Who can be a CIT?

CIT's are teens who are 13 to 16 years old and will be entering 8th-11th grade in the fall. This is a great program for individuals who may feel they are too old to be a camper but not yet old enough or experienced enough to be a counselor. This is an apprenticeship program where participants learn by doing. CIT's have daily leadership training sessions and work directly with the campers and staff.

What does a CIT do?

The CIT Leadership Initiative at Camp Echo Bridge is designed to teach important skills inherent to becoming a camp counselor. The program also helps CIT'S understand the importance of inclusive programming and respecting and embracing individual differences.

Dates and Sessions

New CIT'S participate in a two-week training session. Returning CIT's participate in a three- week training session. Each session will include instruction, observation, and activities that will focus on developing the skills necessary to become a great camp counselor. Meetings and training sessions with the CIT Director will take place to help CIT's to further develop their camp counselor skills. CIT's will also work with camper groups throughout the session to further develop their skills and involvement in camp.
