I support outdoor dining in Newton!

I am signing the petition to express my appreciation for the introduction of outdoor dining in Newton during the pandemic and to encourage the city's government to do everything it can to ensure Newton has a vibrant outdoor dining scene for years to come.

Outdoor dining has been wonderful for Newton's diners and businesses. But because some of the state rules that allowed restaurants to operate outdoors during the pandemic expire on March 31, 2023, the city must quickly enact new rules and regulations to allow outdoor dining to continue. This should include allowing patios in the public way (including along sidewalks and parklets) as well as enabling restaurants to operate in private parking lots.

Please act expeditiously to ensure that the proper procedures and regulations are in place to allow our restaurants to return outdoors this spring and permanently thereafter.

Additional Comments

| Name | Comment |
|-----------------------|--|
| Greg Reibman | "Our restaurants need the ability to maximize their sales and us diners want to spend as much time outdoors when the weather is tolerable. Vibrant restaurants add vitality to our community and help create foot traffic for other businesses too." |
| Karen Lloyd | "I support local businesses! Allowing outdoor dining isn't hurting anyone only helping everyone!" |
| Maureen Kelly-Chamoun | "I support out door dining and the hard working restaurant industry that feeds so many people. Safety first. Breathe fresh air." |
| Deb Tokarski | "Its a great option to have!!" |
| Randall Yee | "I support outdoor dining because it helps the businesses and it gives people options to eat outdoors who otherwise would not feel comfortable eating indoors for health reasons. Also, as a lifelong Newton resident, having more outdoor dining options has made Newton so much more welcoming and enjoyable to live and work." |
| Mark Lavelle | "Our Restaurants fully need the support of all individuals in the Community, especially the Leaders of the Community. As factors such as the Pandemic, then Inflation, and as well as other detrimental events of recent years have caused so much catastrophic harm to the Restaurant Industry. It is imperative that we all support the backbone of the neighborhoods we live and work in to continue the local style that we all enjoy. To all of the Community Leaders and Citizens, I implore you to continue your support of the Out Door Dining program for this 2023 spring so we may enjoy these establishments." |
| Fred Heller | "Expanded outdoor dining is wonderful." |
| Nancy Cushman | "It's great for the community business and residents." |
| Ben Jackson | "Outdoor dining is the silver cloud that came from the Pandemic. Everyone loves to eat al fresco." |
| Vicki Cochran | "COVID is far from over and outdoor dining needs to stay. Year-round preferred." |
| Matthew Keys | "the benefits of outdoor dining for both the residents and the restaurants largely outweighs the slight increase in additional parking spots which are already a surplus in Newton Center." |

Jennifer Houston "I have loved dining outdoors in Newton! Please keep outdoor dining going and give the restaurant industry the option to continue with the investment they have made in accommodating customers since the beginning of the pandemic."

Martha Berardino "I am more likely to dine at restaurants in Newton if there are outdoor accommodations."

Patricia Adair "Since many viruses are transmitted by aerosols, it is important to have heated outdoor options so that all who have compromised immune systems can also dine at restaurants safely."

Christine Goss "We need options for people to socialize safely - dining outdoors is a great one!"

Jim Frances "COVID-19, RSV, and other respiratory illnesses are a continuing threat, especially indoors in low ventilation environments. Outdoor dining is an excellent spread preventative."

Eva Radding "I really appreciate and enjoy outdoor dining in Newton."

Rebecca Ray "More human spaces outside less car spaces"

Martin Kafka "I enjoy outdoor dining and it is good for the local economy and restaurants"

Sylvia Broude "Some vulnerable people still can't dine indoors, because Covid is still a threat. Making outdoor dining permanent is an easy way to support the success of small businesses like restaurants that are the backbone of our economy!"

Susan Rapoport "We need to support our restaurants"

barb keane "I love sitting outside and enjoy people watching while eating a incredible meal at Thistle & Leek."

cLAIRE DUNNE "We are of an age where we have successfully avoided, so far, covid, flu, RSV etc. so we are not eating inside. We love to dine outdoors and support our local restaurants."

Bruce Bordett "We love and enjoy outdoor dining. Plus we continue to be aware of Covid and prefer to eat outdoors when possible."

Amy Nesta "We all need outdoor dining!"

Marie Sheridan "This is one good thing that came out of covid! I just told my husband as we dined on Baramors patio with our dog that I felt like I was in Paris and we only had to go down the street. We have definitely spent more \$ dining out as a result."

Mariah Collins "Give people the option to support restaurants in a covid safe environment!"

Karen Teoh "Outdoor dining has encouraged more patronage of our local restaurants over the past two difficult years, and has added a much-needed sense of vibrancy to our community. Please make it year-round and to stay!"

Eva LINDNER "I love the Terrasses and outdoor spaces in Newton!"

Joseph Gitter "I believe it supports local businesses and adds vibrancy to the community. So many good restaurants closed during the pandemic, we should do what we can to support them."

Christine Burton O'Neill "I live in Newton and love being able to dine outdoor. It allows me to support our local businesses!"

Howard Sholkin "I need to eat outside in all weather due to a health condition. The more outdoor spaces the better"
