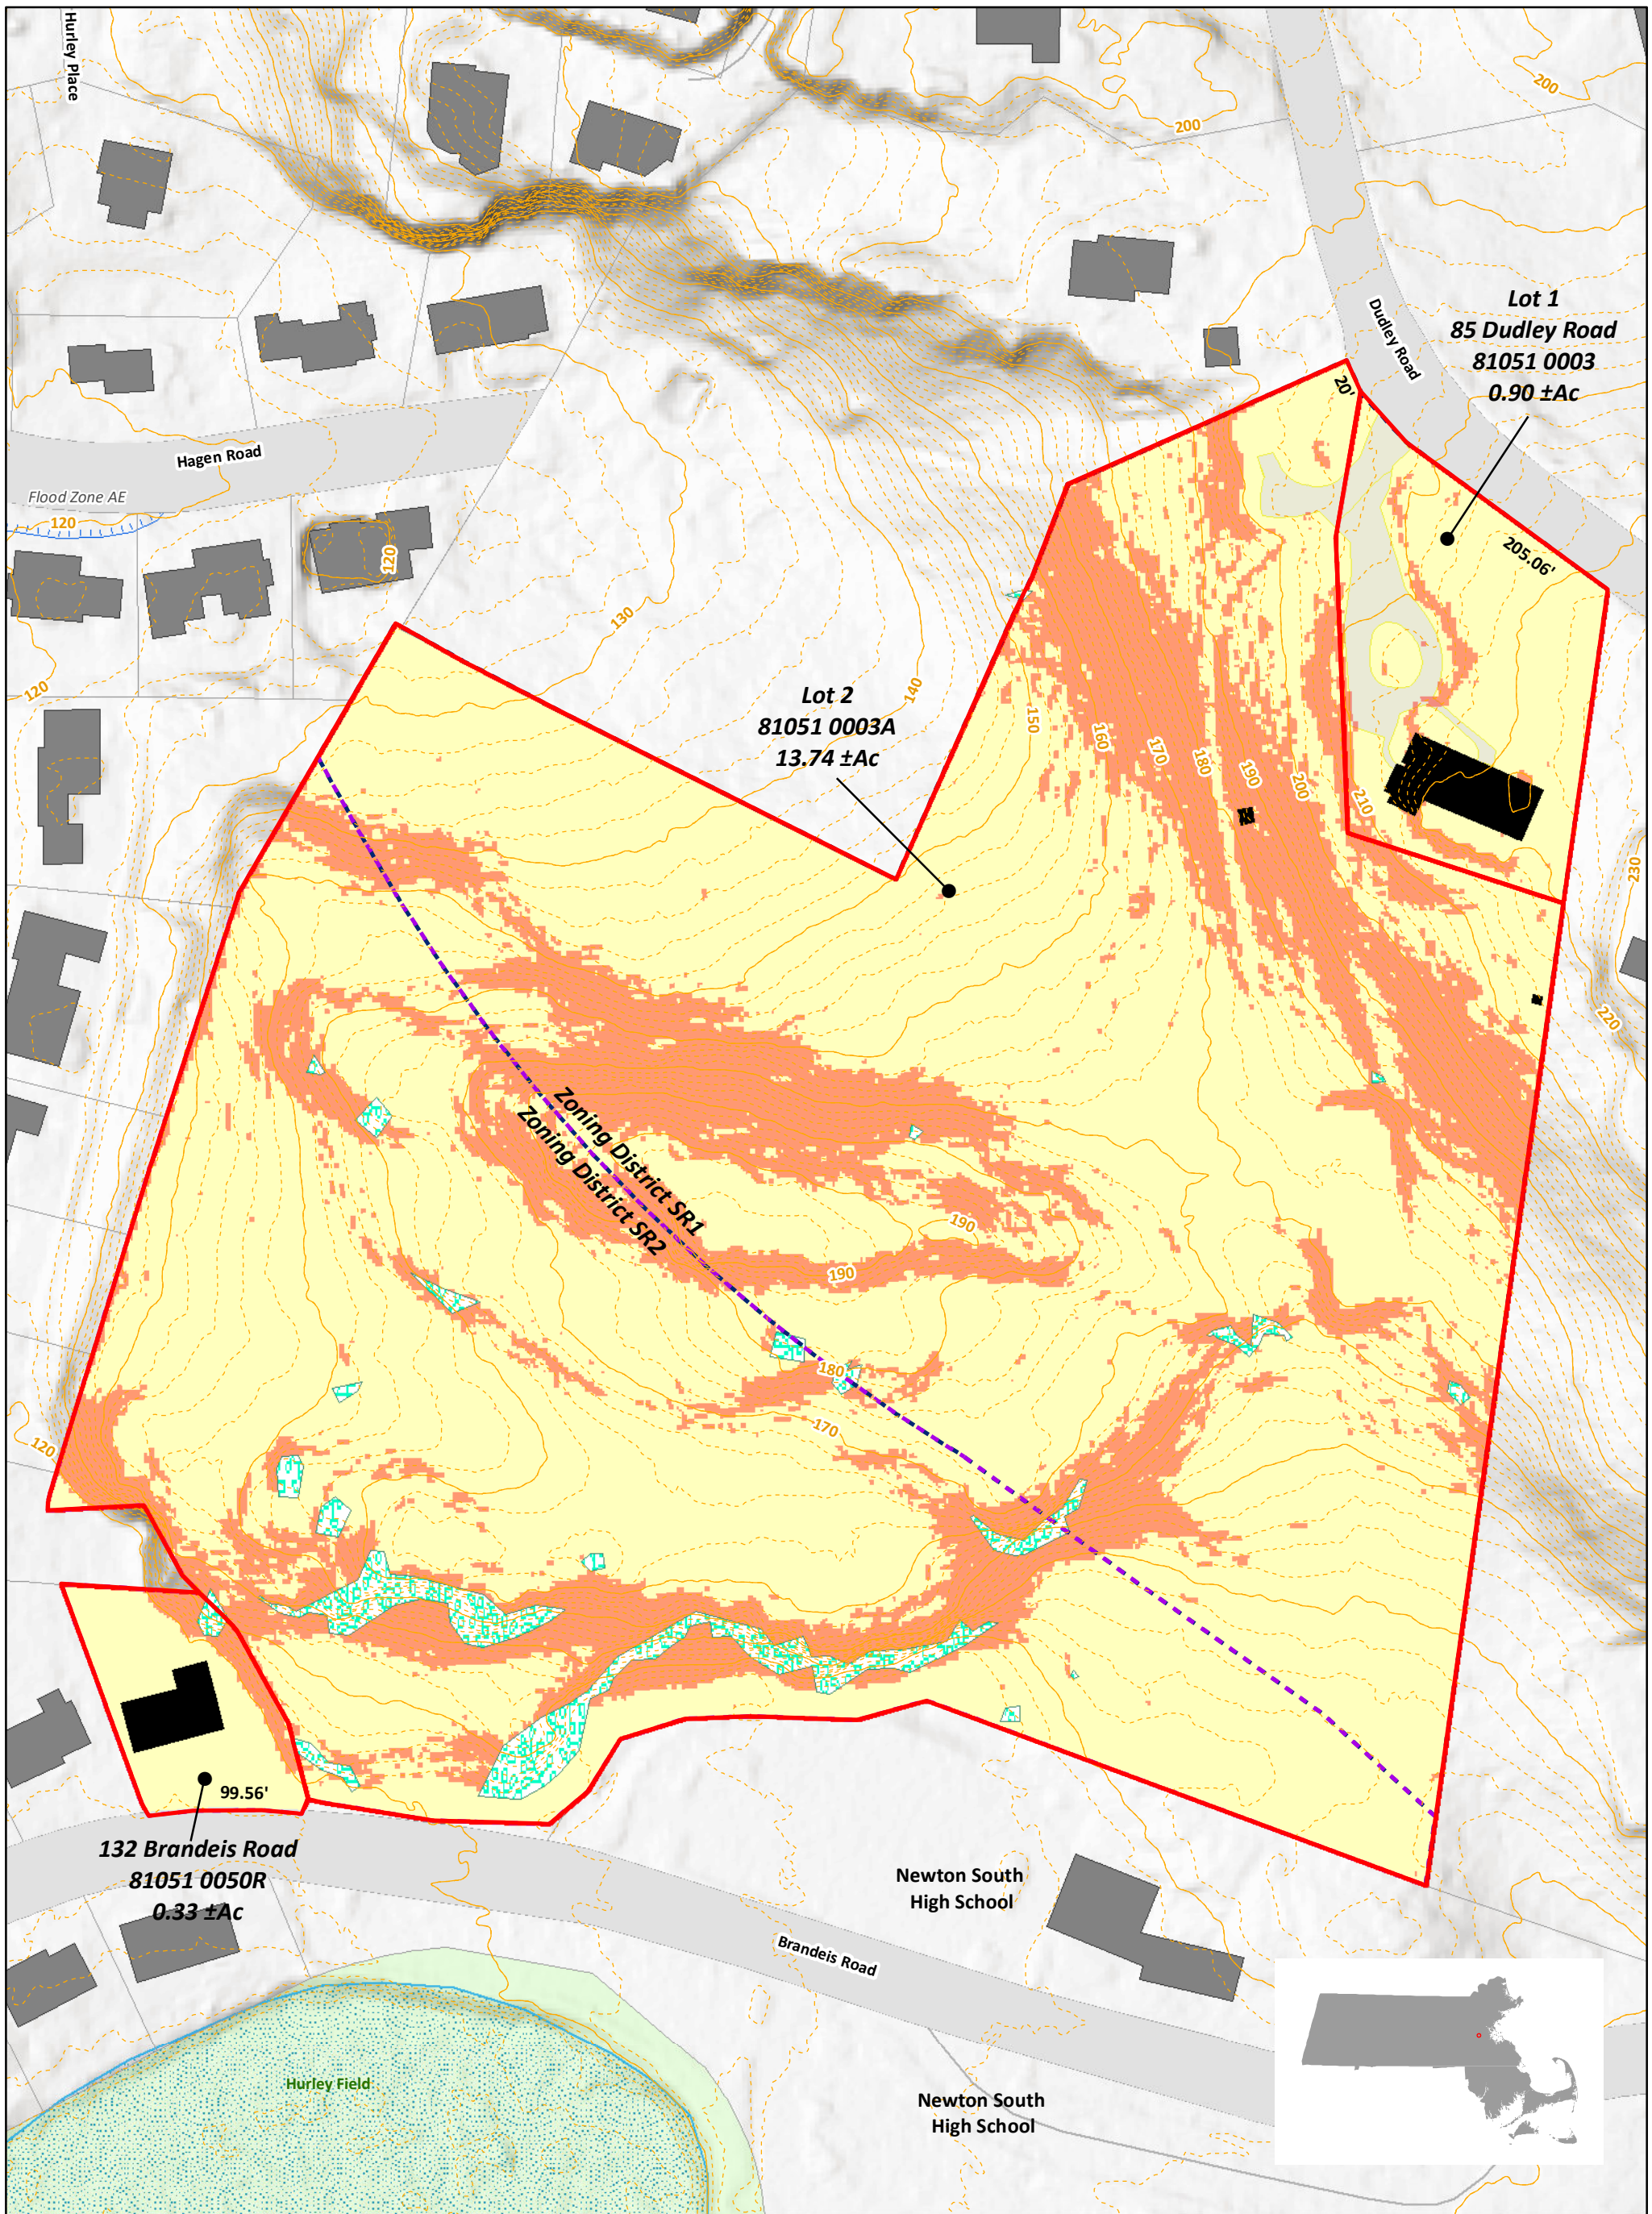

Dudley Road is designated by the City of Newton as a Scenic Road. Therefore, any cutting or removal of trees and tearing down or destruction of stone walls within the public right of way requires Planning Board approval and may be subject to restoration of features or other remediation plan as the Planning Board may require.

## **8. Utilities**

There is currently public sewer, water, natural gas and overhead electrical service on Dudley Road and Brandeis Road that could be extended into the subject property if it were developed.

## **9. Rezoning**
