The Gath Pool is situated within the Russell J. Halloran Sports and Recreation Complex, a.k.a. Albemarle Playground (Currently under Improvements Design Phase through separate CPA design funding). The property is owned and operated by the City of Newton under the care and control of the Parks, Recreation & Culture Department.

Gath Pool is the sole public outdoor swimming pool for Newton's +85,000 residents. The pool also serves many non-resident guests. It welcomes 30,000 users per season. Newton Parks, Recreation & Culture (PRC) has managed Gath Memorial Pool since it was constructed nearly 60 years ago. During summers, the pool is used daily, hosting swim lessons, summer camps, recreational and lap swimming, Special Athletes programs, senior programs and the City's coed Bluefish Swim Team made up of 200 members ages 5-18. Gath Pool also hosts the annual Summer Suburban Swim League regional championships with teams from 12 nearby communities and over 5,000+ visitors.

Neither the pools nor the bathhouse meet current ADA or MAAB accessibility guidelines; the 60-year old pools, deck, systems and equipment are past end-of-life; the pool leaks significantly; the decks are tripping hazards, marred by cracks, drains and other infrastructure; there is a need for more lap lanes.

Over the span of the past 16 months (September 2021 thru January 2023), the Parks, Recreation and Culture Department (PRC), in concert with the Public Buildings Department (PB) and with support of the consultant Bargmann Hendrie + Archetype, Inc. (BH+A) herein referred to as "The Team" has managed a series of Community and focus group meetings to seek input from a number of stake holders including, the Friends of Albemarle, Newton Bluefish, Commission on Disability, Conservation Commission, and the Parks and Recreation Commission, Athletes Unlimited, along with members of groups representing the LGBTQ+ and 55+ community and with much input from Newton Residents as a whole to help steer the direction of the pool improvements. The pool complex evaluation and improvements plan have been funded, to date, utilizing CPA funds for Design Phases 1 and 2.

As a result of continuing to work through the design phases covered by the Community Preservation Act funds, the team has advanced the pool design and cost estimate for construction. The design funds from phase 2 have also allowed the team to get additional input from the Design Review Committee, additional approval by the Parks and Recreation Commission for design changes (December 2022). The changes to the pool design include modifications to separate the pool originally designed into 2 bodies of water in order to meet the needs, demands and expectations of the community, along with improved management of the pool complex. Additionally, the team has been able to refine the designs, providing additional details, critical to the construction of the new pool and incorporate modifications to the existing bath house to ensure accessibility and better flow of both patrons and staff.

The application for funding herein is a request for construction phase funds. This request also includes construction administration funds for the Consultant team, with the intent to begin construction of the new pool complex and splash pad following the Summer 2023 swim season.
